Adel	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Healthy individuals should be encouraged in best hygiene and be extremely careful around people with compromised immune systems. Our hospitals have handled the virus here in Iowa. More people have suffered because of loss of employment and depression and anxiety. It is going to take a long time for the economy to recover so we need to start now.
Adel	Bookkeeping	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Concerned on government overreach
Ainsworth	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Ainsworth	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That we've reopened too soon and we'll have a second wave and be right back where we were in March/April.
Ainsworth	Insurance	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm worried that people are going to disregard social distancing guidelines and we will have a 2nd wave.
Ainsworth	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	All I can say is what dollar figure can we put on one human life? The Governor is trying to please the president and forgetting about Iowans my financials haven't been impacted much but my husband is an essential worker and I still continue to get paid

Ainsworth	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Ainsworth	Sheriffs dispatcher	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Just open everything back up. Too many small businesses are going under.
Alexander	Retail or grocery	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	No state tax for business for 2020 and open up now!!
Algona	Attorney at law. We locked the doors and split the staff, each now working only 2.5 days per week. Attorneys are able to work from home now, but had limited ability before. Things are a little quiet, but we're fine.	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I abhor the idea that our Governor was seduced into making this a political process. Other's died showing how this virus must be handled. Shut down. Use the time to instruct the population and build up resources to deal with eventual outbreaks. Reopen gradually and only after new infection rates decline MATERIALLY and widespread testing AND tracing capability is in hand. Then and only then should people be made to feel they can choose to return to normal association.
Allison	Child Care	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That I will not be able to continue to do childcare any longer due to financial strain. We had 16 children enrolled and we currently have 5 enrolled now.

Allison	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Why are we not following recommendations of the CDC? I am not opposed to slowly reopening, but we have yet to meet the guidelines of the CDC in this regard. I am concerned that people have not and still do not take this virus seriously. The gov. does not help with her flippant comments like wear a mask if you want. What?! Her modeling of behavior post possible exposure is horrendous.
Altoona	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	PLEASE DO NOT LET REYNOLDS OPEN THIS EARLY WE ARE LITERALLY BEGGING
Altoona	Construction	My life has been impacted a lot		My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly	Be a lot more deaths I don't think anything should open until it has leveled out for about 3 weeks.
Altoona	Transportation	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Altoona	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Small businesses should never be forced to close! Churches should never be banned from gathering. These are totally unconstitutional orders.
Altoona	Education	My life has been impacted a lot	My workload has remained about the same		More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Altoona	Construction	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly

Altoona	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I cannot believe the unconstitutional orders that Iowans have allowed! Freedom over fear people!
Altoona		My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm extremely concerned for my families health & others, especially since we are at high risk. It's ridiculous to have opened up so soon, without getting a handle on the virus. With the numbers still going up & not flattening out. My friends have lost 6 loved ones here in Iowa. This virus is not a joke. People need to take it seriously!!
Altoona	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	
Altoona	Theme park	My life has been impacted somewhat	I have become unemployed	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	My concerns are 1. Economic and financially o don't believe the virus has the numbers to warrant it. 2. Our constitution and liberties are being crumpled.. 3. Mask are not helpful and are dangerous
Altoona	Retired	My life has been impacted a little	My workload has remained about the same	My financial situation is better than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	It is a fluid situation that critics play armchair quarterback with. Thankfully Iowa is doing well. Instead of criticizing, this is a time for each of us to encourage one another.
Altoona	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	How does school safely and successfully reopen in the fall? The current recommendations by the CDC aren't realistic.

Ames	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Ames	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My biggest concern is for meat processing employees and those who live and work in congregate care facilities.
Ames	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Ames	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	There's too much conflicting information. People don't know what to do. We are going back to "normal" too fast and we will have a big impact in the future. Why can we work and not see family? Why isn't the government taking care of it's people? Governor Reynolds is trying not to pay unemployment benefits, but it's going to backfire. She should not be counting on us to "responsible" when she can't even tell us what that should look like.
Ames	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Ames	ISU Extension	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	People are not taking precautions seriously. Testing has been done poorly and not consistently. More tests need to be made

Ankeny	Live Entertainment	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I'm concerned the unique nature of the live event industry and the catastrophic losses we're incurring are being completely overlooked. We were the first industry to be shutdown and we'll be last to open, yet we're not even a category listed on your form? There has to be more financial resources made available for the seasonal live event businesses that are facing a year of ABSOLUTELY NO REVENUE as a result of the restrictions that have been set. Once restrictions are lifted, we will not bounce back like other businesses, because our calendars are already bare due to cancellations. From March 10 through today, we've had 73 event cancellations, representing 88% of our income for the year. Why are companies like mine being completely overlooked? What will it take to bring the spotlight to the dire outlook for our industry?
Ankeny	Financial Services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned the governor is doing Trump's bidding vs what is right for the people of our state. In lifting restrictions before the peak she has caused confusion, worry and appears to be not listening to Iowans.
Ankeny	State Employee	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa		If people act responsibly it will be fine
Ankeny	Retail or grocery	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Let's get on with life....too many freedoms and liberties are being taken away. Open Iowa up

Ankeny	Retail or grocery	My life has been impacted a little	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Only one main concern. My family and I still plan on social distancing as a precaution through the next 2-3 months. As school returns, and I have a Junior High student in my household, what are our school systems doing to help our students? I believe social interaction is just as important as the educational material students are required to learn. I am interested in hearing the plans of our communities as we navigate through this next chapter of Covid-19.
Ankeny	Retired	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Much stronger language regarding wearing masks. Much better preparedness by the city/counties. More info from the county/city emergency Management's to better reflect what they need/want from the state. Not interested in hearing what the governor thinks as much as those who deal with the issues daily.
Ankeny	Stay at home parent	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I think our testing rate has failed to quickly, and *early* discover where the virus was active so people could be isolated and community spread minimized. It seems like we're reacting instead of being proactive.
Ankeny	Technology	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Don't open too early. Medical professionals have warned against this and yet we are opening the state.
Ankeny	Technology-IT	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Economic disaster worse than Great Depression

Ankeny	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I had Covid-19 in February via community spread. I kept being told I did not because it wasn't in Iowa until March. I was bounced between 211 and my doctor's office only to be told to call the other to inquire about being tested. I was not able to get tested. So, I had an antibody test which proved positive for antibodies. Testing needs to be expanded, treatment free, and people who have survived it need the most recent information regarding its effect on the body. I continue to struggle with fatigue 3 months after infection. I also feel financial help is needed as it takes a person a significant amount of time to recover. I have never been this sick before and I had a mild case.

Ankeny	Retail or grocery	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned that we as citizens do not have authentic and truthful information. The information given to the public is misleading this giving a false sense of security. In my humble opinion doing do further endangers Iowans. There is a lack of urgency. People don't seem to be taking this seriously and I fear we will be heading down a very dangerous path. It will be as if we never took steps at all. Masks should be REQUIRED in public places for the safety and well being of all. This virus is not going away. Therefore we DO need to educate the public on how very important it is to act responsibly. Yes, I agree we need to get businesses open. However, the messages from ALL OF OUR LEADERS, at the state and local levels need to be consistent. We need to be talking about how WE AS IOWANS should act to protect and serve one another during this time. IOWA IS BETTER THAN THIS!!!! IOWANS ANRE SUPPOSED TO CARE ABOUT IOWANS!!!! Do we want a repeat? Why do we have to lose more lives

Asbury	My husband and I crop farm over 5,000 acres. We are busy with planting season. We hope we stay in good health, so the crops get planted. We also hope there isn't a supply/demand issue later this year. In addition to farming, I work full time in sales at a	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	One concern is if we lift restrictions too quickly we may cause outbreaks that we don't have the resources to manage. Not only will lives be lost, but the economy will suffer even more than it already has. A second concern is that we don't know enough about this virus. We are now seeing younger children being effected by something related to COVID-19. We have a 3 year old, so this hits home for us. I have a lot of frustration with all the noise that is out there. There seems to be so many conflicting approaches to handling this problem at hand. Our President says one thing, Governors are saying another thing, and companies seem to be playing by a whole different set of rules. The confusion it is causing is deadly.
Asbury	Retired.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Since we are both retired with multiple pre-existing conditions, we are fearful of contracting it. We think the federal administration has botched the whole thing. Not much better on the state level. We worry a lot.

Asbury	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Pandemic has showed us how vulnerable we are economically to a pandemic. There is no economic safety net for many in a pandemic. We should have something-not sure what but we should have something. There seems to be no plan or plans patched together with no thought about what stays open, what stays closed, how schools will deal with a closing.... Also, we need to trust the experts, not politicians to navigate pandemics.
Asbury		My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I realize the economy needs to be restarted, but I feel it isn't a one size fits all. The virus is still spreading in some counties and hardly affected others. I think it should have been a slower opening in those counties. If the virus continues to spread will we be told to shutdown again? I wonder how far will it have to go before the governor steps back in.
Atalissa	Symphony Musician	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not enough testing. People not taking the pandemic seriously- not wearing masks and not safe distancing. Thinking that urban centers are at risk but not rural areas. Not listening to our health specialists, making ignorant statements and bringing politics into the equation. Ignoring the science. This is a scary time to be a senior citizen!
Atalissa	Education	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	As a nurse in the school systems, I am not "working" but still being paid. I am keeping up on COVID and the recommendations and guidelines we will need to follow.

Bennett	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Being a widow and a mother of a senior in high school and a senior in college it has been a financial struggle. Rent still needs to be paid by my college student and she lost both her part time jobs. While I understand the stimulus money can't benefit all involved I still have a senior in high school who doesn't qualify due to being over the age of 16. She is home full time and it probably costs more to have her home but yet, I don't qualify for extra stimulus money. I feel fortunate as I have been able to work full time and consider myself as having a respectable job. Helping my college student out has been a priority but also has put a significant dent in my savings which is frightening as I won't have a backup. Please don't get me wrong, I do appreciate all that I have and the help that has been offered. I do get a little bitter as I assist people daily and see some individuals who choose not to work getting assistance beyond what I make.
Bennett	Manufacturing	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Employers not heeding CDC guidelines and not keeping their employees safe. Some employers are not requiring masks and other safety measures like temperature checks and distancing measures. Easy access to testing. The requirements to get tested are too stringent, even if your sick you may not be able to have a test. Also, the reliability of testing.

Burlington	Restaurant or hospitality	My life has been impacted a lot	I have become unemployed	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>I'm concerned that when I'm recalled to a very busy hotel-destination complex a huge influx of people will cause the virus to spread needlessly. In summer we regularly see hundreds of people a day in our facility. The idea is terrifying during a pandemic.</p> <p>I'm concerned that a simple extra \$600 made my financial life so much less stressful. Now is the time to start raising minimum wage. The impact is huge! I feel like I'm single handedly keeping local businesses afloat with my new found spending power. Imagine if this were all the time? That I wouldn't be worrying whether it was the power or the water shut off this time. My spending power is good for the economy.</p> <p>I'm deeply concerned about kids and schools. We have to find a way to give them the social play aspects children need while balancing limited education (it's impossible to fully learn online as a 2nd grader) and everyone's safety. What are the guidelines and what is mandatory for school districts for the fall regarding safety?</p>
Burlington	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The Governor has done a horrible job with this. Our numbers continue to rise people aren't taking it seriously because we have zero leadership.

Cedar Falls	Registered Childcare provider	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>My biggest concern is children becoming ill, both my children and the children I care for.</p> <p>My next worry is me becoming ill. Even though my income has been much less than normal since mid March some income is better than none and none would be financially devastating for my family. Unemployment didn't provide much help for the weeks I had to close because IWD based my unemployment on the income of a second job I held for four months in 2019 and quit in January of 2020. The job was extremely part time and my income from self employment during all of 2019 and 2020 is much more than the small amount I made from the second job.</p> <p>My third concern is how long it will take for the enrollment at my home daycare to return to sustainable levels. I currently only have a few children enrolled and my income is less than 1/3 of normal. Additionally, the cost of providing care is higher and I work longer hours. If more help isn't provided I will have to close permanently.</p>
Cedar Falls	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>I'm concerned about racial disparities, especially when it comes to access to healthcare and PPE as well as the economic impact being more severe for Black families and families of color.</p>

Cedar Falls	homemaker	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa won't lift restrictions quickly enough	My main concern is that we have lost sight of the original intent of the "stay at home" stuff. It was to flatten the curve and buy time for hospitals to get ready. That messaging from many areas has changed to "until we can beat this" or sort of a general "to prevent people from getting sick at all." We are going to, nearly all of us, get this virus. It is unreasonable to keep "two more weeks"-ing this. If the curve has essentially stayed low-ish and the hospitals and clinics are not completely overwhelmed I am concerned that we will continue this stay at home behavior and hurt ourselves in other ways... not just the economy. Mentally. Psychologically. Socially. Other health issues not being addressed. That sort of thing.

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
Cedar Falls	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The pandemic has made current inequalities worse. By the state's own data, minorities have suffered over three times as many Covid-19 infections as their proportion of our population would indicate. This seems to come from their jobs in meat processing plants, so the state needs to enforce safe working conditions. This is also critical to maintaining a market for Iowa's hog and beef farmers. In education, inequalities are being exposed: the lack of broadband in rural areas and in low-income homes means that those students will fall further behind. We've talked for years about expanding broadband, let's do it. We will need smaller class sizes, and summer school, to help students catch up in the coming 4-5 years. The students who will fall behind will hurt our economy too. Iowa's public health program needs strengthening; the same for mental health because of stress caused by the pandemic. We need to restore the ombudsman program overseeing nursing homes. Help rural hospitals.
Cedar Falls	Retail or grocery	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	How do we address people who have not been fired or furloughed- people who have illnesses/asthma/preexisting conditions who are still employed but haven't worked in months due to self isolation (because they can't afford to get sick and die) - I haven't been payed since the stimulus check went out.

Cedar Falls	retired teacher work as poll worker and 4-H fair judge	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Concerned school will open and there will be a surge. Concerned travel will bring more cases. I think if people were successful working from home that they should continue to do so for the foreseeable future.
Cedar Falls	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Note: I feel the government responded appropriately until we reached the peak. It appears as though there is a misconception about that the "peak" means. This does not mean we're in the clear, but that we will now begin to see a decrease in cases/deaths over the course of SEVERAL weeks. I feel that we have re-opened too quickly and fear that we will have wasted the progress that was made.
Cedar Falls	Education	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Many institutions were not prepared. Online learning at public schools were late, confusing and students were not given a consistent message of expectations.
Cedar Falls	Construction	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Losing certain liberties and freedoms as well as businesses that have been impacted negatively.
Cedar Falls	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned that the greed of the wealthy is being put before the lives of many of us. I do not trust any of the information given to us by state or federal government.

Cedar Falls	Art Center (City employee)	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	City budget cuts and the financial stability of my community/fragility of my job. Also- the lives that are yet to be lost to the virus after reopening
Cedar Falls	Restaurant or hospitality	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Cedar Falls	Retired.	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am really concerned that the Data is at least a week behind Blackhawk county. They consistently show numbers that are 200 - 300 below what our County officials are reporting. It makes me wonder if this is happening with other Counties data and if it is intentional and why it is happening. The only rationale I can see is they are manipulating the data to show improvements that are not there.

Cedar Falls	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I thought the State of Iowa Government handled the crisis well. Unfortunately, some employers did not handle the crisis in a respectful manner, and suddenly Black Hawk County has some of the worst numbers in the state. The government needs to investigate the Tyson plant, determine what went wrong, and hold them accountable. Tyson's negligence has a profound impact on the entire community, including public schools and UNI. Their actions or inactions may keep schools from resuming face to face in the fall. Huge problem for working parents.
Cedar Falls	Staff at higher ed	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Cedar Falls	Skill trades at John Deere	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I feel some employers are taking advantage of that tax funded clinics. I also wonder how a person working part time making \$80 per week before pandemic, but when unemployment they are pulling in \$700 per week?
Cedar Falls	Retail or grocery	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned as a new teacher how lifting restrictions too early will impact the school system. We are already 10 weeks behind, what will happen if we have a second wave of the virus?
Cedar Falls	Retail or grocery	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	What the rest of the year for school will look like based off various different consequences.

Cedar Falls	retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	It was no surprise that the meat packing industry had such a terrible impact. Many employees are non-English speaking and desperate to have employment. Likely many did not even know their working conditions were going to cause problems. One good thing about the pandemic is that it has forced the meat packing industry to clean up its act. The industry is impacted by so many other factors. Farmers depend on it to have a market for their animals. The measures taken should not be allowed to return back to previous working conditions. I can understand wanting to open up businesses to move along the economy but it is scary since there are so many people who do not take it seriously. I am leery to get back out to restaurants and other businesses because so many are lax. I am in a vulnerable group (elderly) and likely would not do well if I were to contract the virus. Think I will be staying home for awhile longer.
Cedar Falls	Usually watch granddaughters but not during pandemic	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Watching people go into stores without a mask is scary. As things open up, I will be expected to keep appointments that I'm not comfortable doing. I will still not go into stores for awhile.

Cedar Falls	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned about how school will be handled in the fall. I'm also worried about how we might better handle effects of a virus or other outbreak in Senior living situations.
Cedar Falls	Retired	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly	Our leadership.. a clone to her party.
Cedar Falls	Marketing Graduate - unemployed	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Passing it to someone with an underlying condition or an elderly person. The new case studies that include the effects on children. The possibility of over-whelming our hospitals and medical personnel.
Cedar Falls	Manufacturing	My life has been impacted a lot	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	
Cedar Falls	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I think the Governor has done a good job of managing the Covid-19 pandemic response in Iowa. I applaud her for not instituting a statewide shutdown since it would not allow the flexibility that I think is important. I do believe we have an individual responsibility to be cautious and observe safety protocols.
Cedar Falls	Heating & Air Conditioning Technician (Kent Ward) Homemaker (Stacey Ward)	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We have lost respite care options since the pandemic has begun (mid-March) for our son with autism.

Cedar Falls	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Now that we have all mastered the electronic meeting, I'd be in favor of more of them to eliminate the driving (time, expense of gasoline as well as the environmental harm). Also, the electronic meeting has allowed me to wear everyday clothes and not need to dress up.
Cedar Falls	Homegoods craft business	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Without MANDATORY mask wearing & social distancing Covid19 won't go away and cases will keep rising. The state of Iowa only provided sign language in press conferences in a state with many immigrants w ESL challenges. The GOP seem to value hogs over humans (see Tyson debacle). It's unbelievable that the governor is opening up salons, retail etc this Friday. We haven't met our goals and she's opening everything up. The IA GOP claim they are pro family and "prolife" and their cavalier attitudes about the lives of Iowa workers and their families has shown me that those platitudes were as empty as their promises to help Iowans.
Cedar Falls	Marketing / Advertising	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Concerned we'll see greater community spread happening and the governor lifts what limited restrictions we had too soon.

Cedar Falls	Education	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>I am worried about what school will look like this fall. Too many kids don't have internet and need a classroom setting. They find it hard to get the help they need without human contact. Special needs kids are really struggling, and for many more than we want to admit, school is their safe place and the place they get fed. Staff members also need to be safe. Many are getting older, and even many younger ones have compromised systems.</p> <p>I also worry about daycares. They are so needed, but many are closed right now and that forces people to not work. The ripples in the pond just keep going.</p> <p>I am also concerned about the self centered people who refuse to wear masks and still insist this is no worse than the flu. I hope they stay away from their old people.</p>
Cedar Falls	Education	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>That this is just the beginning of a series of human, environment disasters that will follow in succession making it impossible to develop a sustainable human civilization. We are out of time, we can no longer afford political gridlock and gamesmanship.</p>
Cedar Falls	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	<p>Make mask mandatory in public!</p>

Cedar Falls	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Now that basically everything is open, I'm concerned about a resurgence of cases, especially since Black Hawk Co. is a hot spot
Cedar Falls	Librarian	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I have many concerns. We won't be safe in public until a vaccine is readily available. I am over 65 with immune system problems.
Cedar Falls	Manufacturing	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Summer is pretty well shot anyway. I hope that the early open does not stop fall sports. The loss of college football to universities would be devastating. Delaying open to insure football season would be the correct decision. BUT - if we are to open, FACE COVERINGS WHERE INDOORS SHOULD BE REQUIRED!!!
Cedar Falls	Retail or grocery	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Cedar Falls	Restaurant or hospitality	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Biggest concern going forward is honesty and not panic at the city, county, state and federal levels. By the fall we need to have the testing in place all over in order to go back to school, sports, etc. knowing that as soon as a case pops up we can test and contain that school, business, city but in a calm and rational manner. Having set protocols in place to me is the key. I think we all assume that there will be a second wave this winter but we should be better able to handle it if testing is in place so we don't have to go through what we did the last 8 weeks.

Cedar Falls	Retired. We have found we spend less money, so in reality weâ€™re better off financially (going back to the previous question) but we are giving more to charity right now.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Reynolds has had good and bad points made and good and bad handling of this, making me mark that she has done well. I am a strong Democrat, but have tried to look at this from both sides. My heart breaks for those w/o jobs and canâ€™t buy food for their families. There has to be middle ground and in most ways I think she has found it. Wish she had closed Tysonâ€™s. Wish she had been more aggressive at the beginning. There is nothing we can do to change what happened in Black Hawk County, so I guess the rapid testing and belated response were better than nothing, which is what some areas had: nothing! Since weâ€™re retired and since I have someone here to talk to and interact with, we are doing okay. I feel for those isolated, or those with mental illness and addiction issues. This has to be for them. Iâ€™m glad we have summer to adjust to this new life style. Winter will be harsh, since we are distancing for the duration.
Cedar Falls	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Iâ€™m concerned for the safety of students and staff when we return to school. Iâ€™m concerned that we wonâ€™t be able to offer courses in the arts when we return to school. Iâ€™m concerned about the well being of our families who are trying to juggle work and kids.

Cedar Falls	Retired electrical engineer.	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	<p>The pandemic harmed me economically multiple ways. My stock portfolio has lost value. My pension will lose value to inflation. Large national debt hurts everyone. Lost tax revenues must be replaced.</p> <p>Four ways to end the pandemic: 1) Mitigate so well, the virus disappears. That isn't working. 2) Wait for a vaccine. That will take much too long. 3) Develop therapeutic treatments that work so well we no longer fear becoming infected. Hydroxychloroquine and zinc sulfate have synergy. 4) Let the disease run its course. Already approximately 15% of the US population has developed immunity. I prefer a combination of 3 and 4.</p> <p>At the first diagnosis of infection with SARS-CoV-2, as an outpatient, take the following pills: 200 mg hydroxychloroquine twice per day for 6 days 250 mg azithromycin once per day for 6 days 220 mg zinc sulfate once per day for 6 days In the unlikely even the above doesn't work or if hospitalization is required, switch to injections of remdesivir.</p>

Cedar Falls	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	My main concern is the lack of testing. I know every state has had trouble with this, but it is absolutely critical. We can't contain the problem moving forward without more widespread testing. People are going to go to work sick (even in high touch professions like hair styling) because they can't afford to miss two months of work for a mild cough and there is no way to find out if they have COVID (no one will test them). We also need to get people going back to the doctor for routine care and surgeries.

Cedar Falls	Real estate sales. At first, the pandemic slowed the market down. We tried to navigate how we were to do things. I think we have it worked out now and people are buying again.	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I wish everyone took safety precautions seriously. It is difficult seeing some people be very careful then others being very lax.
Cedar Falls	Construction	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I think the Governor has done a pretty good job managing this. I'm certainly glad I don't have to make those decisions. I do think we are smart people, but will anticipate a rise in cases as people go back out into the world during this. It has turned into a political issue, as with so many of decisive issues. It's unfortunate that science does not have the credibility it once had in our decision making process. I do not think this was handled well at the Federal level and some of which could have been avoided had we maintained funding for the programs designed to combat or stay ahead of global pandemics/infectious diseases. I hope the state considers local reimbursement for cities for lost revenue from RUT, LOST, sales tax, etc.

Cedar Falls	Education	My life has been impacted somewhat	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa won't lift restrictions quickly enough	<p>The governor said that people should not go to work sick and the next day Tyson fired people for not going to work. Tyson should have had oversight. Is it because of that law a different governor did about no photos in meat plants...because they don't dare speak up. They sent sick people to Waterloo from another part of Iowa. Their so-called Chaplin didn't check to see if they were safe. What is wrong with them.</p> <p>Also schools need to have funding by enrollment not attendance. Kids are forced to be in school when they are throwing up and sick just for the numbers. I am a substitute teacher and schools are wrong to force sick kids to be there. Also, distancing or masks, not both...really think about it. People are wearing them in their cars! They are going to get acidic and get even sicker. Then you will blame it on COVID.</p>

Cedar Falls		My life has been impacted a lot		My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	My concerns are with the dishonesty within the media and our government; national, state and local. The politicization of this whole thing, that someone has to be blamed and that everyone (in hindsight mind you) could have done a better job. The fear level has been set, and you should be ashamed if you are a part of it. I'll venture to guess the numbers of deaths due to people (seniors in particular) in not seeking treatment for some health issue due to fear of exposure, will match the COVID 19 numbers when they've been corrected due to mis-documentation on death certificates. It saddens me that all in the name of control, or money, or ousting a political party or a duly elected president, that even stimulus initiatives can not be just that. There has to be added benefits that ARE NOT helpful to all the citizens of our nation but are politicians pet projects or for certain cities or states that have created deficits of the black hole nature.
Cedar Falls	Retired from federal employment Jan 3, 2020	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Education will become web-based, with less social interaction.
Cedar Falls		My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Normal Living Costs have risen too much. Prices up on foods, gas, toilet paper, cleaning supplies etc. Many other items necessary to live.

Cedar Falls	I am retired. I cannot answer your question about workload.	My life has been impacted a lot		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	How will the pandemic affect health insurance coverage for all ages and economic groups? We badly need national leadership to bring everyone together, to inspire. Donald Trump's order to open meat plants emphasizes one element in our food supply while ignoring large increases in virus cases and deaths caused by open meat plants. We can be well-fed without steaks, hamburgers, and porkchops. How about helping independent livestock growers and the vast number of cattle and hogs trapped between growing and going to market?
Cedar Falls		My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa		
Cedar Falls	Retail or grocery	My life has been impacted somewhat	I am busier than before	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It would be nice to have a cohesive, united and definitive plan for counties or regions moving forward. That way, the population knows what the expectation is and what to expect when sharing public space and going about daily business.
Cedar Falls	Technology	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Do not mandate vaccines for school attendance! Do not force any vaccine on the population.

Cedar Falls	Manufacturing	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	More verbal encouragement for the use of masks by all by the governor would be helpful. The light hearted everything will be ok if we just open everything up and pretend its all ok again is not helping Iowans. Cases have not stopped increasing, we may have flattened the curve, but the curve will turn upwards steeply in the next few weeks if more Iowans don't do their part to limit the spread. This is where the leadership of our state govt has to step in to say its on all Iowans to wear masks, socially distance, and that all these informal social events and get together need to stop until we have a clear path through this. I hoped this pandemic might bring all sides of the political spectrum together in a fight against a common evil, yet it's been politicized and the split feels worse than ever out in public.
Cedar Falls	Education	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned the governor is not listening to our great scientists at the U of I. I am also greatly concerned that she is giving contracts to "friendly" people and Iowans are getting substandard goods. I get the feeling following some scientists at the U of I on Twitter that they have been told not to be too strident in contradicting the governor. Would like to see a FOIA of emails from the IDH and U of I. Also to get to the bottom of whether or not the tests we bought are functional or whether there is a work around.

Cedar Falls	I am a registered nurse employed full time as a professor in a college of nursing.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I am concerned about the availability of affordable, accessible testing for active infection and for antibodies. I am also concerned about developing an effective vaccine. I am concerned about contracting the virus and becoming very ill and dying.
Cedar Falls	Education	My life has been impacted somewhat	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I wish more effort was put into dealing with it versus waiting to see what happens. We should have invested in PPE and infrastructure for businesses and individuals so that people could more safely resume some levels of work. We had plenty of warning in this country to do something/get ready and have State adaptability plans ready to go. Instead we were woefully unprepared and the economy suffered because of it and no other reason. We are in a rural state where people are not jam packed in, so we could easily address the sites where people are at higher risk for disease transmission. But it is too late for what could have been done and we need to focus on what we can do now. This will be living with this disease for many months if not more to come. So let's see how we're going to fairly disseminate vaccine if it becomes available, how are we going to get everyone protective gear so we can still work at some level, What NEW businesses plans and farmers and Corps going to make?

Cedar Rapids	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	A concern of mine is that people that have previously tested positive for COVID are being told they are "cleared" after being asked questions by the public health department rather than an actual scientific test. My grandmother lives at Heritage Nursing Home in Cedar Rapids and she tested positive and was "cleared" on 5/8 by LCPH. She then went to the hospital after falling out of bed on 5/11 where she tested positive again. I know there has been a lack of testing available all over but I don't understand why someone would be cleared just by asking verbal questions, especially when they reside at a location that has had over 100 people test positive and over 20 people die in the last 2 months. Heritage Nursing home was understaffed before COVID-19 and now I worry about my grandmother's care even more due to decreased staff. They don't answer call lights and my Grandma spent HOURS on the floor unable to get up on her own before staff found her. Unacceptable.
Cedar Rapids	Retired.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Lack of shelter in place order which led to increased pandemic exposure and incidence.

Cedar Rapids	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I have concerns about education support and funding. My first concern is about the safety of staff and students if or when we return and to make sure that those decisions are based on science and not politics. Secondly, we already had a mental health crisis before the pandemic. We need to drastically increase our funding and support for the mental health needs of our students and families as those needs are much more urgent than ever. Thirdly I worry about our state's diminished revenue and how this will affect school funding. I worry about drastic cuts to our K-12, community colleges and 4 year universities. I feel very fortunate that I have continued to receive my salary during the pandemic as well as receiving a stimulus check. But so many Iowans have not gotten any relief at all. My significant other is an independent contractor. He has not received unemployment or a stimulus check even though he has done all the required paperwork and followed all the steps needed.

Cedar Rapids	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My personal financial situation has not been impacted. From a work perspective the amount of money we have invested in PPE (which is necessary to protect the people we support, our employees & other stakeholders (including the community at large) & in OT (due to many staff not working for a variety of reasons - afraid, underlying health issues for them or someone they live with/care for, child care issues, etc.). I am also very concerned that to date human service providers have not seen financial relief (retainer payments for closed day programs, rate increase for additional costs/expenses associated with COVID-19 & to increase staff wages for the risks associated with their job as a caretaker). As far as how the govt has handled the pandemic human service providers should have seen some sort of financial relief by now (since day programs were closed 3/17/20 & a lot of money has been lost &/or invested). It's important that Iowa not slip backwards with increased COVID-19 cases.

Cedar Rapids	Retail or grocery	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	We have struggled through keeping our business open as an essential business. Employees are getting sick, trying to figure out what their symptoms are, COVID or not, exposures, etc. Took weeks to navigate the PPP Program. I am luckily working from home but don't trust the managers to make good decisions to keep sick employees at home, so my future at the business my family runs is in deep peril, and I have no idea what I will do if I chose not to go back. (Others in our business do not take this situation seriously enough and I do not have enough pull to overrule them, even with laws and situations that should dictate differently). I think people should social distance themselves but seems like there are what I can only call many ignorant people out there. Personally think anyone in the government has a tough job right now and sad to hear the attacks on Governor Reynolds. Not every decision is right for everyone, but think she is doing a good job weighing the overall best for all

Cedar Rapids	home school parent	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	<p>I am concerned for the emotional / psychological toll that the shutdown is having and will continue to have, in particular for people who live alone, are elderly, or have mental health struggles. People need face to face interactions to remain healthy. My family is doing well compared to many others, we are blessed with health and children that we love. But this is still a very hard time. We are not used to isolating from friends and extended family. I think that there needs to be a way to encourage healthy and necessary social interaction, rather than banning it.</p> <p>I also have concerns for the economic effects - which are not just financial - but these also affect people's emotional well being - as people need to be productive and have daily purpose. Iowans need to provide for their families by their own work. Iowans want to have jobs and independence. Iowans need freedom of movement. We need to reinstate the rights of Americans starting in Iowa. Thank you for considering this.</p>

Cedar Rapids		My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My husband's employer depends on travel. Once the PPP money is gone, he will lose half his income. We will be ok, because we have planned well for retirement, but it's not what we pictured. And we are so much better off than many. I am frightened. And then there is the virus. If we get it, it might not be bad or it could kill us. We have to reopen cautiously.
Cedar Rapids	Construction	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not enough testing and not enough tracing.

Cedar Rapids	I am my 97 year old Mother's care giver. She lives in a long term nursing home 4 hours away in NW Iowa (our hometown). I was in the process of applying for Medicaid for her when she went into Hospice care on April 29. I see Mom once a month (1/16 & 2/1	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Continued from above: I understand the reasons for the restrictions, however, it's made it extremely difficult for me to complete these forms as the VA office is closed. I do not have a printer, scanner, and I cannot sign anything electronically. My mother has only been receiving benefits for a year and a half and why would anyone do something like this in the middle of the pandemic when many are struggling financially? My mother would've qualified months ago if this VA survivor's benefit was going to be denied. I know this is a Federal issue & not a state issue but you asked. It's enough to deal with my family's loss in the upcoming days/weeks and keep everyone informed without having to deal with the VA's paperwork. FYI- the Medicaid paperwork was a piece of work in comparison and was able to find the help locally and state wide when I had questions to complete this process. Thank you for asking and hearing what's happening with your constituents.
Cedar Rapids	I am not employed. I am a person with disabilities. My spouse works in technology and has gone into work throughout.	My life has been impacted a lot		My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned about the lack of testing, the lack of PPE, the lack of clear guidance, the lack of real data to make informed personal decisions regarding my health and safety and that of my family.

Cedar Rapids	Medical billing.	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>I'm concerned I will die because of someone else's carelessness - I'm high risk and have left the house only twice since March 17 for doctor appts. I care about my friends who have lost income or are overworked as essential staff - most of them don't have health insurance through work and can't afford medical bills anyway. I worry about my family and neighbors who have kids who need to learn and grow while parents have to figure out how to be everything to everyone.</p> <p>We could alleviate this with UBI and universal health care. The benefits outweigh the costs. I have received SSDI and Medicare so I have experienced similar social programs first hand. While my health problems were difficult, I would have been homeless and shortly thereafter dead were it not for that support. It enabled me to get the help I needed to recover and go back to work so I can again contribute to society.</p>

Cedar Rapids	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need Medicare for all so that everyone has access to healthcare. No one's insurance should be tied to employment. We need mandatory paid sick leave so that people can stay home when they are sick. We need expanded unemployment benefits so that no one falls into chaos if they lose their job. And we should seriously consider a Universal Basic Income. Also, tipped workers need to have the same minimum wage as everyone else. Also I believe we should implement a long term hazard pay plan for all employees deemed Essential during a crisis.
Cedar Rapids	Transportation	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need extensive testing available to Iowans if we want to reopen
Cedar Rapids		My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Lots of conflicting statements and decisions from the governor. More transparency needed about how decisions are made. Taking into account people's LIVES instead of only looking at numbers. Not following policies laid out by the CDC...opening places before number of cases is declining. Why is it that political leaders WILL NOT follow practices they suggest... masks?...social distancing?...isolation after exposure?
Cedar Rapids	Retail or grocery	My life has been impacted a little	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough

Cedar Rapids	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	How are we going to make this easy for schools? Realistically Elementary students will not be able to follow guidelines all the time this putting even more on our teachers being sure they are keeping 30+ students in their classrooms healthy and still meeting the standards of teaching and being there for their students. Ask a teacher...more teachers...and more..do not make a decision if you have never been in their shoes...
Cedar Rapids	Retired	My life has been impacted a lot		My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Three thoughts: 1) Wearing a mask in public should be more than a recommended behavior. Masks should be required in all enclosed areas (stores, offices, public spaces etc - except while actually eating in a restaurant) 2) In many ways essential workers were actually expendable workers - in the sense that hospital staff was required to work with very limited PPE, and employers (particularly packing plants) were not required to provide a safe work place. There should be no limited liability for places of employment. 3) With regards to unemployment compensation, employers should be required to prove the work place is safe, not the employee prove the work place is unsafe.
Cedar Rapids	Restaurant or hospitality	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	more deaths will occur in LTC's and we need more testing available

Cedar Rapids	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	<p>ALL lives are important. I understand a person who dies from covid 19 (though it is actually very rare) is just as important as the person who commits suicide after losing their business. We HAVE to stop blaming the government, governor, businesses, etc. for "putting lives in danger" by opening up, because just as many lives are in danger (if not MORE) the longer we are closed. I am a small business owner and thankfully have been able to stay open, and maintain my business for the most part. I would honestly rather get covid-19 and fight it than lose my business.</p> <p>It is so disheartening to see this public health issue become political in our state and our country. Makes me have so much less faith in ALL of our elected officials, democrats and republicans.</p> <p>Lastly, we all act like we are sitting ducks waiting to see if we get sick. I hope going forward there is talk about how to actually SUPPORT your immune system (which has nothing to do with wearing a mask)</p>
Cedar Rapids	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>We need stricter social distancing and a shelter in place order that is enforced for at least 2-3 months. We also need extensive contact tracing now and moving forward.</p>

Cedar Rapids	Personal and career coach. Much of my work was already done online.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Face masks should be required in all public venues until the virus has subsided - grocery and retail, libraries, hair salons, etc. Restaurants and bars should remain curbside pickup only. It's not enough to tell vulnerable populations to stay home. Everyone is at risk. Do NOT open the public schools in the fall. Too soon. - most importantly BE HONEST with the public. The hospital guidelines were relaxed due to economic concerns, not because it's now safe to have elective surgery.
Cedar Rapids	Retail or grocery	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Cedar Rapids	Manufacturing	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It appears we didn't have a strong plan in how to handle this type of event.
Cedar Rapids	Online machinist training with simulation and curriculum for colleges and high schools. You need to check it out.	My life has been impacted somewhat	I am busier than before	My financial situation is better than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Over reaction by state, county and local governments as CR closing swimming pools for summer or CNX summer fest. Schools need to start on time or early. Time to move on.
Cedar Rapids	loss of mystery shop jobs. My boyfriend lost his job	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Open people to scams

Cedar Rapids	Economic development	My life has been impacted a little	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The testing is the biggest problem. I have been identified as a probable case of Covid but have had no luck getting a test through my doctor or test Iowa. That needs to improve drastically moving forward.
Cedar Rapids	Retired.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My main concern is for my son who has a heart condition who spent weeks staying home from a job, without pay, who has now been forced back to work. He works for a call center--how is this an essential business? They've been open the whole time! He is having to provide his own sanitizer and is not even able to work at the same desk/computer every day, upping the possibility of infection. Also, the Test Iowa site is a joke. There should be some provision for storing a person's information from week to week so that the same information doesn't have to be re-entered every time. People who remain without symptoms shouldn't have to check in every week, because they're just going to be told they don't qualify for a test. Just let me know when you're going to start testing everyone, especially if you're going to test for antibodies. My husband and I had walking pneumonia in January with a bad cough. What if it was really COVID-19. Will we ever know. We'll stay home, Gov. Reynolds. Too many dead!

Cedar Rapids	Currently unemployed and have been for six months.	My life has been impacted somewhat	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	One concern that I have is how information that is getting disseminated to both public officials and the public. IDPH and the governor's office is doing a poor job of releasing for example in terms of cases at LTCs/residential care facilities, employers, breaking the data down to zip code or even election precinct (Linn County Public Health has done this). This information can be broken down to a level that still satisfies HIPPA and privacy requirements. I also hear that local public officials are having issues in getting this data as well to allow them to make good public health policy decisions. Another issue that comes to mind is how the governor is handling unemployment, in that she is telling people that have to report if called back to work, or risk the loss of benefits. There are ways around this, but this needs to be addressed as well.

Cedar Rapids	Retired educator. Secondary Husband retired elementary teacher/educator	My life has been impacted a lot		My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	The attitude of America first and only, cost us at least two months that we could have used to get ahead of the curve. Instead, we lost many American lives! I admire Dr Fauci and Bill Gates who have tried to get actual facts to us. Gates has spent billions for the common good. Wonderful example for billionaires to follow. Thanks to Bill and Melinda. I'm concerned that covid got into so many long term care facilities because they relied on temperature only when workers were contagious before they developed a fever. And...as a grand and ggrandparent, Losing precious time to be with adult children, grandchildren, great grandchild.
Cedar Rapids	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	People not wear masks is a big concern.

Cedar Rapids	retired from public health	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The push for the "solution" as the vaccine is my greatest fear. My family has autoimmune issues caused by vaccine damage, so I fear a universal one size fits all vaccine is being developed and will be mandated on all, no matter of their past history of vaccine damage. As a Catholic I am against vaccines being made with the use of aborted fetal tissue and I think most all under study/produced/tested are using that platform. I think forced mandates of testing, tracking, aggressive followup will be over used and we will lose some of our freedoms. We are not Nazi Germany and we do not want to get there but some officials are certainly taking us down that road. After 45 yrs as a nurse and 31 yrs of that in PH, I do respect the serious nature of the virus and the need for followup and tracking, for decreasing the disease spread, but I see many inequities. Group Homes will not even make public IF they have cases, will notify us by email if an indiv dies and how many housemates are ill!!!!
Cedar Rapids	Retired volunteer!	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	More emphasis on distancing and caution about starting to open things too soon. I have great concern for those not working. 3T may not be enough to assist those some in need.
Cedar Rapids	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We Need Medicare for All now more ever.

Cedar Rapids	pastor of Lutheran Church	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We have not treated the vulnerable well....i.e. meat packing companies; prisons...I know of one instance where someone serving a non-violent 4 month jail term in Cedar Rapids was first transferred to Waverly, then Minn. than Oklahoma, now Indiana. for his final 4 weeks...b/c of virus had to spend time in "the hole" in Indiana without any resources through no fault of his now. This is unacceptable and a terrible waste of tax payer resources....people with addiction issues which he was need treatment or mandatory 12 step programs - not sitting in a jail cell. What happened to the Governor's recommendation that non-violent criminals be given early release vs. being transported all over the country. Need more support for small businesses.....asking restaurants to open with 25% occupancy is costly without any profit. Need accessible health care for all!!
Cedar Rapids	Education	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Open up now, today. 351 deaths does not warrant an economic catastrophe. We have flattened the curve enough. Our hospitals are not overburdened. We need to listen to more than 2 medical professionals on this issue. There are plenty of doctors out there who disagree with the quarantining the healthy as a means to deal with a pandemic. We do not want government handouts; we want to work. We want our kids back in school.

Cedar Rapids	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The governor is listening to the Republican cronies and not scientists in re opening our state risking our lives
Cedar Rapids	Manufacturing	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We are opening up too soon and will pay for it dearly. I don't trust Kim Reynolds to manage this problem in Iowa. She has been drinking too much of the Trump koolaid and has put many workers at risk.
Cedar Rapids	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	At the state level I would like to see a more detailed process for opening businesses, for instance, dental offices and similar operations should require testing before entering. Masks should be mandatory indoors where testing isn't feasible or outdoors where adequate distance can be maintained. It seems a bit reckless to open things up without knowing how soon after being infected people are contagious. That seems like an important data point to design an effective testing process.

Cedar Rapids	Social worker	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I understand the need not to overload the medical field but how is it going to help waiting longer to get back to the new normal? How am I going to be any safer in 4 months? My job requires I go into the home of families to provide support and resources for mental health and just everyday stressors. Talking by phone or video is not the same. Resources are limited and many families don't have the means to do video chat or feel comfortable. I worry that at some point the county may feel my job is obsolete the longer I am unable to do home visits. Resources are scarce to those on a limited income. Financial assistance is also limited or maybe has already been used and can't be accessed again for 12 months. Then what
Cedar Rapids	Retired	My life has been impacted somewhat		My financial situation is about the same	The pandemic has been handled well in Iowa		I think Governor Reynolds has handled this pandemic very well. If I don't feel secure in going to a restaurant, I will not go. We need to take responsibility for our own actions.
Cedar Rapids		My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The restrictions were always voluntary, therefore, ignored by many. Our governor needs to take the lives of people more seriously. Really, is it that comfortable in Trump's pocket?
Cedar Rapids		My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly

Central City	Construction	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am one of the lucky ones who can work from home. But I also have 6 children and have been juggling work and homeschooling. We live out in the country, our internet is horrible. Had to purchase more GB for our satellite and hotspots to cover other devices for school work. Trying to find / purchase creative supplies / activities for my kids to do (painting / art supplies, etc) On top of now paying for groceries for 3 meals / day for all of us now. So many expenses. I honestly cannot imagine not working and trying to cover all of this. I am one who knows there are people out there far worse off than we are. But while I am working, it's still hard. As far as the Governor, why did our tax dollars pay for her to risk her health to fly to D.C., and why in the world did the VP feel it was ok to be here. Very irresponsible for both. Setting the wrong example. And bragging about getting tested all the time when most can't....who need to.
Charles City	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly

Clarence	Government	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa		I did not answer the last question because I believe that the Governor has made the right decisions for lowans by looking at data to lift restrictions and it is up to each individual to make their own decisions about public activity.
Clarence	Construction	My life has been impacted a little	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	The elderly and compromised should have been quarantined and the rest of us continue working with social distancing and masks.
Clarence	Non profit	My life has been impacted a little	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I wish the restrictions on businesses like beauty operators and massage therapists weren't so unfairly imposed. I believe they should have been allowed to remain open with less than 10 people in the room practicing cleanliness and social distancing procedures. To be forced to close completely does not make sense and has devastated so many of their lives financially. I am not affected personally but I know many who are. that I am affected personally by. I do agree with limiting gatherings over 10 until the spread is proven to be under control just not shutting down businesses completely who could operate with less than 10 in the room at a time.
Clarence	Construction	My life has been impacted a little	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I can't even answer the last two days questions honestly, not enough options to choose from. I think it could all be handled so much more effectively and truthful if our politicians could actually work for the people instead of their own agendas. Our country is in a very sad state.

Clarinda	Retired	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	No real way to enforce restrictions put in place. Schools opening too soon without adequate testing
Clarinda	Farm. Dog breeder.	My life has been impacted a little	My workload has remained about the same	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	That small businesses could be shut down while Walmart, big box stores, Casey's, Wind Turbine companies, liquor stores, etc. stayed open as usual. The idea that churches were shut down by the state is a very concerning issue. The idea that a whole country could be shut down just like that when there was not good scientific evidence for such is a harbinger of what can happen to a free society in a very short time. The goal posts were moved multiple times. The shut down was put in place to flatten the curve and allow hospitals and the medical community to get prepared for the possibilities. The original model used was ridiculously flawed and the media ramped up its fear mongering to infect people with a venom that paralyzed people who were not willing to ask questions about why numbers didn't add up or think about how leaders were enjoying power trips.
Clarinda	Retired	My life has been impacted a lot		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I always wear a mask when in public. In my community, I am a very small minority. More should be done to force people to wear masks. If schools do not start in the fall, I wonder if it would be a good idea to have all students repeat their grade.

Clear Lake	Agriculture office work	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Keep the focus on science in regards to decision making and keep it regional or local. Our national institutions can't be trusted due to Trump's influence anymore. Where's the CDC report? How can an administration quash that report which should be public? We need our local leaders to step up and be heard and protect our interests here in rural Iowa since there's a vacuum of leadership (at the very least) in the White House and most of Congress. Governor Reynolds has done a fair job with exception to the handling of the meat packing plants. Business is NEVER more important than people. Thank you for your service to north Iowa.
Clear Lake	Retired	My life has been impacted somewhat		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Information is too contradictory and confusing. No national leadership for a coordinated response. Did Grassley receive money from the help for farmers as other farmers struggle? I am concerned about the safe education of our young people. I have been helping with our granddaughters on line learning so my daughter can go to work.
Clear Lake	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	
Clear Lake		My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Charge business owners opening too early with public endangerment if cases arise or manslaughter if death is involved.

Clear Lake	Church musician	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I have handled the pandemic far better than I have been able to handle the president's bumbling activity! I was sickened at the sight of our governor sitting in the oval office lapping up praise. A pandemic is when you would think good and honest leadership would shine. It has not. I don't consider this so much a reflection on the governor's brain power as on her political ideals clouding her better judgment. Sometimes I wish I could sit down quietly with Grassley, Joni and the governor and just ask them softly if they honestly, deep down, believe in what they are saying and doing. I would decline to sit down with Mr. King.
Clear Lake	Clergy	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned with the reopening that has taken place. We still don't have enough information to truly open up this soon. I don't believe that the governor and those guiding her understand the complexity of this virus. My perspective is that she feels that the loss of life for some of our most vulnerable is acceptable! I also believe that she is drinking the president's koolaid and falling in line with his thinking and not talking with true experts.
Clear Lake	Education	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I would like to see more restrictions lifted in areas that do not have any or very few cases

Clear Lake	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am worried that by lifting restrictions too soon, many will feel it is "safe" and will endanger themselves and others needlessly. We will have more deaths. I also don't think decision makers are considering the long-term health effects of the virus on the body. What good does it do to get people back to work, infect them, and then they are too ill to work again and go on disability? We need to also communicate risk better. We can open some things up- but it can't be the same as normal. We have to make better choices and realize that normal is different now. I'm worried about my elderly parents. The governor says it's safe to go to restaurants- so they go. It is not safe for them. More details on the risk to them and others needs to be shared. I also worry about our refugee and minority populations and those that are going back to work because they HAVE to, not because they are confident it's safe.
Clear Lake	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I still worry about getting sick as I am an essential worker in a PMIC setting. I am concerned I may spread it to my family, I help care for a grandfather with lung, heart, and leukemia and mother I live with with having lung issues and diabetes. I also fear spreading it to clients as I lost extended family in long term care from it.

Clear Lake	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That we are opening way too quickly for the general health of all Iowans. That opening, will actually bring MORE Covid-19 into the state due to folks from outside coming in, and that the non-requirement of wearing face masks, etc will increase the spread of the virus. Opening all too quickly will have affects that will last much longer than if the pace had been slowed down and we waited until the numbers were down, rather than increasing. I understand the need to bolster the economy and folks to work but I'm concerned the costs (people's lives and/or on going health) will be too high. It has been shown that the effects for those who get the virus may be long lasting and that will be costly all the way around. I'm concerned that our governor cares more about commerce than people; especially those of us at "higher risk" due to age or health situations. I'm also concerned that those working in restaurants are NOT being required to wear P.P.E.

Clinton	Insurance (auto)	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	1. My 20 year old son is special needs & attended dayhab 4 days a week-that has closed & with no follow up. 2. His Medicaid just gave him a new Temporary case manager - his 8th in 4 years - the last one never contacted me in 6 months - none of them helpful on options for care during pandemic. 3. I wish government would stress importance or even mandate face mask
Clive		My life has been impacted a lot	I am busier than before	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Our culture has lost "Iowa Nice," and we have embraced a culture of fear and destruction. "Experts" and media were out of touch with reality, while the rest of us were made voice-less and power-less in the face of the destruction and pain caused by the government's response. The virus was not nearly as destructive as the government's response and the media-inspired fear. The threat of another shutdown or prolonged restraints is only letting the destruction continue and preventing us from beginning the rebuilding process. Re-open completely and immediately, lift all social restraints, begin an inquiry and hold accountable the "experts" and media that were so terribly wrong, and adopt legal restraints to prevent this from ever happening again.

Clive	Im a grandparent who cares pt for a grandchild. I'm not financially impacted, but impacted in many other ways.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Test Iowa is still not validated which is a huge red flag. People with symptoms denied tests. Why? They are being paid. Please audit the Test Iowa system. Facts are now being hidden. Today they said businesses aren't on the website with 10 percent of employees testing positive. Sad to see the downplay of deaths of our elderly population. The control to protect those in care facilities was ours. Medical staff should tell their story. Could they speak at her conference, have some from the counties with the most cases? Also, are the number of tests per person, duplicating if a person is tested more than once? If they count one individual three times for retests, again the statistics are skewed as to the number of Iowans tested. We have not met a peak, and had a two-week decrease yet. Yes, I'm concerned that people are already getting lax in taking precautions. Children's activities such as sports are not priority during a pandemic. Thank you.
Clive	Insurance	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	
Clive	Health care or human services	My life has been impacted a lot		My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	School issues for kids, summer activities going forward, what restrictions will be long term? Food supply/prices, will a vaccine be forced on my family and myself?

Clive	Brokerage	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Our economic way of life has been devastated. Our Constitutional rights have been trampled on. It is not the government's job to take care of my health. This government over reach has been used to create a platform of fear. The public did not know they needed to be afraid of covid 19 until the media told them to. We need to open our State 100%. Small business can't operate at 50% capacity. It's funny that a different virus must attack small business rather than Walmart, HyVee, Target and Menards. I am also upset at the same people that say my body, my choice telling me I have to wear a mask. This violates my constitutional rights.
Clive	Retired who now tutors online.	My life has been impacted a little	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	<p>Adults and kids are suffering from the lockdown. We have created a panic mentality that was not necessary. It is vital to get the economy moving again. High risk people stay in. It is important to let people know if they are sick they should stay home without risk of losing their job or pay. Industries like nursing home are know for not having adequate sick time thus encouraging the sick to go to work.</p> <p>We need to look at creating a healthier society by improving our immune systems. Eat healthier exercise get outside.</p>

Clive	Stay at home mom	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Trying to understand why parks are still closed but other things are open or opening up. I'm sad that kids missed out on finishing school at school and that graduations canceled. Some things just aren't making sense.
Clive	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	The curve has been flattened. Hospitals have not been overwhelmed. Open the state up! US data shows this is no more dangerous than a bad flu season. The unreasonable restrictions are having dire effects on jobs, mental health, and other non-COVID health issues. Pumping more fear into the system is only further dividing the state and country, and increasing anger and anxiety among the people.
Clive	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	More Grants for independent contractors. Many of the first round Grants were given twice to the same companies. Once under their business name and once under the DBA name. Honestly, I'm a little concerned about mandatory vaccines coming out as well. We have a vaccine injury in our house and I'm terrified/losing sleep for it happening again with a COVID vaccine.
Clive	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It will get worse.
Coggon	Construction	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly

Coppock	Manufacturing	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	<p>In the words of Rahm Emanuel, never let a crisis go to waste. Most of my concerns aren't in Iowa. Gov. Reynolds is doing the best she can. You might look up Steve Deace. He is a radio show host from Des Moines who has been doing a lot of research on many state and countries' response to this virus.</p> <p>I'm also very concerned about the effectiveness of organizations such as the WHO. But that's hardly a state issue.</p> <p>Also, this mask business at businesses is a little ridiculous. If I didn't need a mask at Costco while this was going hard, why do I need one now that state are opening up? It's just not logical. It is their right though to ask that I wear one.</p> <p>I'm also concerned with the way that the deaths are being counted and reported. I just don't believe that somebody who dies from a heart attack but tests positive should be counted as a covid death. If I'm wrong about that that's fine, but that is how I understood it.</p>
Coralville	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned that our leadership cares more about the optics of opening the economy than the lives that will be impacted by early openings.

Coralville	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Masks should be required in public indoor spaces. I've seen a lot of resistance and non-compliance regarding this. Additionally, financial relief shouldn't be allocated to the largest farms in the state (be they livestock or crop). Small farms suffer too and are less able to raise capital. They should be aided before the largest operations.
Coralville	Mediator	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Coralville	I am retired with income from pensions, social security, and IRAs.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	As a former classroom teacher, I understand the great need to safely educate our kids. Thorough and careful study must go into making proper decisions about that for the fall. Parents cannot be expected to fill the roles of the teachers. We need some creative and comprehensive ideas for solutions.
Coralville	Health Care in School System	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That we will open too quickly with little guidance/ support; cliché type responses but no real guidelines based on scientific evidence which is often ignored; fear for elderly;lack of transparency with a lot of political rhetoric, stats not truthful

Coralville	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Opening things too soon & lack of testing; also spending \$26 million on an invalidated test system from an out of state company. Waiting until early April to contract with UI for epidemiologist expertise.
Coralville	insurance, financial services	My life has been impacted a little	My workload has remained about the same	My financial situation is better than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	People are too dependent on government. As a culture we have lost our independence and self-reliance. I want government reduced. What I earn should be mine to keep. I know how to use it better than governments. FREEDOM!!!
Coralville	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Safely opening schools with enhanced hygiene, health protocols, and effective PPE.
Coralville	Freelance writing	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	No testing. My father is high risk. I don't feel safe visiting him because I can't get tested. He turned 75 on May 1 and we didn't feel safe to celebrate with him. If there was adequate testing, we wouldn't have to wreck the economy to keep people like my father safe. It's pretty simple, really. Figure out the testing. My father's health relies upon a strong economy AND not being exposed to the virus, NOT JUST ONE OR THE OTHER! Stop politicizing the issue and just get the testing. Humans are suffering, and not just from COVID-19. For the record, I have no complaints about the Governor. I am not a Republican or a Democrat. I just don't know how anyone else could have done better, all things considered. So cut her some slack and help her figure out how to solve the testing problem.

Coralville	Library	My life has been impacted a little	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Pressure to reopen my institution to the public too quickly. I have high risk employees who will likely die if the catch C-19.
Coralville	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Since I am a Nurse Practitioner I have continued to work full time. Work life is more difficult due mostly to anxiety over risks to my own health and risks of putting my family and friends at greater risk. It is difficult not being able to see my very young grandchildren and my elderly mother especially. I think the States response continues to be reactive rather than proactive and too focused on following CDC and Federal administration guidelines and not relying on non biased scientists. I think the state has hidden the scope of the problem in Iowa by limiting testing, not being proactive regarding PPE, daycare closures, school closures etc. Because the threat is perceived as not so great I believe there are citizens that feel there is no real reason for concern and won't follow the guidelines that the CDC finally recommended

Coralville	Librarian - City employee	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am currently 32 weeks pregnant and I am concerned about restrictions being lifted and being expected to go back to work as I get closer to delivery. I worry about my husband getting sick and not being able to be in the hospital with me. I worry about not being able to have help and support from friends and family during this big change. I worry that our experience in the near and extended future will be so different from what I had hoped for. I worry about having to put a 12 week old infant in child care this fall and if we will still be experiencing these virus concerns. If I am forced to go back to work I worry about using all my accruals that I had been saving for 3 years so I could have a paid maternity leave. I worry about having the support of my employer - I received a doctor's note recommending me to work from home in March and my employer did not accept it at that time, but days later decided all staff should work from home for the time being.

Coralville		My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Long-term care facilities should be required to conduct testing of all staff and all residents on a regular basis. Good idea for prisons and meat-processing plants too. Medicaid and related services should all be administered by the state. ACA should be made to cover ALL persons with no exceptions or limitations. [This form is too short and too limited. You need to know more about your respondents. For example, the questions need to be modified to allow for retired folks. And EVERY item needs to have a 'free-response' space to allow folks to tell more of their personal "stories." That would turn this form into a 'gold mine' of information for you that could be useful in many different ways. And it could still be anonymous as an option for the respondent.]
Coralville	Education	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	There are many opinions as to our present state situation, as for the present in order to move on Look at this statement this morning! Iowa City: "The area's three local hospitals said they are prepared if the state sees an increase in positive cases of COVID-19 as it starts to reopen the economy. They also warn that the pandemic is not over." I trust that we will have this as a managed pandemic for a long while and we will open up business to get people back to work and the economy maximized. We will get through this.

Coralville	Manufacturing	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I believe the Covid-19 situation is very complex because it does not affect everyone the same way. In addition the long incubation period leads to complex issues of understanding the data we have (people with symptoms today were infected up to 2 weeks ago) which needs to inform decisions about opening up. In some ways I have agreed with government response and in others I have disagreed. But in general I would like government to focus on increasing testing, explain why testing is taking so long to ramp up (have heard very little about this), and in the mean time finding ways to better protect the most vulnerable populations while loosening restrictions on less vulnerable populations that have shown less susceptibility to the disease.
Coralville	Space Flight @ The University of Iowa Physics & Astronomy Department	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	All people should wear masks to protect the vulnerable population & practice social distancing! Those who are unemployed or struggling with finances deserve monetary assistance. We need universal healthcare.

Coralville	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	When the next wave hits, will our schools/teachers be required to step up (like health care workers have) and do more, exceeding expectations for meeting the needs of all students? I feel that teachers have not had enough guidance on what to do and while many are at home trying new recipes and making crafts, I would like to see the state expect them to be working just as hard as the healthcare workers, even when school is closed. Teacher output during this time has very inconsistent from teacher to teacher. This pandemic is not going away and I would like to know that Iowa schools are going to do better in educating their K-12 students when the next wave hits this fall or winter. Please increase the expectations of our educational system and teacher output during times that school is canceled due to the pandemic. If teachers are being paid during school closure, they should be working full-time just as they would if school were in session.
Coralville	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Re opening too soon and facing another, more deadly, round of infection

Coralville	Chemist	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Our Governor has done a poor job of handling Iowa's ability to flatten the curve. I feel she is too worried about how she will be perceived by the President and is not doing what is right. We should all be wearing masks, staying away from each other etc.. this is our new normal.. Had the Governor taken swift action and followed the recommendations of the CDC we might be in a better place.
Coralville	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	As an elementary teacher, I am concerned about returning to the classroom in the fall. I would like to know that widespread testing is in place for ALL Iowans so we can open schools safely.
Coralville	Retire Sales	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	
Coralville	Manufacturing	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Future outbreaks, and school closures in the fall
Coralville	Legal	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It seems like there is little progress being made towards contact tracing, so we will all be left to fend for ourselves until a vaccine is ready. The Governor would be well placed to respond based on data and not the whims of the President.
Coralville	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Lack of transparency with "metrics" Fearful that this will prompt mandatory vaccines which I find incredibly dangerous

Coralville	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Coralville	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am very concerned about how we open schools in the fall. I know parents want kids back at school, but it will have to be done in a safe manner. My school is 1500 students and over 120 adult staff. There will not be a vaccine or any other effective way of keeping people from getting infected, so just putting everyone back in the building as usual will just result in more infections.
Coralville	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Public health infrastructure needs to be built up. Education needs to happen about public health. DHS needs much training on the impact of viruses and the health of children / they have NO CLUE how serious this is! Children should NOT be put at risk of dying to see a uninvolved parent who suddenly wants a visit. The parent does not believe the virus is real! This endangers MY and MY families life!!!! DHS needs education! Our state should have remained shut down - but our government puts money before life and that is the saddest state of affairs that I have ever witnessed. I have no faith in a system that does not value human life.
Coralville	Music Therapist	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm super concerned about the political divide and ignoring facts/science. I also feel that we could be doing more to plan and make life with the virus tolerable rather than just waiting for it to be over.

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
Coralville	nonprofit	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	People losing their businesses, depression and suicide numbers up, domestic abuse, abuse of power by politicians trying to mess with our election systems
Coralville	Construction	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly	I fear a depression because of the impact on the economy of this virus and the complete breakdown of the response to it. Also, the reopening is not based on facts but politics is the driving this response.
Coralville	Church work and Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I think Kim Reynolds is ignoring science in exchange for Trump's favor.
Coralville	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We should develop a strategy for Fall 2020 and beyond on how to open daycares and schools effectively as well as a strategy on how to care for and educate those children who need to be taken back out of those facilities when they have COVID-19 exposure. Children are effected and more importantly they can transmit the virus to their parents and grandparents and they need more at-home educational support than what was provided by the local school district in Spring 2020. My biggest concern is the lack of serious discussion regarding this strategy. Waiting for the Governor to lift or not lift a restriction is not the same as having a good strategy to meet the needs of our children and their parents. The quality of pre-K and K-12 education in Iowa has a big impact on our economy, our health, and our future. Thank you.

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
Coralville	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Maintaining/ improving equitable K-12 secondary ed access online. Governor's backdoor criminalization of abortion & transgender healthcare as "non-essential." Time to raise Iowa's minimum wage! Keep working on behalf of manufactured housing communities, many of which continue to be effed over by out of state corporate owners even during pandemic.
Coralville	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	This has exposed how fragile our food system is, because of regulations many citizens are discouraged from producing their own foods, many smaller meat producers (including lockers, butchers) have been driven out of business, and this shows what a critical area of the economy and our communities they were. Grocery stores are limiting meat purchases, farmers are euthanizing livestock and yet it is difficult to purchase directly, and if you could all lockers are full until next year. We need to reduce restrictions on gardening (city ordinances requiring green deserts of grass), bans on small livestock (egg producing chickens would be prime example). I also worry that many of the restrictions that were temporary lifted will be reapplied harsher than before. Licensing regulations put mobile communities and those who can work remotely in positions of not being able to do what they can to help across city, county, state borders, and we need to work to make it easier for people to work.

Coralville	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Coralville	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Gov. Reynolds has done a poor job. She is taking her marching orders from President Trump and large state agricultural donors. She is sacrificing the elderly and sick to reopen businesses. The economy can return, but COVID deaths are permanent. I'm concerned that mental health issues are increasing, and the new precedent is businesses and profits over the health and well-being of people.
Coralville		My life has been impacted somewhat		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	As I am retired my life has not been affected as much as others. I have little hope that there will be a rapid economic growth for those who have lost jobs and are afraid what a return to work might do to their families.
Coralville	Retail or grocery	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly

Coralville	I am retired as is my husband. In that my husband is immunosuppressed and I am also at high risk we do not leave our house except for once a week shopping. One of John's brothers was recently diagnosed with COVID. He lives in a group home, but now is	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I have several: 1. The governor did not encourage the recommendations of science, but rather fell in line with Trump. Wearing a mask is a sign of intelligence. 2. I am very concerned that the Governor did not resist the plan to essentially force individuals who work in meat packing plants to choose between coming down with COVID or earning a living. And to say that if they didn't come to work because of this fear would result in them not being able to collect unemployment after Trump issued his Declaration that they do so (sorry cannot recall proper wording or action), is beyond belief. It is also wrong, because the Iowa Code for Unemployment Benefits protects workers when they do not return to work because of a hazardous environment. 3. The guidelines of the scientists required a two week leveling off in new cases before reopening....but no we reopen with a steady increase in cases. The University of Iowa pushed back on the plans to open when we did. Their words matter

Coralville	retired	My life has been impacted a lot		My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm an older person with several risk factors for the virus. I read that we should all be wearing face masks or shields. Good advice, but where does a person get these things. Local stores are out of stock and don't know when they will get more. I look on line and find only Chinese companies that will get products to me at some unspecified future date. I contacted the local health department, but they were unable to help. I need a mask now. It's very difficult to get to the grocery store wearing a homemade mask that doesn't fit, and that's the only one I have. The governor makes it sound so easy--just wear a mask and you'll be safe. Easy for her, maybe. But not for me.
Coralville	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Follow the CDC guidelines and deal with the response regionally since people will cross state borders if there is not a common response.
Coralville	My job was eliminated prior to pandemic, I have learned to live for basics.	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa		Reynolds ignored questions regarding the many packing plants, the food chain is interrupted with ill or dead employees. Test Iowa seems a mess. I listen to her daily, she bristles over questions and was secretive about so many things. Thus, my trust in her is guarded and minimal.
Coralville	Corrections officer	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It will spread faster than our healthcare can handle it

Coralville	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We should have closed sooner, despite the negative affect to the economy, we could have saved more lives.
Coralville	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	A big concern of mine is that most stores, (my chief concern are supermarkets, grocery stores) are not requiring that their customers wear masks. My husband is immunosuppressed and I have several risk factors so personally this is not cool. Considering that Iowa has always ranked high in having a high percentage of elderly in its population (many of whom live in the community) this is not sound thinking. I am actually angry that the common sense measure of requiring all individuals to wear masks, because it is a public health need is not being followed. It is also economically very unwise. We cannot pretend that this virus is not real and that it does not have real health and economic ramifications. I feel that this needs to be addressed by the legislature. This is leadership and right now it is lacking in this area. Sincerely, Joan Pieper

Coralville	Retired Landlord	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	In order those who really do not get it, we need stories on how some people's recklessness with what they do has affected their friends and families, cases where older loved ones or children got the virus because their families were not practicing safe procedures. And by them not practicing it has affected their own families and friends. I guess to see what can and does happen if you are not careful. I have seen those who care and those that could care less. People have to get back to work but everyone needs to respect others health.
Corning	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Corning	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Correctionville	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not enough reliable tests. Test Iowa is a joke. We should not be opening up until numbers drop dramatically.

Corydon	Retired	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That too few people take it seriously. Restaurant visit to get carry out the other night when they opened for dine-in showed no masks on the employees and zero social distancing. Great steak house, but not going back. Living in a county with just one positive COVID test makes the people in this very Republican county discount the pandemic as a hoax. So mostly we stay home and find things to do here. My wish is that Kim Reynolds would be more transparent about her "ometrics" and that companies would also report more openly to their employees about those who test positive.
Corydon	retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The health and safety must be the most important .
Coulter	Retail or grocery	My life has been impacted somewhat	I have become unemployed	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	What will the state do if we have a return of the pandemic in the fall? The state budget should put more money in the emergency fund and decrease spending on non-emergency projects or equipment purchases.
Council Bluffs	Technology	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly

Dana	Construction	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Individuals that are at high risk should have been given the ability to work from home and quarantine as needed for their families without losing their jobs. People should be able to stay home when they are feeling ill without losing income. Gathering sizes should possibly have been limited or restrictions put on how they are run but didn't need to completely shut down life. We have completely forgotten that the idea of all of this was to slow the spread of the virus so that we did not over run the health care system. We did that but to what detriment. I know in our home we are struggling with more depression and our small business is barely making payroll.
Danville	Solar PV sales & installation in SE Iowa. Davenport	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Hi, I am a registered voter who is currently stranded overseas. Taiwan has handled this crisis perfectly, and I suggest that the state examine what has done over here. There is no pressure to open things up, because things never closed. Everyone wears a mask, and that is the biggest inconvenience. Some restaurants have put up plexiglass partitions between tables. (It may things seem cozier by the way.). My hair is short--the way I like it. I constantly get it cut. My visa runs out on July 14. I am looking for a non-American location to spend a couple of months before I can return to my job in China. This is because America has refused to address honestly the issues in this crisis, and I am not going to roll the dice on my life so that Trump's feelings will not be hurt. As I have lived overseas, nothing makes me more angry than to see the ridiculous American system of healthcare. I appreciate you Senator Lykham for being part of the solution.

Decorah	Artist	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Concerns, no strategy exists nationally or at state levels, the guidance given in Iowa is continually to be a responsible person. If this were universal in Iowa I would not need to shelter at home. Gee, we wouldn't even need law enforcement or a judicial system. I have underlying conditions and my partner as an MD considers every day she is exposed and or an asymptotic carrier. Our kitchen table conversation in early March was made more difficult due to the lack at federal, state and local levels to have strategy imposed upon business, health care providers, and citizens to mitigate this pandemic. It is unfortunate that science and medicine was sold out for press conferences that really seem to have devolved into community theatre. Ideas, use technology to the max. Government can work virtually, as many other businesses have learned. Bipartisanship must be embraced by every one of us, oversight must be occurring and transparent. Platitudes do no good anymore.

Denver	Education	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	This virus is essentially 'airborne'. For the governor to be lifting restrictions and opening businesses when the line adding new cases is going up rapidly is utterly irresponsible! A new spike is not going to hasten the 'back to normal' progress! I teach at UNI, Black Hawk County, where the # of cases is very high, though I live in Bremer County so I don't think I am technically in your district.
Des Moines	Utility	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That we are lifting restrictions when Polk County has the 8th fastest growing rates of infection, so we will end up closing back down with much larger loss of life. I'd prefer we close through the summer rather than close back down in the fall and create more chaos for schools and families.
Des Moines	Retail or grocery	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Our governor seems to be following the nation's president's policies and not taking care of Iowa residents by reacting to the increasing # of cases in the state.
Des Moines	at a credit union	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm worried that the Governor is lifting the laughable restrictions she put down in the first place while Iowa's numbers are still going up, or staying the same. She's risking Iowa's lives to either help our economy (but dead people can't buy things), or she's vying for a position in Trump's White House. Either way, she's being irresponsible.

Des Moines	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The problems of low wage workers have been made more visible as service workers, meat packers, and farm workers are hit hard w/the virus and w/ the economic impact. The food lines in Iowa & US are shameful for a developed country. We need to take seriously the importance of having living wages and an adequate safety net.
Des Moines	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>1) People are walking around without masks on! There should be much much stronger messages. Clearly state many times:</p> <p>(a) "You can still carry and spread the virus without feeling sick."</p> <p>(b) Appeal to their good side about making a difference to the community. If you're out in public, don't assume that person who got closer than 6' to you was not important. Wear a mask even if you think others won't be too close.</p> <p>(c) Report prominently real stories about people in Iowa about how they didn't think COVID19 would affect them until it devastatingly did.</p> <p>2) Publish in graph form the number of cases per day for each COUNTY. Then people can be truly horrified about Polk County.</p>

Des Moines	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>Reynolds has had a stronger grasp of the situation in Iowa and been a better communicator than Trump, who has been completely incompetent. Reynolds concept of easing restrictions in parts of the state with fewer cases makes sense to me. But she overreached badly on the abortion decision, and on inviting the Family Leader to her daily briefing. She has opened churches way too soon and I'm glad most church leaders had the sense to remain closed. It remains to be seen if Test Iowa will be a boom or bust. She clearly dropped the ball on the packing plants and completely caved to their owners, putting many lives at risk.</p> <p>Personally, we will avoid crowds for quite a while. No restaurants. No church. Definitely not going to our gym. No crowded stores. But we do have to start getting the economy going again so it makes sense to slowly and smartly reopen those businesses that can serve us one at a time.</p>

Des Moines	Massage Therapy	My life has been impacted a lot	I have become unemployed	My financial situation is better than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I think the Governor has done a pretty good job navigating this extremely challenging situation. I believe it is of the utmost importance to uphold the Constitution and Human Rights while also working to protect and improve public health. Any restrictions should be voluntary instead of forced. We also need to be aware of debate amongst the scientific community and corruption within organizations that give scientific and medical advice. This is important when moving forward to make decisions that benefit everyone and prevent unnecessary harm.
Des Moines	I edit a legal publication (began in 1993). The pandemic has made the entire process more difficult.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Extreme care remains necessary because of the mutation in the COVID19 pathogen. Masks should be required in public or in work or shopping environments. More needs to be done for sufficient disinfectants supplies for individuals and business. Broad testing needs to be assured. More complete transparent information needs to be broadly available.
Des Moines	Retired	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Lack of restrictions because our governor wants to please Trump
Des Moines		My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The Governor is ignoring the scientists and listening to Trump. Her actions are unwise and harmful.

Des Moines	I work in education for the state but I am an entrepreneur with two small businesses that have ground to a halt.	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The governor did okay at the beginning. She should have issued a stay at home order, but she shut down businesses enough to help. Now she is undoing all of that progress. As a working artist, I depend on income from shows in order to pay my bills. I've been able to shift some of the burden to my part time job and take more hours, but because we are jumping the gun on reopening, I worry that I won't be able to return to shows at all this year, due to safety concerns. I run art shows, and my artists are all losing income. Those without backup jobs are struggling.
Des Moines	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is better than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough

Des Moines	Nonprofit performing arts	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I work in a sector that has just begun to realize the impact this will have on us. I work for a nonprofit performing arts organization and our entertainment industry is vast. We don't know when we will have shows again..let alone be able to open to the public (based in new social distancing capacity laws might be passed). It may become impossible for arts and cultural organizations to even continue to operate. I worry about my future and what it means for my livelihood. I hope that you all will work to ensure that arts are funded no matter what. I hope that you all remember us and how we are all adapting to a new normal. I worry that a Republican controlled state and a Governor who has shown only incompetence during this time will only worry about capitalism and not about us...the People of Iowa.
Des Moines	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough

Des Moines	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned about the lack of testing, the accuracy of the results. I am also really concerned about the lack of testing in all Long Term Care Facilities. We have a facebook group that is monitoring this. Assisted Living and Senior communities are not listed despite having outbreaks. I realize that they are not licensed the same. However it is still a very vulnerable population. For example a strike team came to test employees at a LCT in Pott county but it was not required and only 50% of the employees agreed to it-they did not test any of the residents. I am not one of your constituents- sorry just wanted you to think about these issues.
Des Moines	I'm a Field Organizer with Wisconsin Organizing Together	My life has been impacted somewhat	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned the second wave will kill more than the first.
Des Moines	Retail or grocery	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned that small local businesses did not get the help they need from the government.
Des Moines	Construction	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I feel like Reynolds is opening up too quickly and has not followed the guidelines set forth by the President or the CDC for reopening Iowa. She has failed Iowans.

Des Moines	Government corrections	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	There are too many to list here
Des Moines	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	My main concern is taking the executive power back from the governor. I believe that after the initial 30 days the legislation should have let it expire. My constitutional rights were violated on so many levels. I never would have thought that this would ever occur in my life time. We as citizens need to have our rights protected. Also it was a "one size fits all" approach to closing down the whole country and our state based on New York. We aren't even close to being similar to them. There is scientific evidence, according to the the Iowa public health website that we have no more deaths because of this compared to last year at this time. In fact we have had less in a few months. Totally over reaction and I also know that Gov. Reynolds we getting a lot of pressure from her opposition on all of this. I hope that some laws can be put into place to protect our freedoms.
Des Moines	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It does not appear as if the governor is using data to make decisions and it's infuriating.
Des Moines	Marketing	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I like the idea of internet service becoming more of a mandatory service provided to all Iowans as more people are working and doing online learning from home.

Des Moines	Media and was laid off due to Covid-19 related cutbacks.	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned there will be a second wave that will be worse than the first coming later this year.
Des Moines	Advertising	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>I am concerned about transparency, facts and the lack of common sense leadership in our state. I just found out that Covid-19 is surging in my community and I had to find out via a leaked report. The lack of genuine concern for the livelihood of Iowans is heartbreaking. We don't need meat to survive and it's not even good for our planet. Why are we prioritizing profits over peoples lives? Why are Iowans being forced to work when they don't feel safe? Why are we ignoring science to comply with and remain a 'golden child' in the eyes of the Trump administration? I sense people "Can't wait to get back to normal." But we must grieve the past and pave a new way forward. We should take this opportunity to unite as a people, come back to ourselves, our communities and remember why we're really here.</p> <p>Vote by mail in November is essential. We must stop the hate, the fear, the oppression, the discrimination. Drop the systems that enforce it and the representatives that promote it.</p>

Des Moines		My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I don't have confidence in the numbers that are being reported. I expected that a higher priority would be given to testing. We have no idea how and where this is spreading across the state. Now it appears to be showing up in more rural communities. Shouldn't we be doing a better job of tracking where it is so we can take mitigation steps. Without a Stay in Place Order and testing (CDC says 10,000/day) I think Reynolds will wait until the ICU's are over run before serious mitigation happens. I am shocked by her calloused approach.
Des Moines	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Early opening increasing deaths and risks to healthcare workers. Diabetics, cancer, immunocompromised patients should have been given option to not work to help decrease deaths and healthcare costs.
Des Moines	Restaurant or hospitality	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned that if we are opened too early we will quickly see a "spike" in the virus as bad or worse than this one.
Des Moines		My life has been impacted a lot	I've lost some work	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	
Des Moines	I answer phones from home. So that has not changed. My husband was payed off from his retail job	My life has been impacted a lot	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am high risk so I will not be able to go out safely until vaccine available because the governor is wrong that people are being responsible.

Des Moines	Retired and isolating	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My greatest concern is for those who are marginalized--refugee and immigrant population and undocumented and for the people of color who have been most affected by the virus. Also, for those who have lost jobs and who won't have a job to return to. We need to deeply examine the ways our laws perpetuate inequities in education and healthcare and housing and financial resources.
Des Moines	Insurance servicing and was able to transition to work from home.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My dad has COPD and what if he gets sick. My friends who are nurses don't have enough PPE. My friends who own a local music venue, small business did not qualify for assistance from the grants.
Des Moines	Education	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am losing \$5000 as of June 1 from extra work I do as a pianist that has been cancelled. But, I can get no unemployment assistance because I still am employed "full-time" by Simpson College. The extra work has always helped me pay my bills and I have been doing it for 40 years. It is about 1/4 of my yearly income and my wife has extra costs with Stage 4 cancer. My extra work averages out to about \$330 a week.
Des Moines	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Opening too soon will infect more people and there will be more deaths.

Des Moines	Homemaker	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need Medicare for all. No one should worry about losing their health care if a job is lost. Minimum wage - and all wages - must rise to create a livable wage - and \$15/hour is nowhere near enough. Employers must be held accountable for the safety of working conditions for their employees - what has happened in meat packing plants is abhorrent. I am desperately worried about conditions in the community when my husband must stop working from home and travel again throughout Iowa and the Midwest. It's as if we're living in a dystopian alternate reality where our leaders couldn't care less about our lives and safety; only about profit and power. Our governor has destroyed any confidence in the government of Iowa re: protecting the health and safety of Iowans. I cannot believe anything she says, nor the IDHP, regarding the virus. It's horrifying - we are being sacrificed - literally - to big business and power-brokers that fund Reynolds - and Trump's - hold on power.

Des Moines	Work for Nationwide Insurance	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Restrictions are being lifted even though Polk County and Des Moines were both #8 in the nation in increasing last week. This makes no sense. Gov Reynolds is not listening to science or medical professionals, and the order in which things are re-opening don't make sense either- why would gyms be among the first ? 6 ft away isn't adequate when exercising. Doing it by county is too confusing-it didn't need to be this complicated in the incremental closure or the reopening some things in 77 counties, but other things in all 99. No one knows what the new rules are. Masks should be required by all while out in public in my opinion. It seems clear the Governor is just forging ahead with reopening so the state doesn't have to pay unemployment any more, and not paying attention to what the data says about waiting till the peak and following medical and scientific advice. I'm scared for my family. Because people aren't social distancing or using common sense.
Des Moines	Retirement and caring for children with special needs	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	More attention needs to be given to children and adults with special needs and their family difficulties. Many special needs individuals have difficulty communicating with others. This adds an additional burden to families who fear their loved ones who may be hospitalized without them being able to be with them. This creates extreme anxiety!!

Des Moines	Retired Social Worker and Probation Officer	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa		<p>Be wary. Keep a stocked house. Cherish your friends and family. Be watchful of your spending Be thankful. I think Gov Reynolds and staff did an excellent job with the pandemic and since she trusted all Iowa's of all political parties we didn't have the lock down other states had. We could get out and exercise, adopt or foster a pet and safely try experience life as best we could. We don't know what's next but bashing each other's parties is not helping any of us. We need to work together to be safe, deal with any unexpected and keep Iowa going. We live in one of the best places in the US and thanks to both Dems and Republicans.</p> <p>I think the government needs to have inspectors in those packing houses much more often and workers rights need to be honored. Tyson in my opinion has a shameful record. We need them, Iowa needs them but they can also behave themselves. Now that we are cleaning up this mess perhaps we can continue to hold these standards.</p>
Des Moines	Retired. Daycare for grandkids	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Food supply to families and food going to waste because of ineffective leadership.

Des Moines	Marketing	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The governor is bending to Trump and corporate interests, putting money far and away above the lives of Iowans. I'm confused by the fact that she seems to think each county's response and numbers are in a vacuum and not affected by surrounding counties (let alone surrounding states). She should have shut the state down completely and done that early on. My husband is "essential" in construction sales and could do his job from home, but his company won't allow it, so he's had to go to an office for no reason. It's been handled poorly in every direction and no one is being held accountable. We were looking for a larger house in Des Moines. Now we're looking to leave the state. We're sick of it.

Des Moines	Government professional regulation	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'd like to see increased testing and contact tracing, as we still are learning how this virus gets around and what illness it can cause. I'd like to see masks be mandatory or at least better role modeling from our leaders. I am not at all in support of opening schools right away in the fall, based on what we know now. I want more transparency from our Governor. I work in the executive branch, yet I don't feel reassured that the information being disseminated is accurate or the whole story. Honestly, I'm personally safe and privileged to have a job can do from home and enough. I am worried about our elderly and the workers in meat plants/ factories/ long term care. I'm concerned we haven't seen the worst of this. I submit this in confidence since I work in state government. I'm scared for Iowa. Thank you.

Des Moines	Self-employed eBay.	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	More people will test positive, or be positive and asymptomatic. Lifting shelter-in-place orders will spread the virus through these people. Also, there will be a high spike in not only positive cases, but deaths, as well.
Des Moines	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My HUGE concern is the lack of a plan. It seems our somewhat well intentioned governor can't decide whether worker safety or economic recovery is more important so she wrings her hands and worries about how "daddy" will feel about it. First, you ensure ALL worker safety. You test more than just where you think you will get a positive and you wait until the curve is on a downward trend to start to open. We haven't hit our peak yet and she is opening up WAY too much. We are primed to crash and burn and everyone will have to go home again, small businesses will close for good and the few large corporations will be the only ones to survive. Ask me how I REALLY feel!
Des Moines	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We should have had a shelter In place order. And the reopening of businesses in the middle of the highest numbers of cases is ridiculous.
Des Moines	Agricultural biotechnology	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The lack of testing capacity and not relying on clear scientific evidence is horrifying to me. The governor is actively putting our people at risk.

Des Moines	Writing	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The state is not following guidelines from expert scientists. The governor is OK with people dying and is complicit in unnecessary suffering and death, she should be recalled.
Des Moines	insurance	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The Governor never issued a shelter-in-place! In fact, Governor barely closed the state at all! Cases are sky-rocketing, and people are dying. Despite self-isolation, I got exposed by my property manager, who didn't have proper instructions on why a mask, gloves, and social distancing was needed. The Governor FAILED to advise Iowans properly, gave inaccurate data and advice, failed to lockdown the state to stop the spread of the virus. The Governor is now opening the state too quickly which is putting a lot of communities at risk. Essential workers are often marginalized populations like Black folks or immigrants, and they are exposed and many are dying because of the failure of leadership. This entire pandemic has been handled poorly. Please do a recall vote on the Governor. We need someone who cares about people's lives more than money in a leadership position for this state. Thanks.
Des Moines	Construction	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Government overreach and operating entirely from a false premise. Also, refusing to change course even when confronted with the knowledge this isn't nearly as bad as it was made out to be.

Des Moines	Education	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Much smaller class sizes in the schools to allow social distancing.
Des Moines	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	My family believes that reverence for our country's laws which is the Constitution of the United States has been violated. SIP was based on a model that was obliterated early. With the current data, it is crystal clear that we are so very far from anything resembling a "pandemic". These inaccuracies prevented small businesses from being opened and the state of our economy is appalling. The concern for Covid over the concern of mental health, suicides, crimes and domestic violence is far from balanced. To allow giant corporations to flourish while gagging small businesses to expire is unjustified! SIP took away liberties from all of us and the people who got it so very wrong are still calling the shots. All elected officials need to be held accountable for these egregious errors and why are we still operating off of bad modeling data? I have never been so excited to vote in my entire life!
Des Moines	Retail or grocery	My life has been impacted somewhat	I am busier than before	My financial situation is better than before	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly	People not following the rules

Des Moines	Insurance	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My concern is that Reynolds is doing everything for a political stunt. I think she is reopening things to say that she opened the state. However, if people don't feel comfortable to reopen their business, I am concerned that they will not receive any aid because they had the option, but did not feel that it was appropriate. I think that she is doing this to try to look like she is improving the economic situation, but it will actually have very devastating effects on small businesses who do not want to reopen to risk their employees' and customers' safety. I am angry that she cannot see past greed to benefit people as a whole. Only when we can all be safe with the economy make a resurgence. I am still choosing to not go out beyond necessary. I feel like her plan will backfire because people who are well aware of the current crisis will choose to not go out. I will not risk my health or my family's health to improve the economy.
Des Moines	Writer	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Every single employee and resident of long term care facilities should have been tested a long time ago...please try to get that done, making it a priority.

Des Moines	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	More testing of clients and staff of group homes like homeless shelters or easy access to testing for these folks. More visibility as to which long term care facilities have covid-19 outbreaks. And we don't have enough contact tracing personnel out there. I might be able to do my own contact tracing if I knew the possible status of those I was in contact with. And damp down any suggestion that nursing homes were at great fault when covid arrived. The fault lies with the lack of Public Health directives, training of staff and lack of PPE. a friend in NYC told me yesterday that whenever he enters his apartment he removes his "corona outer clothes and shoes at the door". He is a physician and he was hospitalized for 10 days with Covid. We are not getting this message in Iowa. why not?
Des Moines	retired	My life has been impacted a little	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Des Moines	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned that even though data shows we should not be opening back up, we are doing so anyway because government is strong armed by uninformed angry constituents.

Des Moines	Education	My life has been impacted a lot	I am busier than before	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It's extremely interesting to me that the pandemic has improved - at least momentarily - my household's financial situation. The stimulus checks, the extra unemployment insurance, and the small small business grant I received has helped us create a somewhat comfortable savings cushion. Now, my partner and I are able to focus on our true passion - building or small home-based business on Des Moines' East Side! While we are extremely anxious about the future, these small tokens of assistance have given us a momentary reprieve from the super high stress levels we've been experiencing. I see it as a testament to having a robust social safety net. If only all Americans were guaranteed adequate healthcare, several months of emergency/sick/personal paid time off from work, were paid a livable wage - hell, let's just start talking about guaranteed monthly UBI payments! We would all be a lot better off. Please, push these BIG ideas forward. There's no better time than now!
Des Moines	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Des Moines	Financial Services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	The 2nd wave will come and be twice as bad. Still too many people not taking it seriously. Masks should be required in all public places where people are moving around (not 6 feet apart)

Des Moines	Retail or grocery	My life has been impacted somewhat	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa		It is so easy to become infected, given how little people take precautions. If everyone behaved as though they had COVID19 and were responsible, staying home as much as possible, wearing masks when in outside their households, and if essential workers would use PPE and behave as though they were asymptomatic and infected, we might really get through this with fewest deaths and sickness possible. But we kid ourselves it's OK. Sorry -- this is a bit of a rant.
Des Moines	At age 66, I have only seasonal work that is delayed or destroyed by the pandemic	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Above all other concerns, that not enough testing is available. There's inadequate focus on achieving the status--prior to development of an effective vaccine--of universal testing: when someone wants a quick, reliable test, they should be able to get one. When some institution needs to confirm a lack of danger from the virus by such testing, it must be available. We are very far from adherence to or achievement of this goal, by all appearances.
Des Moines	Utilities	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Restrictions should be eased, with proper protections continued to be practiced by the businesses and public. I do think Zoom-type business meetings will continue to be a useful tool. Businesses will need to expand their online presence now that consumers are used to this avenue. This can be a benefit for rural areas.

Des Moines	Government	My life has been impacted a lot	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I still have a job, have saved \$ on after school care due to that being unavailable and school out, and I am work from home as needed. The state needs to serve some oversight role with schools and daycares to help them stay financially afloat, yet encourage reasonable measures and financial assistance to reduce risk. This could also include coordinating school and daycare communication to share best practices and ideas. I am concerned about the availability of PPE and also disinfectant products for workplaces, schools, daycares etc. The state could play a role there. For schools, how about put disinfectants and cleaning services on the state bid or do bulk ordering? We also need to improve the horrible status of testing, but you know that.

Des Moines	Sales distribution	My life has been impacted a lot	I've lost some work	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	This pandemic is no more serious than any other pandemic we've gone through in the past. We, the people, have been lied to. There will not be a safe vaccination that will be discovered anytime soon, because there been trying to discover a vaccine for coronavirus strains for decades and can't come up with one. We are going to have to build NATURAL herd immunity. Fauci is a complete fraud and hasn't been right ONCE! Trump and Reynolds are fools for listening to him! Open the state and country up! The ramifications of our economy being shut down and the backlash from that will be far worse than any virus. This whole thing is a complete LIE! I am speaking on a completely neutral field here. I am a registered Republican, but I 100% disagree with how this Scamdemic is being handled. Enough with the lies.
Des Moines	Construction	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Des Moines	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Our Gov. Should have waited for CDC guidelines What is the plan for reining in when things get totally out of control. Why is it not mandatory to wear a mask?

Des Moines	Restaurant or hospitality	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Although a balance is ideal, putting economy before public safety, without trying any and all creative measures, is a terrible idea and may lead to multiple waves of pandemic that would harm the economy even more. In my experience in Des Moines, the lack of effective and consistent leadership has created a vibe of people not knowing what to do and defaulting to not being as safe as they might be otherwise.
Des Moines	Retail or grocery	My life has been impacted a little	I am busier than before	My financial situation is better than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	
Des Moines	Retired Work on legislative issues related to criminal justice.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Continuing growth of virus do to poor quality of testing Also opening of meat processing plants too soon.
Des Moines	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I believe the general public doesn't have enough idea of what wearing a mask or using other precautions is supposed to look like. People need to know how to put on a mask, how to wear it, how to not take it off while talking, how to adjust it, how to safely remove it, if it can be washed and reused, what the mask is supposed to be made of.... These details will make a big difference. Also, people in high positions should be wearing masks as a sign that this is something we should all be doing. And that's just about masks!! Forget how to use gloves! Yikes.

Des Moines	Retired, age 83, living alone. Volunteer and committee chores, etc., have gradually returned to near normal levels by shifting to ZOOM.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Concerned at how many Iowans show reckless and rude behavior such as failing to wear masks and failure to follow other restrictions. . . . Irritated by how many drivers take the opportunity to drive way too fast.
Des Moines	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need accurate testing. We need true leadership based on science. God Bless us all
Des Moines	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	If everyone would wear a mask and social distance we could handle this plus wash our hands.
Des Moines	IDPH purchasing	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Our Gov is following what Trump suggests, not what the healthcare professionals suggest
Des Moines	retired	My life has been impacted a lot		My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not nearly enough testing and contact tracing. This is the only way we are ever going to get a handle on this. Not safe at all to go out, except every 2 - 3 weeks to grocery store. Since I am in my70s I wouldn't dream of going to a restaurant or even to get my hair cut yet. Virus cases still increasing in Des Moines and at an unknown rate because of so little testing and contract tracing. Governor has acted as ridiculous at Trump, apparently money more important than lives lost.

Des Moines	Health care or human services	My life has been impacted a little	My workload has remained about the same	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	The pandemic has helped to slow down the chaotic pace of life. While bad side effects of the pandemic exist, the long term effects should be overall beneficial. I hope the American life style and business aggression will decrease in pace.
Des Moines	I am a retired pastor.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I feel that the Governor I'd too tied in to getting the economy going again and not caring about spreading the virus more be deepening too soon.
Des Moines	Retired	My life has been impacted a little	My workload has remained about the same	My financial situation is better than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	How the resulting affect will effect the Presidential election.
Des Moines	Education	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Changing the messaging from community safety to reopening Iowa does not solve the problem. Lifting restrictions too quickly means that people like us (72 and 85, living in our own home) will be at risk for the foreseeable future. As the virus gets more embedded in the community, we'll have to continue to curtail activities indefinitely. Why was there no robust effort to test and trace at the beginning of the outbreak, when it could have been contained? Why are we still playing catch-up, sending in testing teams to plants and nursing homes only after an outbreak occurs?
Des Moines	Non profit	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We are going to have a second surge because not only were restrictions lifted too soon there is no suggestion that we should wear masks, stay 6ft apart & not get together in groups. Nobody is wearing a mask! WTF

Des Moines	Manufacturing	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa		
Des Moines	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The tests should have been looked into more. I don't think it was investigated very well. I could be wrong but think they were afraid and made a rash decision therefore not getting timely results. I also think they opened up too quickly when Iowa was on the rise and rated in top 10 in the country. Difficult situation for all. Costs are rising for the state and every individual. When people are unemployed, no insurance that affects those in healthcare like me. I could be laid off soon too. I work every minute I can to help my patients, worried I may get Corona but also know I could be out of work soon too! If I can be of further help please don't hesitate to ask.
Des Moines	Retired. Still waiting on stimulus money.	My life has been impacted a lot		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The Governor is a disaster!!! Need education funding. No more no bid contracts. No more cronyism.
Des Moines	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	How much our Governor sticks with President Trump
Des Moines		My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	People need more specific guidance on if/when they can safely begin to socialize with friends and family, and what that would look like. I think many people are assuming that since restaurants and businesses are back open, the threat is over and we can go back to normal.

Des Moines	Manufacturing	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>IDEAS:</p> <ol style="list-style-type: none"> Care about your constituents. Look after OUR best interests. Appeal to Iowans' sense of responsibility in willingly, eagerly protecting each other now. Remind us of our better angels, our sense of community and history of "Iowa nice". Stop reinforcing the idea that our decisions don't affect others. That's a fantasy. Wearing masks because we care about vulnerable citizens should not be viewed as an infringement on individual liberties. Sometimes we must consider the common good first so that we all win. Stop placing Iowans in no-win positions as you compartmentalize us: one camp for essential workers (who you demand keep working) and another for those with pre-existing conditions (who you shame as if our problem is lack of responsibility). We are human beings, often with one leg in each camp. Do more testing. People are still being turned away. Be more transparent with info so we can make good choices. Don't hide #s that don't fit your PR script.
Des Moines	Retail or grocery	My life has been impacted somewhat	I am busier than before	My financial situation is better than before	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly	<p>People and places not following the rules! The ones they set!</p>

Des Moines	Domestic engineering	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I am concerned about our rights being taken away in the name of safety. I think steps should be taken to assist the percentage of people that are high risk such as ensuring job protection (much like FMLA but for high risk during a health pandemic) & making unemployment available but beyond that leaving people to make their own decisions. Ultimately people's health is in their own hands & the government has no business shutting business down & enforcing a limit on gatherings. Our liberties we prize and our rights we will maintain. I understand the fear & uncertainty with a pandemic & exceptions should be made for the high risk population as mentioned above but this can be done without imposing draconian mandates that restrict & impede our economy, the mental health of our society, & trample on our constitutional rights. As the federal government empowered each individual state to make their own decisions on what was best, Iowa in turn should empower Iowans to make their own decisions
Des Moines	Health care or human services	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned people are not taking the scientist's recommendations about the pandemic seriously, including and especially the government. Reopening without a plan to test timely, trace and isolate is a mistake.

Des Moines	Legal services	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Worry about the numbers going up in Polk County from less than 1000 at end of April to more than 3000 now. I am interested in serology testing but would like to know 1) that the test is reasonably accurate and 2) what does a positive result mean in terms of future immunity. I do feel glad things have opened up some. It's evident not everyone is voluntarily on-board with taking the recommended precautions though. The meat-packing plants were an example of that, and I see people disregarding distancing in public sometimes. I've been lucky my own employer has taken this really seriously and done the right thing in terms of precautions.
Des Moines	Legal services	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Already submitted this survey this morning. Had another thought though. I went for take out a couple weeks ago for the first time since this pandemic started here. I was shocked to see that the workers and people preparing food weren't wearing masks. This should be required for anyone preparing or serving food. These can be simple, comfortable, inexpensive washable cloth masks as is recommended for the public for source control. (Not the more expensive and uncomfortable healthcare grade PPE.) Thus, this should be very doable for any restaurant.

Des Moines	I am a retired ELCA Lutheran pastor who is currently founder and executive director of Nutrition for Young Children. We serve low-income pregnant mothers and mothers of infants and young children. I work out of our home.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My basic personal concern is that a person can be a carrier of COVID-19 but be asymptomatic. If we don't continue to wear masks, keep a safe 6-ft distance, stay home as much as possible, take extra cleansing precautions that I might get the virus even though I try to do all of these things. It seems that a significant # of people aren't abiding by these recommended precautions thus our community doesn't seem to be a very safe place for me.
Dexter	Transportation	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Please update the Iowa Workforce unemployment area. I have been waiting 6 weeks to get an appointment for a fact finding interview. The people I pay my bills to don't care about that. This office needs to be prepared better if this happens again in the future.
Dexter	Transportation	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	There should never have been a shut down. All politicians should be removed for allowing this. It is unconstitutional.
Dexter	Farming	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My concern is that too many people think this whole thing is a joke and that social distancing doesn't apply to them.

Dike	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	My greatest concern is the loss of my constitutional rights. I don't want the government to mandate untested vaccines or force Vaccine ID cards or chips to go to school or get on a plane. We have rights to medical freedoms. My business was closed with a two hour notice. We've not been approved for any loans or grants because we don't have employees. Unemployment does not cover the cost of our equipment leases and all the other business expenses that need to be paid while being shut down. I think the governor is doing her best to balance opinions across the political spectrum but I don't think they should ever force a business to close without wrongdoing.
Dike	Government program housed at a public institution	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	The pandemic has brought to light challenges we knew existed, but have been ignored: inadequate wages/protections/benefits for front line workers, unequal access to high speed internet, reliance on international supply chain, lack of local food production, general mistrust of national political leaders and the degree to which they have the peoples' best interests at heart.

Donnellson	Health care or human services	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Very concerned of the economic impact this will have on not just Iowa, but the country. I am afraid that "helping" people through this will turn into supporting the people that are too lazy to work. This has become more of a farce in trying to control the economy and work into the plans that the Democrats are trying to introduce rather than protect this nation's economic and republic status. The virus of course has a lot of unknowns, but it is becoming more of a political fight. Small businesses are struggling, people who are still working are working harder than before to keep things clean and keep their patron safe and are getting a slap in the face when others are choosing to stay home and getting an extra \$600 a week. Not that I think I need it, I think that it was totally a horrible idea to give an extra amount to anyone. I think that the Democratic party is becoming more concerned with becoming a totalitarian party than it is with actually caring about the American people.

Dubuque	Retired teacher	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am very concerned about the need for more widely available testing and tracking.
Dubuque	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not enough people are taking protection against the virus seriously enough, in part in response to the governor's lack of action to shut things down soon enough and sufficiently. My husband has severe COPD, and we can't go out, which would be fine--we're happy to do our part to protect our health and that of others--but this is all being prolonged due to the reckless behavior of others. My mother is in a long-term care facility, and it feels like she is a sitting duck waiting to be infected, and meanwhile, she can't see family in order to try to protect her. I am also concerned about workers who must return to unsafe working conditions because they are no longer eligible for unemployment with businesses opening up again--we should put health and well being before profits, and not sacrifice working people. Especially concerning are those who work in meat processing, and communities without resources, such as immigrants and the Marshallese.
Dubuque		There's been no impact on my life	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I would like for things to get back to normal as soon as possible. Some of the restrictions don't make any sense. Now that we know the virus can be managed, much like other virus', we need to get things opening back up and get the economy going.

Dubuque	Retired Health Care Professional	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	While the governor is lifting restrictions as the number of infections increases, medical professionals are warning and it is just common sense that a new surge of the virus will occur. Also I am concerned about the number of people I see around Dubuque who seem to have a total disconnect from the seriousness of the situation. Both customers and staff of many retail businesses are not wearing masks, practicing social distancing, etc. Walking on the riverwalk in Dubuque I see groups of teenagers out of school & socializing without a care. I think many Dubuquers, since they don't personally know any people who have died from the virus or have been hospitalized, don't seem to realize how their behavior can harm their friends or families. While the city and state are publicizing recommendations, I think stricter enforcement of these measures is needed.
Dubuque	retired	My life has been impacted a little		My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	a person wouldn't leave home if they were ill. I you're not comfortable going out then stay home and away

Dubuque	We are both retired. Thank goodness. Our major loss has been about one year reduction of one of our sources retirement.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The Governor presents herself in an appealing manner but one can be easily misled. Des Moines is one of 8 "hotspots" in the US but you would not know it from her presentation. She does not adhere to the 14days/14days plan you outlined in a recent communication. We fear for workers in meat processing plants. We have used TESTIOWA.COM and it is a sad joke. We need much wider spread real testing of our Iowa population. Also, We find too many citizens without masks. A much more aggressive approach is needed.
Dubuque	retired	My life has been impacted somewhat		My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Dubuque	Retail or grocery	My life has been impacted somewhat	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Medical facilities, space in hospitals, and equipment to handle this should it get worse..
Dubuque		My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I'm exhausted from being at home. This virus isn't going away. It's time to open
Dubuque	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am working less due to barriers but the need for volunteering has increased. As a nurse I feel an obligation to decrease the impact of the virus. Messaged to the public need to reflect the complexity of this virus vs. the same phrases day after day at 11 from the governor.

Dubuque	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I work at a Hospital and we were forced to take a 20% reduction in hours due to the loss of surgery income. Which was not the employees fault. With that said we can use vacation time, which we should not have to or thankfully the democrat provided unemployment, which currently I am not using, but I may have to soon if this keeps up. Also our hospital has not been forthcoming with information until after the fact. The hospital cares more about their pocket book and not helping the employee. Many of us want hazard pay or some type of pay to make up for our losses, especially having to use our vacation time. But I know that will never happen at our Dubuque hospital. I personally think the Dubuque hospital should become a union, so they cannot keep taking advantage of the employees. I cannot leave my name I am sorry for that. As for the governor, her temper needs to be controlled and she should think about the employees first and not the big corporations all the time.
Dubuque	Manufacturing	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Not getting stimulus money, Not getting the \$600 a week company says we will get for work share. Just enough hours that we can't collect partial unemployment.
Dubuque	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need to be worried about people and keeping them alive and well not about the economy. With what we are now learning about how Covid can be detrimental to kids, we need to be even more concerned about lifting restrictions too quickly.

Dubuque	We are both retired: Educator Manufacturing	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	#Our government did not put people's safety first nor tell the truth. #The older people seemed trapped & destined to die in nursing homes which has been so sad. #Life with our little grandson has been so interrupted, it bothers so much missing his childhood. We just worry so much about how he is doing. And now the horrific news about young children dying from terrible inflammatory reactions. #We love to exercise by water-walking at the City pool which is looking unlikely as we approach summer activities being questionable. #We've lost work, but it was unpaid volunteer work for non-profits we are missing. #Prices on our food seem to be really increasing fast. #We are scared going out shopping for food as we see grocery store workers & other shoppers not masked or distancing.
Dubuque	Manufacturing	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Concerns about long term impact due to continued illness. Also worried about increasing divide of people due to very different political messages about the pandemic, numbers, responses.
Dubuque	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Virus hasn't made its peak in Iowa

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
Dubuque	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I agree that restrictions should be lifted, but only with strict guidelines. For example, I think everyone in Iowa should wear face masks oh, and the government should put out the message that this is for everyone's protection. I'd love to see education about rights vs civic responsibility. Most people agree, but there are enough vocal resisters that they need to be addressed.
Dubuque	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm very concerned that a second wave will mean financial disaster for small colleges in Iowa (where I work) and that they won't survive. I'm worried that we have not contained the virus at this point and that by opening the state we'll see more spread. If public schools can't open in the fall, I'm worried about how I'll balance my work (if the college stays open) and taking care of my family. I'm worried about the health and safety of kids who rely on public schools for meals and in some cases extra safety. I'm concerned that we are under testing and thus underestimating the real impact of covid in the state. I'm really angry that the governor is not taking this seriously, is not sharing her metrics for decision making, and seems to be unconcerned about the long term effects of what a second wave will cause.

Dubuque	I am a retired teacher. I am currently primary caregiver for my husband who has Alzheimers.	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My main concern is that our current president is more concerned about the environment and corporate interests than he is for the citizens of this country.
Dubuque	Manufacturing	My life has been impacted a lot	I have become unemployed	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It seems like our governor is gambling with our health by opening Iowa dining inside, while not waiting for COVID cases to go down in our largest cities. I assume we are still short on testing ability, if in Dubuque County you can only be tested if a DR requests it for you, the same rules we had in late March. I read in Lindsey James email, our governor wants to open bars and casinos by 5/29, probably a bad idea cause those customers won't be wearing masks, while drinking, socializing, and or smoking in our bars and casinos. We could end up with a lot of sick people!
Dubuque	Events industry	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Politicians value profit of those who paid for their election through dark money than the citizens that voted them in. Compare cases and deaths in our states to those similar sized that had stay at home orders. Blood is on the hands of our representatives who think re-opening during peak is a good idea. The cases keep going up.

Dubuque	Education	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Plandemic Communist takeover because of a damn flu! New World Order planned it with Gates, Fauci, Soros, Obama and the rest of the criminals in charge. Not all of us are dumbed down sheeple! All who are behind this need to be arrested immediately! Democrats are doing all they can to keep Trump from winning again! TRUMP 2020
Dubuque	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	With Iowa being shut down essentially until June, we should receive another round of Payroll Loans as this has impacted all businesses drastically.
Dubuque	Health care or human services	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	* My employee from Muscatine shared with me that the Columbus Junction Tyson's is allowing asymptomatic but positive employees to work. Why are we trying to punish those on unemployment. Shouldn't employers be required to provide a safe environment to their employees. * This is another blow to disability providers. I just had to reduce the status of 10 supervisors in Iowa by 40% in our hourly HCBS program. We were barely surviving before and this just makes it worse. My employees make poverty wages and now we're asking them to risk their lives for it.
Dubuque	Law enforcement	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	With the lessening of restrictions. People have taken that as the all clear and no longer abide by any restrictions

Dubuque	Public library	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	What many people have -- all the unknowns... the long term impact and ripple effect. Will there be a vaccine? When? Will this come back to haunt us again, and if so will it be handled in a similar fashion? I know it's naive, but my concern is how the pandemic has increasingly become political and what does that mean for the future?
Dubuque	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa		The Micronesia/Marshallese population in Iowa needs access to Medicaid and Medicare. It's the least we can do considering what the US did to their islands with nuclear testing.
Dubuque	Retired federal employee.	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I have gotten this from several different people-when a person has died from other than the COVID-19 virus, the attending Dr puts on death certificate as COVID-19 as the cause. Just for \$ for the hospital.
Dubuque	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	
Dubuque	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Way over blown. Use our resources to protect the most vulnerable and let the rest go back to work we are Americans that thrive on challenges.
Dubuque	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	More tests/testing Vaccine More treatments More empathy for humans Less focus on dollars More enforcement of reopening protocols Greater respects for scientists and doctors and nurses

Dubuque	Manufacturing	My life has been impacted a little	My workload has remained about the same	My financial situation is better than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Small businesses are suffering while Walmart, Lowe's, and Menards are booming. Does Iowa care about its residents, or tax dodging corporations?
Dubuque	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Dubuque	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I feel that people need to be talked to about their immune system and how our bodies are meant to protect themselves. So I believe only sick people or people that immunocompromised should be wearing masks.
Dubuque	Education		I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am also become a care provider for a loved one with a lung infection. This virus is a death sentence for her. I have quarantined myself for her safety. The number of people out and about without masks is alarming. What is the hurry??? Let's be safe and not sorry.
Dubuque	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My biggest concern is that we do not have a comprehensive testing system in place, both nationally and in this state. Without accurate data, we have no idea when or if it is safe to leave our homes. In my own family I have two sons-in-law who are having to decide whether their jobs are endangering their families and have very little choice about it. The idea that a vaccine could be developed in less than 18 months to 2 years is fantasy. We need to concentrate on finding effective treatments!

Dubuque	Education	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>We have phenomenal federal and state researchers. We need to use our research experts as the leaders in our efforts (including social scientists) rather than relying on the market or big business leading our efforts.</p> <p>Consider now conducting a study of housing, health and economic inequities that are being obviated AGAIN. Use those data to enact real structural changes that will allow everyone to weather all storms better (even smaller ones than this). I realize these are kinds of things you work for, in general. We need to redouble our efforts to make affordable and comprehensive healthcare, safe and adequate housing, and dignified and reasonably compensated employment accessible to all Iowans.</p> <p>Who is in the position to ask those most impacted what they need? Are we actively seeking out their input? I mean folks from all political persuasions. There are local researchers who can help with those kinds of efforts.</p>
Dubuque	Manufacturing	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Greatly regret Trump removing the measures the Obama Administration had in place to deal with a pandemic.
Dubuque	Tetired	My life has been impacted somewhat		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly

Dubuque	Retired from healthcare, but I find I'm much busier now with the NFPs I volunteer for.	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It has revealed our overall lack of emergency planning. And it demonstrates that populations that are already medically vulnerable (social predisposition to certain chronic diseases and under- or uninsured) like the Marshall Islanders in Dubuque will fall like dominoes in a pandemic. I believe it's wrong for the governor to promote opening businesses with no enforced standards for health safety at a time when the positive cases and deaths are still increasing. And "wrong" is the kindest thing I can say about this. "Criminal negligence" would be closer to my true opinion, but that would be unproductive.
Dubuque	Retail or grocery	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Why is it They give \$1200 plus \$600. When normal people still have their earned income taxes.

Dubuque	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	People being irresponsible and moving too aggressively or quickly to return to what they desire as normal, with a resulting increase in COVID-19 positive cases and deaths. Also, concerned about the negative impact on people's mental health as a result of what we have and will continue to experience. I think there will be a dramatic increase in family relationship problems, whether it be problems between spouses or parent-child problems. I suspect there will be a substantial increase in general mental health problems within all segments of society, but especially health care workers. Finally, I suspect poverty issues will become more extreme and lack of health care will become even greater.

Dubuque	Retail or grocery	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My small business partner & I own Outside the Lines Art Gallery. We have locations in downtown Dubuque & Galena. Since COVID 19 hit we've worked tirelessly to find ways to keep selling our artist's work. Ours is a "non-essential" business & we are very afraid of how long it's going to take to start buying again. That being said, we are more afraid of catching or passing COVID-19 along to others. My business partner and I both have underlying health conditions & one of our employees has asthma, so when we re-opened on May 18, we did it in a very measured way. Our future is uncertain & we hope that there will be additional support for the small businesses of our nation. In Dubuque and Galena we're tourism is a huge part of the economy, none of us can afford to lose the ground that we gained. We need more help!
Dubuque	Retail or grocery	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	IWD is a joke
Dubuque	salon	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	concerned with being able to keep my doors open in salon. Dubuque	I am a Realtor	There's been no impact on my life	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I believe that this so-called problem is vastly overrated. I do believe that it is like other supposed crises. Chicken Little is screaming about the sky falling and the politicians and alleged "experts" are going crazy. (If you analyze the word expert, it comes from "ex" meaning has-been and "spurt" meaning a drip under pressure.) President Trump missed the boat on this. He should have declared congress and the various legislatures as non-essential and trusted the people to take care of themselves without all the dramatics. If you want to do something for the state and the people and be an example to other states and the feds, file a lawsuit against China for a couple trillion to cover the costs of people not working and not producing. China has been lying through their teeth and laughing all the way to the bank!
Dubuque	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Already people are not wearing masks. Dunkerton	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I am concerned that there is increasing political pressure from the President, National Republicans and big business to move faster in opening up the state. I am worried that this pressure will cause the Governor to make decisions that are NOT in the best interest of the health of Iowans as a whole. I am concerned that, while the data does not lie, it is incredibly easy to manipulate data to show something that a particular political agenda wants it to and that the state could choose to ignore data that is inconvenient to justify decisions to open up faster to please the national party. I understand that, in some ways, decisions regarding opening/closing are a lose-lose and that the Governor is walking a very fine line trying to balance Iowans' health needs with economic ones. I pray that she is honest with both herself and Iowans regarding the consequences of her decisions and that she continues to recognize/empathize with those Iowans' adversely impacted by those decisions.
Durant	Finance	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly

Dyersville	Casino	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That essential workers need to be compensated more! Way of money and mental health. And for people who work two jobs and they are laid off from their main job to be able to at least get partial unemployment benefits. Money for laid off workers to cover most or all of Cobra cost. The government would pay the insurance company so that way people will not spend it on other things. More help to middle class people all year around regardless of a pandemic or not. How about a one time food stamp card for people that don't get food stamps or housing, like \$200 per person up to 4 people per household .
Dysart	Retired	There's been no impact on my life	My workload has remained about the same	My financial situation is better than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	On the federal level is the amount of waste the Congress has put forth!
Eagle Grove	Manufacturing	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Constitutional rights is my fear. Media and government wants to push fear to take away our rights and freedoms. Open the state up and let the people decide to stay home or go out. Governor Reynolds has done an awesome job with how she has handled herself and lead this state. Now she and the rest of Iowa need to continue to open things up and support Iowa for what our foundation is... our farmers and our workers. We are the heartbeat of this country in our productions and you have got to keep that going.

Epworth	Financial services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>My husband is only 44 but has a compromised immune system due to a history of cancer. Yet he is an essential worker and has been exposed to severe health risks. This includes direct contact with one of his long term construction contractor customers who was hospitalized, put on a ventilator, and almost died. Not only did his customer put my husband at risk, he put hundreds of others at risk cooking in his other business, a popular local restaurant before realizing he contracted the virus. He is not just my husband but a father, son, uncle, cousin, and friend. He also sells millions of dollars of building materials for a local, small business. Our family would be emotionally and financially devastated if he became sick or worse.</p> <p>I feel like decisions are being made based on calculated risks of anonymous faces that value the position that keeps officials in office over human life. Let me be clear. Every Iowan is valuable, even those who have been treated as sacrificial lambs.</p>

Essex	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	More should be done to help people who need financial help! My husband has tried over and over to apply for unemployment just to be told he has to reapply! And when he tries to contact anyone you can never get through. And if by some miracle you do you have an average wait time of 90 min! Absolutely unacceptable! And to top it off we are buying our home from a private party so any federal help for mortgages does not apply to us so we are in danger of becoming homeless! Our only vehicle just blew the engine so now we have no way to get anywhere, my husband isn't able to work so no income, we are on the verge of losing our home, the price of food is going up so we aren't going to be able to feed our children or ourselves be fore long, and unemployment has been a nightmare! I am not good with politics but I believe much more should be done to help families financially!!!!
Evansdale	Self employed Barber	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa won't lift restrictions quickly enough	The Government is not thinking about the hard working people living week to week! The only thing my family has been able to get is Food Stamps which I'm grateful for but that is not getting my Bills paid! A self employed person shouldn't be penalized for having a 2nd job and being denied PUA its unacceptable

Fenton	Library Director	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Keep the safety of citizens the priority. Economics and political gain must take a backseat to science and the education of health safety practices for the public. Don't leave decisions up to the county or local gov systems. Tiny towns have mayor's and council members that never passed a HS science class or only get their news from FB or Fox, because tiny towns have to beg for people to be on the ballot (one joke of a write in candidate can get you elected) and we have such small ponds (puddles really) to draw from. I am going for a little comic relief, yet I beg you please don't leave us in the hands of someone who believes our town has herd immunity because there are no cases today and no testing available. Use medical expert's guidelines from the CDC and other federal agencies to make health based decisions, not some convelluted, ,Willy Nilly, regional, undercover, Iowa alone system. It's beyond embarrassing on a national level, it's irresponsibly dangerous.
Fertile	Self employed. Boutique owner	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	This is a virus. Things need to go back to the way they were regardless of ANY type of sickness. More people have died from the flu, suicide, and other sicknesses.
Floyd	Agriculture	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	My biggest concern is the impact on local small businesses and also our ethanol production facilities.

Forest City	retired	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly	
Forest City	Retired	My life has been impacted a lot		My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Testing is not readily available. Iowa has not been well served by a governor more interested in currying favor with the current administration instead of tending to the welfare of Iowans. There is absolutely no transparency in her use of undetermined metrics over real science. Reynolds is in over her head. The Tyson debacle is just one example. Reynolds had the opportunity to show real leadership. Tyson should have been protecting their employees, not their profits. As to opening Iowa, it's a mistake. We will continue to order take out. I'm not sure when we'll feel comfortable eating in a restaurant again.

Forest City	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My concerns are about the "trickle down" or even "trickle up" effect in families. Our youngest is now unemployed so our income will be stretched by our willing support - but for how long. Also, when a family member is hospitalized and the bills pile up, that's not able to be reflected easily when people are discussing the impact of this pandemic. We are not hearing about people going into financial difficulty because of lengthy medical care, but it is surely happening.
Fort Dodge	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Fort Dodge		My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We opened too soon. The Governor emboldened others to do the same and not take the threat seriously.
Fort Dodge	Manufacturing	My life has been impacted somewhat	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned the politicization of the pandemic has led to major setbacks in public health and mitigation of the outbreak. The state government owes out to Iowans to treat this problem seriously and act accordingly instead of trying to score cheap political points at the expense of public discourse.
Fort Dodge	Animal feed premixes	My life has been impacted a lot	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The response has been far-sighted and haphazard. Both shutting and opening need to be done more thoughtfully. More tests need to be given.

Fort Madison	retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>We do not have enough access to testing or tracing available and our virus is on the increase so we shouldn't open too rapidly. Meat plants need to have testing. How do we know the meat coming out of them isn't infected? The workers there have a right to protections and testing.</p> <p>If we had mega testing I and many of my friends would feel safer about business and industry opening which needs to happen. The federal govt must help the states and local govts with costs. Even though Iowa has a rep governor and will probably be treated favorably by Trump all states will need help. I worry that Ernst is following Trump and not informing Iowans of all the facts. She is not following the CDC recommendations</p> <p>Our local school district is not requiring hs students to redo the 3rd trimester (only 3 days of the trimester were completed). What happens if school can't start in the fall? These students will not have a complete education.</p> <p>Trump's lies that people believe scare me!</p>
Fort Madison	Letter carrier	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>Testing should've been available to anyone that wanted it, not tightly limited. Many people that more than likely would've tested positive were "not qualified" according to the TestIowa website.</p>

Garner	Cosmetology/Spa Industry	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Iowa Workforce should be consider different ways to help self employed folks. For instance if you have a small business and work a part time job your income from part time job eliminates you from the Cares Act Money for your small business. In the spa and salon industry this has been a huge impact of people not getting unemployment or cares money. This should be looked at like the stimulus check with small business if you have the documents to prove your business and taxes. If you don't collect \$1.00 of unemployment you don't qualify for the Cares money of 600.00 that was to help self employed people keep their doors open for business especially when your proclaimed to be closed.
Garner	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Northern Iowa hasn't really seen the virus yet. Gilbertville	Health care or human services	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I feel the Tyson media reports were a misrepresentation of the company & inhibited fear mongering. I worked at the Waterloo plant from 2015- 2019, leaving only to take a work from home position within the same field- Worker's Compensation, which better suited my family. I never witnessed any of the statements spoken on the media and enjoyed the time I spent with the team members. Most of whom are well educated: teachers, doctors, mechanics, IT specialists, etc. They worked for Tyson because their educations do not transfer, they lack work experience, or most other companies will not support non-English speaking residents. Several are not refugees & are here on diversity visas. Tyson can not control the socialization of their employees when they are not on the clock nor do they force people to work at the plant. A company representative should have been present for any media conference. I have lost faith in the Democratic party in Iowa, of which I was once a strong supporter.
Gilbertville	Child care	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Lifting restrictions too soon will cause a resurgence that will be twice as deadly

Greene	Retired teacher/volunteer. The activities and functions have been cancelled. The attitude of many residents in rural areas have changed. They don't wear protection in the pandemic and seem to be egocentric at times. Never the less, there are recogniza	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That the governor is too close to the manner being used with the Trump strategy. She isn't respectful of the scientific and medical field that needs to be used in restraining the protection of the residents in Iowa. I have met her twice and when education was mentioned both times; she turned her head and said nothing more than "education was fine in Iowa". This is not true. I do not trust the republican party being used on the federal approach along with what is being done in Iowa or any representative that condones a president who was impeached. It's an area that cannot be trusted in my heart and feel that many residents are at risk and will die without respect from democracy that has been lying, sexist, racist, white supremacists, uneducated, disrespectful of cultures, the land, making contributions to global warming, egocentric, ripping off individuals and families in the United States. There's more that can be added but these are just off the top of my head and heart.
Greene	I'm disabled my husband works for an implement	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	If u are going to open up the stores and restaurants then open up swimming pools, sports etc...these kids are needing things to do.. I'm disabled so I have been quarantined since March..this past Sunday decided I can't live the rest of my days that way, so I'll do precautions like masks, sanitizer etc..

Greene	Real estate	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Taking care of handicapped child and cannot work. More jumping thru hoops from the MCOs. Cannot have respite....to keep my child safe and now they are threatening to take away respite hours next review since not using them now. And took away respite savings that I save each year for camp/other items. Cannot use savings for anything but respite now.
Greenfield	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am in an at risk group and I am afraid to even go to the grocery store. They just started wearing masks, but in my rural community people don't seem to be social distancing enough. Plus, I just read Atul Gawande's article in the New Yorker, and we should not be opening Iowa. More people will get sick and more people will die. The governor's behavior is cautious at best. I fear she is listening to the White House and big business interests and not looking out for the best interest of Iowans. Her attitude toward the people who work in packinghouses is awful. They risk their lives and then she threatens them with no unemployment if they are afraid to go to work.

Grundy Center	Restaurant or hospitality	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Businesses being allowed to open should be based on capacity not service. THERE IS NO WAY ON EARTH 1 bartender can be more dangerous than a kitchen full of employees and full waitstaff. The Governor is discriminating against bars and bar owners. Plain and simple.
Grundy Center	Electric distribution cooperative	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Hamburg	Transportation	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	That clearly our public schools have been failing for decades, otherwise governors and other elected officials wouldn't have been able to strip us of our Constitutional rights so very easily. It's not the government's job to protect me from the flu. The government has the responsibility to suggest behaviors (based on information from medical experts) that will mitigate or stem the spread of illness. They do NOT have the right at any time to forbid me to gather in worship, protest, or just out for dinner. It's not right that they can close down businesses and destroy peoples' livelihoods over something with a 99% survival rate. This has been a massive trampling of civil rights and a gross overstepping of clearly stated boundaries in our founding documents.

Hampton	Education	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	My opinions above are based on the information I have, which I understand is not the same information the governor has. Farm prices have dropped significantly and are ever so slowly coming back. It's been ever frustrating that the packing plants have closed and the price of meat has gone up yet the live prices have not changed. Seems to have shed some light on an injustice in packing plants that is not a new problem as the prices farmers get do not change much yet the grocery store prices continue to rise for multiple commodities. Educating our children from home in this area is difficult as many do not have internet, devices and mostly the support at home to do the work. We need to get the kids back to school face to face especially if their parents will be able to return to work.
Hampton	I work for a winery	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That is will be the new norm, wearing masks and only going out for groceries, if family members let you

Hampton	Manufacturing	There's been no impact on my life	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa		My concern is how the Democrats continue to play this pandemic for all its worth. As they say, never let a tragedy go to waste. Do you think things would have been handled better by the Obama administration? I doubt it. I can still remember Obama and his basic inactivity when it came to dealing with the SARS epidemic and its effect. Democrats and Republicans could work together more and stop all the wasteful add-ons that are getting hidden in the proposed relief packages. President Trump wasn't my first choice for president either, but I respect the Office and I think its high time everyone does the same. The way some Democrats are demonizing the president, it makes me wonder if they want our country to fail. I'm not looking for any response from you, nor do I expect one other than your standard " thank you for advocating". I just want you to know that some of us are tired of the political games being by the people we elected to office.

Hudson	Retail or grocery	My life has been impacted a lot	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That our economy will suffer greatly. And that our governor is not concerned enough about the citizens of Iowa. I feel that we should be quarantined for 4 more weeks as the CDC has stated. Or that I have read about. I know our economy needs to reopen but it's entirely too soon to do so. Especially when we have some of the highest numbers in Iowa. (Black Hawk County.)
Huxley	Non-profit advocacy organization	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That people looking to elected officials are taking their lead when it comes to Covid 19 - ie: not wearing masks, not social distancing, not taking it seriously. And I know we need to hear some good news, but we need facts and to have restrictions that are not just recommendations, but are enforceable in order to protect everyone. We need a Department of Public Health that doesn't just follow the Governor, but actually puts forth guidelines that are useful. We need the daily briefings to be just that, briefings, not commercials for businesses, the Family Leader, litanies of people who have been important in their lives. We need someone to not only care, but to act in the greater good for all Iowans.

Indianola	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I feel things like hair salons or massage therapists should have been open way before restaurants, malls, and gyms. They are a one on one business in the first place. I think opening gyms, malls, and restaurants at 50% is crazy. How is that being policed especially at malls with many doors. I agree we need to open things but think malls should have been one of the last things to reopen. Maybe opening stores with outside entrances first. That way traffic in and out could be monitored in each store.
Indianola	Construction	My life has been impacted a lot	I've lost some work	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I am very concerned about the constitutional rights that have been lost during this time. I believe that there is risk in everything in life and that we as free individuals of the great country of America should be able to assess the risk and make our own choices and decisions as to proceed. I know the governor is between a rock and a hard place, but quite honestly it doesn't matter. Our rights and liberties cannot be taken from us any longer. I am very pleased that she is opening things back up and I pray that she continues to do so and that no other unreasonable things will be committed.

Iowa City	Retired, but working on immigration issues. Concerned about those in high risk settings, such as ICE detention and others incarcerated in jails and prisons our state. Conditions are terrible in many county jails.	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I have no faith or respect in Governor Reynold's handling of the corona virus in Iowa. She shows disrespect for families and for workers. Especially low wage workers such as people who work in restaurants and meatpacking plants. The public health effort is abysmal. The \$26 million wasted on terrible testing and meager contact tracing. Forcing people back to work in meat packing, and to public schools and universities in the fall is frightening. This disease is horrible and debilitating. Opening up to soon - shows utter disdain for our first responders, nurses and physicians.
Iowa City	Retired.	My life has been impacted a lot		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm worried about lifting the restrictions too early. Worried about the second wave of Covid-19. I'm worried that many of my neighbors in this 55+senior apartment building don't wear masks and don't social distance. I think we should all follow Dr. Fauci's recommendations .

Iowa City	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The legacy mistreatment of non-Caucasians in the US is more visible than ever. Let's provide the \$15.00 minimum wage with federally-funded full health insurance coverage for our infrastructure workers who prepare/serve our food, collect & relocate our trash, and maintain our children. Washington, D.C. has shown that there is money available to get this wrong turned right. Our infrastructure workers need to have access to earn a living wage and healthcare peace of mind. I am terrified of Gov Reynolds' willful ignorance about the science of this current pandemic. Business does need to continue with adjustments until the human death count is close to zero for at least 30 days. We need to re-read/re-study the stories within the 1918 flu pandemic to better understand those adjustments, and adapt them to the modern era. The US government system has the resources in abundance; let's redistribute those resources to lift our infrastructure workers out of poverty. Thank you!
Iowa City	Health care or human services	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Universal income is looking like a good idea about now.
Iowa City	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My greatest concern is how politicized the pandemic has become; the "us v them" attitude. We need to work together. Also big concern is access to voting. EVERYONE must have equal access to voting by mail or in person.

Iowa City	Hair salon	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned that Covid-19 will remain and/or come back later in the year. I have little faith in Trump and Reynolds to effectively manage a response.
Iowa City	Health care or human services	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	There has not been from this Iowa Administration (as well as the US Gov't) a clear plan on how to protect people and, therefore, the economy. Obtaining sources of masks and face shields (most important in my opinion) and providing them at reduced rates or free to ALL Iowans would have made a statement to the importance of these items to limit viral spread and limit economic collateral damage. Also, obtaining testing supplies with a plan for state-wide distribution was missing. The opening of select counties was (and is) short-sighted for the health of Iowa in the name of economics. Exposing her staff and others when Pence came for the meeting by not requiring PPE was irresponsible. She needs to appoint new people to IDPH. The current directors are not public health experts. She should have created an Iowa Task Force of experts in this area to advise on steps to take. It is not too late for this to happen, but I suspect, sadly, it will not. Thank you for all you do.
Iowa City		My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The government, both Federal and State, were not prepared to deal with pandemic crisis. Very little leadership has come forward from either party.

Iowa City	Student and respite care	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Vote out the governor
Iowa City	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	To ride out the pandemic, my husband and I temporarily relocated from Iowa for rural Michigan, in mid-March. It was the best decision we've made in recent memory. We are appalled that Iowa was one of the last states to even partially close. We are appalled that gyms and shopping malls can now open in places like Johnson County. We are appalled at the pressure that the governor puts on the meat-packing workers, and we're appalled that the Board of Regents currently expects students to return to all three major university campuses in the fall. We will not return until Iowa's curve flattens, until Iowa has adequate PPE supplies, and until COVID testing and tracing have reached federally-recommended rates. I've loved Iowa for its record of progressivism, citizenship, and good sense. But thanks to its response to this pandemic, I don't feel that Iowa is my home state anymore.

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
Iowa City	Farmer	My life has been impacted a little	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Consider temporarily removing USDA restrictions from local farmers that would like to process/sell their own meat. I'm concerned that packing plants won't be able to catch up to the supply chain. Packers are also taking a larger cut for processing. I could understand if they were using that money to prevent future outbreaks. Though I assume they are not. I'm generally against government restricting private industry. But maybe there are ways to negotiate, since they are already receiving financial aid.
Iowa City	Govt and farming	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not canceling early enough. Summer high school sports have not been cancelled yet. Said decision June 1, just get it over with and pull plug. Not enough communication of the right information. Governor did a horrible job of not answering questions and expanding testing.
Iowa City	Retail or grocery	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I believe the law should have more ability to enforce people not obeying the government orders
Iowa City	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm very concerned that the governor is placing more importance on the almighty dollar and what she can do to please the president than on the lives of the citizens of this state.
Iowa City	Part time pastor (retiree)	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The inaccurate information that still comes from our president and governor.

Iowa City	ADA processing	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Seems to all be a lie. There were matrix and numbers set and when the numbers were reached nothing else was done like promised at the beginning of pandemic. People are still being denied tests and the reporting is not accurate.
Iowa City	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned that Wellmark will no longer cover telehealth services. As a small practice, we do not have the space or staff to cover the social distancing needs AND keep people safe. It feels awful to have to choose between the two. I am also concerned that Wellmark plans to reduce our telehealth rates to 75% of our current salaries. It costs us MORE to do telehealthcare and a 25% cut will be devastating to us, and could result in closing our practice. I am also concerned that patients who need mental health services will not have access to appropriate care in a state that is already a shortage area.
Iowa City	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Iowa City	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	More spread, more death, impacts on children, people missing work due to illness because things are opened too quickly or too many people in one area or space and then spreading
Iowa City	Retired	My life has been impacted a lot		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	General unemployment and loss of small businesses

Iowa City	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Testing is nowhere near optimal for the state to open up. In the majority of places, it still takes days for results to be received, and by that time, re-exposure is possible. A negative test received a week after testing creates a false sense of security. Additionally, PPE is still difficult to obtain (out-of-stock or back-ordered) and health care facilities have been forced to use PPE supplies that are meant to be disposable, well beyond their recommended use. Many rural hospitals are not adequately prepared for an influx of COVID-19 patients. Most do not have negative pressure rooms or ICU beds, and ventilators are meant to be temporizing only (1-2 days at most). There are no intensivists or air-way specialists. And, unfortunately, numbers in rural areas have only been increasing since businesses have opened up. We need government officials to lead by example. Show us your face masks, face shields, physical distancing.
Iowa City	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I don't understand how people aren't worried about a second wave. This all started from one case. What's keeping that from happening again?
Iowa City		My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Lack of transparency and poor decisions which will have a terrible impact on some of our most vulnerable populations.
Iowa City	Transportation	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa won't lift restrictions quickly enough	I want my life back to normal again

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
Iowa City		There's been no impact on my life	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Constitutional rights being ignored, liberal narrative fed to media (including social media) with lack of balanced debate, setting policy on obviously hyperbolic modeling and other factors with little to no scientific support but claiming "science", no longer trusting medical or scientific community, missing out on routine healthcare, paying people more on unemployment than making at work, spending \$2T and counting on unwarranted response to a virus, social shaming, conformity, and mind control, messaging that leads to people believing breathing air is dangerous and distrusting others just because they are in the same space, people being told it is unsafe to go outside, kids being made to feel fearful and missing out on developmental and education needs, being told not to visit with family and friends, mental health, increase in domestic violence, economic depression and unemployment, forced quarantine and government taking children from homes, no focus on overall health, vaccines.
Iowa City	Public library	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That everyone I know will die because people are careless and don't follow CDC guidelines. I'm mad that people aren't forced to follow the rules. Peoples' alleged freedoms are not more important than my life and the lives of all Iowans.

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
Iowa City	Self-employed music teacher and musician	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I feel angry at systemic government and economic forces that have dehumanized people living in Iowa assisted care facilities, people working in Iowa meat processing plants, immigrating people, incarcerated people, and people who work in service industries, by protecting my convenience at the expense of people with few economic and civic choices, access, or rights. I think that smart people could be in consultation with people who live in dense housing regions of the world that seem to have effectively responded to COVID 19 (places like Hong Kong, South Korea and Singapore), to problem solve possibilities for reopening the Universities in the Fall. I hope that some of the creative redistribution of goods and services that have arisen (Matt Swift using his purchasing power and supply chain contacts to get rice to area food banks) can be strengthened to provide alternative markets as I foresee continued disruption of supply and demand for goods as this pandemic continues.
Iowa City	Legal	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	People still aren't wearing masks & social distancing. The governor's response has been too wishy washy. Enforcement has been lax. How are Joe's Place, Pints, & DC's open? I fear we're going to have another big spike.

Iowa City	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My concern is that no lessons will be learned. That, though my wife has been safely working from home and doing all of her responsibilities, that the UIHC will make her come back. There will be no reason for this other than some idiotic idea that you have to play dress up and sit in an office to do work. I am also concerned as a person who has to be at the hospital that I will infect her and cause her to become ill. And I worry that we are doing it all for nothing and most of us won't have jobs at all next year. We are looking to sell our house and move out of state.
Iowa City		My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I'm concerned about how we are going to keep our kids and families safe in the Fall if schools reopen. I would really like to have the option to homeschool at home if families are able.

Iowa City	Retired	My life has been impacted somewhat		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The leadership from the governor's office and the Iowa Public Health department has been weak. I do not have confidence they can handle the pandemic to stop the spread of the virus or prevent deaths. The Johnson County health department has also been absent. It is not transparent and hasn't addressed the issues in Johnson County. The messages and the enforcement has to be stronger. Some essential businesses have not required employees to wear masks or asked people to social distance. Others are very good. I am at high risk because of my age and I can stay in, but I worry that people still do not take the danger seriously enough. We can open up but we need strict, enforceable rules, and consequences. Everyone out in public should be required to wear a mask.
Iowa City	Farmer. Row crops. Cow/calf and finished beef.	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Seems to be overhyped in the national media.

Iowa City	I am retired, but I work about 20 per week as a volunteer	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Leadership on the state level has been distressing. I think Governor Reynolds has tried to hide data (no county data now, for example). Dividing the state into zones was a dumb idea, which she abandoned. She did little to get the safety equipment medical personnel needed. The idea to go to Washington and meet with staff who were carrying the virus was ill-advised and was only a publicity stunt. Not following expert medical recommendations for public safety is an enormous risk and a horrible precedent. Are experts in the future going to hold back because they know they will be dismissed and in the process diminished in the eyes of some of the public?

Iowa City	Manufacturing		I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The guidelines sent to the governor by the University of Iowa College of Public Health should have been followed. The governor says she is following the "numbers-statistics-data" but she cannot explain how her data matches her actions? And no one says anything about it? Is she doing VOODOO math to reach her conclusions. Then she hides the numbers. Someone should suggest if she does not know how to use power point, or make a graph people could see, then give her a chalk board and some chalk. What is she trying to hide? My wife and I are old, she has diabetes, and leukemia we are very compromised. We need data to find out how the disease is progressing to know when it is safe to go to the store. Why does she hide the data? No one calls her on it! Is everyone scared of her. The silence is deafening. The Democrats should start putting up a daily graph, data, numbers, and explain what is going on since she cannot?

Iowa City	Restaurant or hospitality	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Cases are rising too rapidly in Iowa and there's limited testing and restrictions are being lifted too fast
Iowa City	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa		My main concern is for all of the people who unfortunately lost lives, business, and jobs due to the pandemic. It would have been good to have more access to testing earlier so we could have isolated infected people sooner. My family is fortunate that we're able to shelter in place and work from home. My husband's business (healthcare marketing) will likely lost money, but so far we haven't felt the impact. Other than staying home, the main impact is multiple trips canceled, but not a big deal in the great scheme of things. Honestly, I'm enjoying having my teenagers around more often!

Iowa City	fitness and wellness	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	continuous spikes that will further delay recovery in all aspects -- physical, mental, emotional, spiritual, social, environmental, financial aspects of wellness
Iowa City	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	As an educator, my greatest concern is the quality and quantity of instruction Iowa students are receiving. I'm concerned that we are given such rigid constraints in what we're allowed to offer our students. I'm told that this is in the name of 'equity' and to me it stinks of 'Tragic Equity'. Students that need the most support may rely on teachers for all of their academic guidance. I'm sad that I'm so limited in what I can offer my students. IDEA: fund public education - fully and even more to compensate for the starvation budget that our kids have endured for the past 9 years. IDEA: Add a budget for SUMMER SCHOOL options in our secondary schools to compensate for lost instructional time and opportunities.
Iowa City	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	we need to be prepared for the next novel virus (I don't mean when this one surges again) the next new one- educate people what herd immunity truly means and how pts would be triaged like they do in war times. Very few would get in the hospital door.

Iowa City	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>The governor keeps telling the at-risk to wear masks. She doesn't seem to know/care that masks protect others, not the wearer. I don't think there is sufficient guidance for businesses and their patrons to keep us all safe.</p> <p>If we are going to open up, the grocery stores need to start taking bottles back. My basement is becoming impassible!</p> <p>And please, unless IWILL goes back to the original formula, don't pass it. Wait for a more favorable legislature where tax dollars can be used to buy land, rather than paying polluters to clean up their messes.</p>
Iowa City	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>I feel like our Governor is too willing to bend over to her right-wing base than to actually listen to science. I think she waited way too long to close things down and I think we should have seen a stricter lock-down.</p> <p>During quarantine orders I witnessed groups of 15-30 people multiple times and I think the Governor was naive to say, "Iowans will do the right thing." I also think she should have restricted re-openings in the 77 counties for another two weeks. Also, she can't read, because "ethinticity" and "Mondee" or not words. But that's just me being petty.</p>

Iowa City		My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It is obvious our food system is broken and needs to be changed to support small organic farmers and local food growing. We need to get rid of factory farms and industrial agriculture
Iowa City	religious not for profit	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned about re-opening too soon and a devastating second wave taking place. I am concerned that leadership, both state and federal, seem to be ignoring the best science and healthcare people have to offer in favor of making this a political football. I am concerned about how lower income Iowans will weather this storm and I am worried about agencies like Lutheran Services in Iowa whose workers are often at risk and who are poorly compensated and that if there are to be budget cuts agencies such as these and their workers will bear the brunt of it, along with their clients. We need to be attentive to the most vulnerable among us. I am also concerned about the coming general election and that the Republicans will try to play games with absentee voting and voting by mail. Thanks, Joe, for all you do.
Iowa City	Education	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Research has shown that, had the governor ordered shelter in place, that a substantial number of deaths could have been prevented. We need Medicare for all, and we need an open and free internet.
Iowa City	Education	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly

Iowa City	professional services	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Personal concerns about loss/lack of work in the third and fourth quarters as organizations tighten their budgets; community concerns about changes in City services (ie, recreational, cultural) and stress on municipal budgets; closure/loss of local businesses; the lack of a data driven and visionary response to response and recovery--we should look for opportunities and lessons on how to move forward in crises, just as our area did following the 2008 floods. Some examples-strengthening our schools' abilities to equitably provide online/distance learning; acknowledging that broadband is basic infrastructure and looking for ways to provide fast, reliable, affordable internet to every household in Iowa; accessible healthcare for everyone; requirements of living wages & paid sick time for all workers; improving working conditions in food processing facilities; addressing food chain issues in our state by providing opportunities for small, diversified farms and small-scale food processing.

Iowa City		My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Idea: Can schools and workplaces consider the 4-10 method described in the New York Times. You work or attend school 4 days on site and then are away for 10. This reduces potential infections since the two groups never interact with each other. Concern: 1. There needs to be more regional coordination that is based on how people actually live, shop and work. The governor putting Linn and Johnson counties into two different regions was illogical from a public health point of view. Then, it was confusing at the start, for example, when Linn County reacted one way to a known case with a lot of exposure and Johnson County reacted differently to the same case. 2. Why was there early on such resistance to contact tracing? Is there going to be any now? 3. The care centers and meat packing plants – I don't know what to say – I don't know how those company executives sleep at night. Can we protect the vulnerable and frontline?

Iowa City	retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Test Iowa is a sham and should be investigated. The governor is hiding important data that's needed to gauge our safety and her own culpability. Look at the daily statistics reported at NYT and other places. In Iowa, new positive cases are falling, but deaths are increasing. How can that be? Statistics for all states that share borders with Iowa show the daily numbers for new cases and new deaths having the same trend. I think Iowa's data are showing that positive cases are being drastically under-reported. Or, perhaps more likely, test results are lagging far behind actual testing.
Iowa City	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Concern: Loneliness, isolation, substituting podcasts for human interaction (I'm a senior and a widow living alone) Idea: Senator, please invite us to send our observations of inequities, economic / social injustice that is more obvious during this pandemic.
Iowa City	IT	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Unemployment for many, the state GOP using the anticipated revenue shortfall to gut state institutions, mass closure of museums and permanent cultural institutions. Mental and physical health for many
Iowa City	Pearson School Assessments	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I have had concerns for a long time about industrialized ag. The pandemic has finally brought this to the attention of the public. We must reduce CAFOs and promote local, sustainable farming to not only improve meat security, but to also help the environment.

Johnston	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned that we are opening businesses up while at the same time we in Polk county seem to be experiencing a surge in COVID cases. I am concerned that the PPP loan we received may not be fully forgivable because the government has not decided the rules for forgiveness. But I am also grateful for the assistance, without which we would likely be closing as our revenue numbers are 70-75% of what they were before, during what would normally be our high season. This is due to many people choosing not to do telehealth although we made this option available early on. I am very concerned about when and how we will reopen our business and am making preparations.
Johnston	Financial Technology	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Iowa should have strategic medical reserves. Iowa needs a Rural protocol for Healthcare to deal with Pandemics. Iowa Schools should have robust medical support and special funding for Nurses to have COVID-19 test kits and eventual medicine for free to students & staff. Iowans need to have COVID-19 test kits available on-demand prior to re-opening the State fully. Partial reopening is counter-productive and will accelerate the economic crash.
Johnston	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Governor's and President's leadership has been abysmal!

Keokuk	Early Childhood	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	We have far too many folks feeling they are entitled to a handout. Far too many idle hands. Community service projects should be mandatory for extended benefits. Professionally I am concerned that budgets to maintain ECI and other human service and early childhood funded programs will be slashed to pay for extended benefits to support those using the pandemic as an excuse not to earn a paycheck. If we have to make cuts to our supports for child care, the workforce will have nowhere safe to leave their children. If we have to cut family support and parent education programs our child abuse rates will increase, there will be missed opportunities to catch developmental delays early, and there will be missed opportunities to break the cycles of generational poverty and generational child abuse. The long term costs of reacting to problems rather than preventing them early will be great.

Keota	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	The long term effects of my residents in nursing home that I care for and their families. Yes, we want to protect older Americans, veterans, and our healthcare workers and their families as well. I've gone to break during my shift as required by law 30 minute lunch break. I see families talking to their loved ones on the phone through the windows. They see us come and go. We do temperatures in and out of shift. Using PPE. And guidelines. However, I would like to see them be able to visit in person using social 6 foot distancing rule. I feel families are angered they can't touch feel or even hold their hands. They don't think it's fair. Some of my residents feel like they have lost love from family members. Some feel like they understand. Others feel like they have to earn the right to see their families because they don't come anymore can't understand them on phone or written messages through window. Had one patient go home. As I encouraged them to go hug their spouse the daughter thou

Knoxville	On-line sales.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	This virus has been greatly exaggerated. The media lies. Giving hospitals money for a C19 patient only resulted in inflated numbers. The US should have never been shut down. The elderly and sick should have been protected and left the rest of us to build herd immunity. Only hospitals in largely populated areas were overrun while smaller hospitals delayed needed surgeries and in turn had to lay off staff. I'm disgusted with the way the Democrats have handled this supposed Pandemic. Why did the Kennedy Center need \$25 million? PBS \$75 million. Why were abortions deemed necessary medical procedures? Why was congress allowed to go home and self-quarantine yet still get their paycheck? Why were wealthy universities able to apply and receive millions of dollars of the PPP loans? How did Nancy Pelosi get plastic surgery when unnecessary medical procedures were banned? The only way you will win the 2020 election is if you steal the votes and I don't put anything past you. TRUMP 2020!!
Knoxville	Retired	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Shut downs will last too long and hurt our small businesses

La Porte City		My life has been impacted a little	I am busier than before	My financial situation is better than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I really believe we should have closed Iowa's borders to anyone coming in or out from other states or countries as soon as we had positive cases. If a county had this virus, that county should have been shut down immediately with tracing of where they came from and who they were in contact with. Unfortunately, we were lied to from China, so knowing what to do immediately was relying on their honesty. I think we have done a good job in our state dealing with something with more questions than answers.
Ladora		My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My concern is that a lot of people aren't taking this seriously.

Lisbon	Consulting	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Lisbon	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Hospitals starting up elective procedures and then businesses opening up can lead to a strain on the health care system. Not all elective procedures go as planned and even with all the restrictions in place, more people will be exposed and all the work to flatten the curve will be undone. Opening up should have been spaced out more and there aren't ways to reinforce the guidelines.

Lockridge	Education	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My greatest concern is school in the fall. We must have a plan that protects our students and our staff. This past flu season seriously impacted our school staff making it difficult to provide adequate coverage for all the classes at times. Our crowded classrooms mean social distancing is not feasible but we do not currently have sufficient resources to provide adequate online education either. The lack of widespread testing is also a significant concern. Not enough has been done to ensure the public feels safe & that testing is available. With the severity of Covid-19 and the ease of transmission, it should be as easy to get a test for it as it is to get tested for the flu.
Lone Tree	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	People have to get back to work! How are people to pay house/car payments/insurance? We have taught our kids but does anyone "save for a couple months" anymore? Having an immunosuppressive child that lives with us, who has been working from home. WE will take responsibility and the precautions WE need to to keep her healthy. I am a nurse and am getting hours cut due to this. I take a caution to clean and keep my family healthy. I/we don't need nor want the government dictating where we can go, what we can do. If we want to go somewhere, we will protect ourselves!

Marion	Retired. Bored	My life has been impacted somewhat		My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly	Store openings. More deaths Food shortage Small businesses, closing and big business taking over and higher prices . Economy bad
Marion	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I am hoping for a vaccine so my life can return to normal. Sounds like it will be an annual vaccine, like the flu. Until then, I will be staying away from other people.
Marion	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	As a teacher, I am curious how we will start the school year in the fall. I am concerned about how publicly funded things like education will be affected due to lower tax revenue for the state and federal government. I do think people could probably open up more businesses. If people can shop at Wal-Mart, they probably can go into Kohl's and other stores. The key, though, is that everyone takes precautions, like wears a mask or face shield. I don't think we can trust (as the governor does) that people will do that. We may need to make some requirements so most people do the right thing.
Marion	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Its so important for everyone to adhere to the guidelines set forth by the Coronavirus Task Force and the scientists who are the experts. Make sure that the states don't open too soon and we need to have enough for everyone!

Marion	Retired	My life has been impacted a little		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>The Gov decision to use politics, align with Trump, and not use good science has harmed individuals and the state. As a retired public health professional I am appalled. As a result of her poor leadership, people do not take this seriously. Leadership and example matter. Few people distance or use masks here in contrast to my experience in California earlier this year. Since I am retired I am not impacted financially, but I will be when the state is broke and wobbles through continued outbreaks. If we had N95 masks and distancing and sanitizer we could probably go to work with lowered risk. It's annoying, but not hard. We could do this with the right tools and adaptation. But, instead the Gov has her head in the sand. And because of that people in the community are lazy about safe practices. We will all pay as a result.</p> <p>Keep up your good work! Appreciate it.</p>
Marion	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	<p>Social distancing is the imperative, all measures that hindered economic activity were done to promote social distancing. As we peel back some of those closures it is absolutely crucial that the need to continue social distancing is unambiguous.</p>
Marion	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>Not enough accurate testing. We need accurate antibody testing to get people back to work. We need people to wear masks in indoor places especially.</p>

Marion	Manufacturing	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Kim R is putting Iowa lives at risk she is more concerned about political pals, profits, and presidential approval. Kim is not a leader. She threatens Iowans with losing jobs, as many are infected and dead working in meat packers. Testing at packers, hospitals, groceries nursing homes should be priority. Some Iowans are not following her limited rules and consequences are nowhere. Masks should be mandatory. She put herself and others at risk during her last 2 trips. Kim's lack of effective communication with health departments and city leaders is crystal clear. She spent 26 mil on testiowa.gov. what did we get for that? The lab is not approved 3 weeks later. Testing is not allowed unless you are gravely ill. Where are the tests? Why is the lab unapproved? Walmart has no customer guidelines in Iowa. Corporate was shocked when I called. Address consistent processes and expectations. PPE and cleaning products are in short supply nationwide. Iowa should be making. We r2 maintain cleanliness
Marion	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I live alone and have a hard time with the isolation.
Marion	Software Engineer	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Layoffs and furloughs at Collins.

Marion	Retired - Homemaker	My life has been impacted a little		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I think we are moving much too quickly to "open up". I'm afraid we will back track and need to start all over again and I'm not sure she will do that but just keep pushing to stay open. Then I'll really be afraid to go out.
Marion	Accounting services and Utilities	My life has been impacted a little	My workload has remained about the same	My financial situation is better than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	This pandemic further illustrates why we need to keep spending in check and be financially responsible so we have flexibility when we need it, unlike a (some) neighboring state(s).
Marion	Education	My life has been impacted a little	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Lift restrictions too soon and re spike
Marion	Social worker	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I work in the social worker field. More people are going to get sick and potentially die due to the restrictions being lifted too early. I am not only putting my family at risk but the risk of other families I work with. Iowa has not even hit its peak and were opening things up. Not a very smart idea to do. Need more testing done. When things start to move I. The other direction and then start opening things at a slow rate. Be ready for round 2 this winter.
Marion	Retail or grocery	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I own a small business and it's been agonizing trying to make decisions that are both financially sound for my business, yet also keep me and my employee safe. I feel like the Governor is trying to push us to open when it's not safe.

Marion	Technical services	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am horrified that the government will be ignoring recommendations from the health professionals regarding school. It is difficult enough that adults appear to be expendable in this economic game, but now are children appear to be at risk in the rush to reopen school. Also, I am frustrated that retailers are continuing to collect redemption fees on all bottle and cans and we are not able to get rid of them. The only answers we can get is "just hang on to them". The stockpiling of these bacteria-laden items is unreasonable, nor, is it even an option for those that have limited living space. If we are no longer going to recycle these items, remove the deposit fees on these items.
Marion	Government security & aviation.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not everyone follows the guidelines to social distance, face mask, no more than 10 people, etc.
Marion	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	My concern is centered on getting kids back to school in a safe, thoughtful way. I am also concerned that kids will now be raised in a world so afraid from this virus that we make it worse with more vaccine mandates, less parent voice, more governmental interference.

Marion	Entertainment/ Event Production	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I believe that most answers/solutions lie somewhere in the middle. Many people think we should keep things shut down and quarantine for an extended period of time. Some believe that we can't open soon enough and that economic recovery is worth the cost of life. I believe that we should reopen and continue with life as normal as possible, with some restrictions, while still maintaining safe social distancing and quarantine practices, especially for those most vulnerable. We should prevent spread where possible, but accept that it is not possible to completely eliminate it.
Marion	Education	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	tanking economy and soaring food prices

Marion	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I wish the politicians would listen to the scientists, doctors, biologists, epidemiologists, etc., instead of the corporations and lobbyists. The people who understand this pandemic are saying that we need to maintain restrictions and stay home. Now that the governor has lifted restrictions, our healthcare system is going to be completely overwhelmed with a second wave of this virus. It is the government's job to protect us and, quite frankly, the state and federal government are not doing their job right now. I am afraid that we are never going to be able to get back to "normal" if we don't handle this appropriately right now. A second wave will turn into a third wave and so on. Yes, people deserve their freedom, but I don't think that someone's ability to have a backyard BBQ, get a haircut, or have their cousins attend their wedding is more important than the lives that we have already lost and will continue to lose. NOTHING matters more than human lives.
Marion	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa		So many people misinterpreted lockdown to mean that they expect zero risk when the lockdowns are lifted. That was never the intent - we flattened the curve which was the intent.

Marion	Manufacturing	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>Overall, we are ok so far. Not sure how much longer my job is secure. At 63, I'm too young for Medicare, and finding new employment will be a nightmare. My spouse is self employed so we would have to rely on COBRA - high premiums. All that aside, my employer, Collins, has been very proactive about protecting us from COVID and has made it easy to work from home. We feel secure, have plenty of food and supplies for now.</p> <p>Once again COVID layoffs underscore how unwise it is to tie healthcare to employment.</p> <p>Congress should do everything possible to ensure future relief payments go to the most deserving and needy individuals and small businesses, not rich corps.</p> <p>I am concerned Trump will try to block vote by mail, as impossible as that sounds. Vote by mail appears to work efficiently for the states who currently use it.</p> <p>I believe FCC should enforce truth in advertising for politics, same as other advertisers. Fox etc should not be allowed to broadcast proven lies.</p> <p>Thank you</p>
Marion	Retired engineer	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>I am concerned that the governor is hiding the data including: the number of new cases by county, the number of deaths, and a breakdown of the new cases by age, location, etc.</p>

Marshalltown	Education	My life has been impacted a little	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I feel like this survey will provide very misleading results because it is unlikely to reach those who have been affected the most by the corona virus-the elderly, the vulnerable, the poor and the immigrant is not going to respond to this survey. Whose going to ask them about their lives during the pandemic?
Marshalltown	Education	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned that people are not being educated enough about how serious covid is
Marshalltown	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We all need to be wearing masks.
Marshalltown	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Testing program is a debacle. The risk of a second wave is high. Meat packing plants need supervision.

Marshalltown	I'm retired. But I do a heck of a lot more cleaning surfaces, doorknobs, vacuuming carpets, and laundry after going to the grocery store than I've ever done before. Wiping down groceries may take up to 45 minutes. This is insane.	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I think every business that opens up should have to enforce a 'no mask-no service' policy. People in this town aren't wearing masks very much. Only one business I know of so far enforces the 'no mask-no service' - Menard's. And if someone shows up without a mask, Menards will sell them one for 99 cents - so no excuses. Testing MUST increase and Iowa needs to use a legitimate testing entity. And the testing parameters should be more inclusive. Too many stories of people WITH symptoms being turned away from a test. Why? The governor had better start giving us all the facts daily and implementing proven protocols so as to protect as many Iowans as possible. This hit or miss stuff is going to get people killed.
Marshalltown	Ecology	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly

Mason City	Parole Officer	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>Concerns that restrictions have been lifted when there has not been a downward trend of the virus.</p> <p>Also I question if testing is sufficient and the no bid contract to test Utah and the validity of that testing.</p> <p>I'm also concerned about being required to return to the office and meet with clients without adequate testing. I worry about getting the virus when I help care for my elderly father.</p> <p>Thanks!</p>
Mason City	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	The governor is more concerned about making the complainers happy and getting re-elected than our safety.
Mason City	I am a janitor prison for Nivc Services.	My life has been impacted somewhat	I have become unemployed	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I really don't know. What to say no idea . I just live here and Iowa.

Mason City	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>Mental health staff burnout!!! I'm a social worker, 2 college degrees, 20+ years experience. I'm getting paid the bare minimum, lowest legally allowed to pay a salaried employee. We are tired of being overworked and underpaid.</p> <p>We do these jobs from our hearts, but make such little money. When will government stand up for us??</p> <p>I keep getting more and more clients on my caseload. I had a bad nervous breakdown a few weeks ago due to too much work stress. I can't even afford therapy because our health insurance is so bad. Please help us!!!!</p> <p>I'm suffering, struggling to get by.</p>
Mason City	Delivery	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	That the pandemic will get worse with the restrictions lifted
Mason City	Volunteer program	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	<p>If it is truly beneficial to wear masks, and it can help us to open the state, I wish there was more direction for everyone to wear them.</p> <p>I think we need to think about how to prepare for future pandemics/ emergencies, like having enough PPE stockpile. And pay close attention/work to resolve the everyday problems in our society that are exacerbated at this time, such as hunger, substance abuse, mental health, poverty, etc.</p>

Mason City	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not enough testing and tracing
Mason City	Real Estate	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Testing. Just read where someone whoâ€™s test was ruined was refused another test. OMG
Mason City	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I feel like we need to test everyone, that is the only way to isolate and contain the spread. I know this is not an option because tests are still not readily available. Other countries that are less developed are able to make this happen, Iâ€™m not sure why the US is not.
Mason City	Construction	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>My concern is itâ€™s clear Reynolds cares more about what her GOP handlers want than Iowa's health. Itâ€™s clear when she doesnâ€™t mention deaths and ignores the fact our daily infected trend is rising even with fewer tests being done. I read a really great write up about how the overall issue they are trying to avoid is Americans getting used to and realizing "socialism" ie: unemployment benefits, and the now glaring issue of low wages will stick and right wing Americans will start to wake up to the fact they have been lied to.</p> <p>There was a point during a recent presser where I said out loud "oh, she legit just doesnâ€™t give a damn"</p>

Mason City	Retired because of a double lung transplant I had in August.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The governor has mishandled this from the beginning and still is. I know that Floyd county didn't have anyone with the virus because they weren't checking anyone for it. My god daughter is #5 in Floyd county and is a RN so that how I know. So this just shows how the governor is trying to twist the numbers in her favor. All she is concerned about is the economy and the all mighty dollar. I ask her on her page with no answer How much is a lowans life worth. Today is the third highest death toll at 17 yesterday was 18 day before was 19. This is not better it's worse.
Mason City	race director, high school booster mom, homemaker	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The local YMCA is open and is having exercise classes, why can't the indoor pool be opened for lap swimming?
Mason City	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Raise the minimum wage now! Paid sick leave for full & part time workers. Equality of healthcare for ALL lowans. Take educating young lowans seriously with improved funding. Improve internet services for ALL of Iowa. Improve the lives of lowans first, not corporations.

Mason City	Law	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	So many. Not closing everything right away has put us way behind. Now opening everything too quickly. This is going to cost lives and delay economic recovery. And lack of transparency with testing and numbers. Causing mistrust and suspicion. And no strict directive from Governor or legislator about wearing masks and following CDC safety protocols. And why can't people in Iowa seem to get tested when they are showing symptoms?
Mason City	Probation	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	To be cautious, to be respectful to those who have lost employment, family members and hope. I believe we need to encourage overseas companies to return. Stop trade with China. To quit allowing the minority of squeaky wheels determine what is best for the greater good.
Mason City	Retail or grocery	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My major concern is that the governor's office is going to place more restrictions on municipalities and localities to prevent them from putting mitigation strategies in place to benefit their communities in order to score political points with this administration. Local leaders are an unpredictable bunch, but I feel that we can allow them some leeway if it moves toward protecting folks rather than away.
Mason City	Education	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly

Mason City	Education	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Rights being taken away. Total overreaction due to liberals like Fauci and media overplaying this to topple our economy in hopes of eliminating Trump. Seems Democrats would rather ruin America than work with our President to make America what it used to be. I hope our Iowa Democrats don't plan to turn Iowa into California. Use some common sense. Please!!! Governor Reynolds has done a good job for the information she has had along the way. This is uncharted territory and hindsight will be 20-20. We need to open Iowa up completely. The virus needs to run its course and the hospitals have had plenty of time to prepare now.
Mason City	Education	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Opening doors to learn at school in the fall feels overwhelming with many challenges to keep all ages of children/staff safe. The governor has opened up the state too quickly, I believe. The CDC's recommendations being hidden by the White House is of grave concern.
Mason City	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	When and if a "second wave" will hit. How to tackle the resumption of education.

Mason City	Restaurant or hospitality	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The virus will come back with a vengeance with lifting restrictions. Although Menards and Target never closed and the social distancing was not fully realized. We are confined and not to gather in 10 or more. How does this make sense. As the land of the free, there are those who feel we are oppressed by the restrictions. At the Northwestern Steakhouse, we are closed and have been since March 21st. We tried curbside but were not confident of all people's safety. We are now looking to go back to work with the curbside only and the meat shortage and price is a concern. We did receive the PPP but will only be able to use 1 of the 2 months allowable time for payroll. We also received a nice grant from the North Iowa Corridor. We feel very fortunate that we had a savings and very forgiving debtors. We could not have held up much longer without a menu change. Can you look into the meat pricing and food chain? We are looking forward to serving the world again.
Mason City	Restaurant or hospitality	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I would like to see it made mandatory that all restaurant staff wear masks. And for staff and clients when we are in stores/shops, to try to continue to minimize spread for at least 90 days. Starting June 1st.
Mason City	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Need more testing, contact tracing and PPE

Mason City	Retired from education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Everyone needs to be tested. In the coming months, keep testing everyone. State needs to follow guidelines from CDC, if the guidelines will ever get released by the Trump admin. Follow the science, the data, the scientist, and the doctors. The administrations don't like to test, b/c the rising numbers make them look bad. What about sending workers back to work when the plants have not installed mitigations, but workers cannot stay home for fear of the virus, b/c they will lose their jobs and Reynolds will take away their unemployment.
Mason City		My life has been impacted somewhat	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Mason City	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We will keep surging instead of decreasing cases. We will face a 2nd large wave later that we will not be prepared for and lose many more citizens and businesses to the pandemic. We will not be able to restock the PPE supply- we are already having to reuse n95 and have them up to 5 times then be sent to be reprocessed for use again.
Mason City	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
Mason City	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We haven't got a strong enough system of testing and tracing and the governor is wanting to push re-opening just as the virus is really starting to show up in Iowa.
Mason City	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	The Board of Education should give a directive on preschool for the fall i.e. limited class sizes and times.
Mason City	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly	Opening way to fast. I did not realized how many people trust are uneducated and has there head in the sand.
Mason City	Health care or human services	My life has been impacted a lot		My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Mandatory masks statewide tighter restrictions should have been issued
Mason City	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Mason City	Education	My life has been impacted a little	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I worry for the children and families as Head Start and schools reopen in the fall; if we reopen with restrictions in place (groups of 10, social distancing) how will this effect those families with lower incomes get/find child care for times not in school. I'm also concerned about programs/schools having everything in place to meet health/safety measures prior to opening. My other concern is if another wave hits, will there be as many financial supports as there are now, or will we be in a worse place?

Mason City	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned about a 2nd wave if we open too early. Hoping fairs, etc will be canceled
Mason City	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Why did mental health facilities with direct care units be provided PPE & not receive any hazard pay to pay for the PPE?
Mason City	Education	There's been no impact on my life	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Highly concerned of schools starting in fall and cases still on the rise, how are we going to protect our children in school? How are we going to protect the lives of all children? How do we stop parents from sending their children to school "under cover" with IBP, TYENOL, other cold medicine? We know this happens because they do it (strep, tonsillitis, influenza, upper respiratory, and other illnesses and still send their children to school. Even Though there is protocols put in place and a handbook sent with every parent and other information shared children are still sent to school ill. And mostly do for the reason employers will take action against the parents for whatever reason or the parents need the money and can't afford not to go into work it's burning the candles at both ends and we all know what happens in the middle. I now will worry about all the other children's families and their loved ones, the staff in our building and their loved ones, Now what about my family?

Mason City	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	
Mason City	In home Respite care	My life has been impacted a lot		My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	If it is safe for people to start returning to restaurants and to start opening up why is the city and state officials not open? If its safe enough why can't i go pay my water bill at city hall? The possibility of a food shortage is scary but the lives of the people in the meat processing plants are important as well. I wish i knew the answer. Something has to change i have no idea what.
Mason City	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I have a huge concern for families I work with in Head Start who have lost work or do not have day care during this time. This brings on extra stress and less eyes on those at risk children. While some parents still have to work during the day they may not have budgeted for extra food and daycare cost and are under larger amounts of stress with who can or is willing to watch their child and feed them. While there is a large push to stay home, I have not heard in Mason City regarding extra mental health/daycare supports unless you are an essential worker. From my work experience, Blue collar workers who maybe under educated may not seek out those supports if they do not hear or see them being offered.

Mason City	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	People should abide with the recommendations of health experts to wear masks and maintain social distance. Too many Iowans have a cavalier attitude about these actions and do not comply with them
Mason City	Retail or grocery	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Attending church, getting my hair, nails & toes done. Not critical or life threatening - but have missed those things. We have 4 salons at Willowbrook, 2 are single operators, one has 2 gals and the other has several - I suppose it's hard to say some can be open and others closed - but I think something could have been worked out with the salons that have more than 2. I realize we all need to eat - but you could be in a store with hundreds of people and that was not regulated until later when the stores started counting how many entered. Fleet Farm was open to many people. Missed attending church - we start going back this Sunday. You all have a "tough" job - and overall I think things have been handled very well considering this is something totally new and foreign to all of us. Keep up the good work Amanda!
Mason City	retired	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need testing, can't believe Cerro Gordo county has staid at 14 cases this long, unless there is no testing..

Mason City	Restaurant or hospitality	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I worry that there is not enough testing done. I currently work a full time job and relied on my part time job to help make ends meet.....I was told to file unemployment but came to \$46 over the requirement and am not working as much as I can at my other job but still not making what I did; and doing what I can to stay afloat. I know I am lucky to have employment but also being in the grocery store/restaurant business....there are those that do not take this seriously. There is not enough testing being done on that front. I feel our governor did not take a full stance on what is going on....more or less decided to go with what some in Washington wanted instead of what the people that voted her in and pay her salary should need or have. Don't you find something wrong with that?
Mason City		My life has been impacted somewhat	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	My first concern is the health of our fellow citizens. After that I am concerned about what the long term affect on our economy and business might be. I am hopeful that this "wake-up call" will help us all to be more aware of what is fair, honest and helpful to all concerned.

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
Mason City	Health care or human services	My life has been impacted somewhat	I am busier than before		The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Concerns I have are going back out into the field to work one-on-one with consumers and employers; potentially exposing myself and many others to COVID-19 before we have enough medical information. I would feel better if there were a vaccine that worked available before going back out into the field.
Mason City	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	The pandemic has been handled well in Iowa		I don't know whether we need restrictions lifted more quickly or more slowly. We have slowed the surge, but we have not been able to stop it. Medically, our treatments are supportive, but nothing has really changed in the virus' ability to infect and devastate. Until a vaccine has been developed, our treatments will have to remain reactive. I am especially concerned its effect on children and their need for social interaction, both in school and elsewhere; but even that pales at the need for their safety. I am concerned that, despite this being a global pandemic, international development and cooperation to develop a vaccine is not apparent to the public. I am also concerned that the financial impact will take years to recover, and that many of us who approach retirement will not be able to recoup losses in retirement savings in the midst of an economic downturn. I think the turnaround from this pandemic will be slow, and painful to many.

Mason City	Manufacturing	My life has been impacted a lot	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	<p>It will probably take years to determine whether the shut-down was really the best decision or not. We successfully flattened the pandemic curve, but really disregarded other curves (unemployment, social welfare, mental health, economic devastation, other health issues, etc.).</p> <p>I realize we had to do something to slow it, but it may turn out this wasn't the best way. I am extremely concerned about what we have done to our country. It could take many years to make up for what has happened (jobs, employment, business failures, etc.). We are spending trillions of \$\$ as if it's pocket change and that debt will be a legacy of this that will also be a huge problem down the road. At some point our country will go bankrupt and the current pandemic could look like a minor issue in comparison. I hate to sound like doom and gloom, but societal issues and debt are a real concern to most people.</p> <p>It will be an interesting case study a few years down the road when all the data is gathered.</p>
Mason City	Financial services	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	<p>I have all aspect of news on all day with work. I am glad we did not take the "military state" approach many other states did. Fundamental over-reach was bad enough from the government and it's impacts will be felt well into the next generation.</p>

Middle Amana	Education	My life has been impacted a little	I have become unemployed	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I know that by being "locked up" it weakens your immune system. Then when we are "released" the positive cases will ramp up. We need to be out. People need to go to work & not be dependent on the government to take care of them. I am not saying Covid isn't real or dangerous. I just don't think it is as bad as the media is making it. I quit listening to the news during the Presidential race because of the liberals controlling the main stream media. I think that this has become more political than anything and the left hates Trump so much, they don't care what they have to do to make him look bad. I personally am not nervous but the way people act out in public does bother me. If you are not wearing a mask, they look at you like you are a freak. If I'm not sick, I don't need a mask. If I were sick, I would stay home. Masks keep you from spreading germs, not getting them. You can get sick by touching a surface & then touching your eyes. If you're scared stay home. I am over it.
Milford	retired and among the older population	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Oh, the opening is way too soon. The science and data tell us that Iowa is very unsafe. The employees of the packing plants are no less than slaves to corporate. Shameful and one of our saddest historic moments

Milford	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It appears to me that too many people are NOT taking it as seriously now that some restrictions have been limited. From Dickinson county, the weekends have been like the all clear bell has rung. Tons of people here, little or no social distancing, restaurants are packed with people, serving drinks at bar with no food! Going to turn us into a hot spot!
Milo	Retired	My life has been impacted somewhat		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The new norm. Guidelines can and will be violated. It's now up to us as individuals as to what precautions we should now be taking. Still, as one, wonder about the number of deaths due to natural causes during this time and if, to a degree, COVID-19 was blown out of proportion. Maybe, just me!
Mingo	Local government	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	I believe the governor is doing a good job at slowly bringing life back to normal, lifting restrictions in a way that seem to make sense and allow for a safe economic and health recovery.
Modale	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Returning to teach in the fall. We all experienced trauma, we all will need to decompress and heal. Internet for all-like how the telephone is a necessity needs to be a priority.
Monticello		My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Education and how unprepared the team handled Internet access. Iowa should have been able to switch temporarily, especially in the smaller schools. Teachers should have been allowed to teach by satellite. Don't understand the inability

Mount Ayr	Research	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Before we reopen, we need tests. Every person who wants to get tested should be able to. All health care workers should be tested when they show up for work every time. Without tests, we can't keep asymptomatic carriers who work in nursing homes & other critical jobs from passing it to vulnerable people. As we have seen now too many times, once an asymptomatic person spreads the virus in a nursing home & then days later the 1st resident shows symptoms, it's too late. Too many have already been exposed. I have 4 young kids & live in a rural area. Last week, we ended up in urgent care 1 day & the ER the next day. We all had been coughing for several days but none of us had a fever. The hospital just crossed their fingers we didn't have the virus b/c there weren't tests for us. I'm grateful for the care, but I wish they didn't have to gamble that we didn't have it to preserve their limited protective equipment for when our county has community spread.
Mount Ayr	We are retired. Not going to grandchildren's activities and our usual running around has stopped.	My life has been impacted a little	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Listen to the scientists and doctors and leave the politics out. Tell us the truth. We can handle it. Be compassionate and show empathy towards our hard working essential workers.

Neola	Goat farmer	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	People need to be allowed to work. Small businesses need to be allowed to continue to perform business or risk never opening again. We make goat milk soap and make sales from our website but generate most of our income from farmers markets. Due to the nature of our product we will not be attending any markets this year and can only hope we receive enough website sales to maintain insurance, website, and LLC fees. (People pick up soap, hold it to their nose and put it back for the next person to sniff. We can't produce enough samples to have individual disposable testers). I love that Iowa did not issue the stay at home order nearly all the other states did and left us to use common sense. We don't need our elected representatives to babysit us! My other concern is all the pork barreling the democrats are doing to relief bills. Leave the extras out and make it specifically a relief for US taxpaying citizens!
Nevada	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	We need to get back to work, I need to ensure my family will have food on the table. I hate to raise my kids thinking the government needs to take care of us.

New London	Retired, education before	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Essential workers should get hazardous pay. While people who could collect unemployment got paid a living wage, the essential workers were more at risk and paid less (some of that due to republicans defeated efforts to raise the minimum wage. Rural Iowans were at a great disadvantage if they did not have internet- children could not participate in school lesson. Pathway to citizenship, we have essential workers Who have no protection, healthcare or rights. Research into the connection of factory farms, mass processing of livestock and pandemic viruses. Affordable Healthcare that is not tied to employment. Enough workers to test and trace this Covid-19 virus and future ones. They will need the equipment ; swabs, testing kits and protective wear.
New London	Military and Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	
New London	Health care or human services	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Testing is still an issue. I believe every Healthcare Worker, Care facility employees, Correctional Employees should be tested at some point. You can be the carrier of Covid 19.

Newhall	Manufacturing	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I have serious concerns about the goals of Governor Reynolds, it seems to me that she is only looking out for the economy and not the people of Iowa. From what I have seen none of the CDC guide lines for reopening have been met and yet here we are. The numbers are still rising substantially and Deaths keep happening at an alarming rate for a virus and we are opening back up. It has become apparent that Iowans are not smart enough to self regulate and need firmer guidance than they have been given.
Newhall	retired and on a pension - substitute teacher	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I worry horribly that what we call essential workers are becoming expendable workers. We need health care guarantees for them and paid sick leave. My son in retail has me constantly worried. I truly feel that the dept. of health should say no shirt, no shoes, no mask no service. Face coverings are at times below 20% in a store. Why are we unwilling to protect each other? What has happened to people?
Newton	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not enough testing.
Newton	Retired. Continue to be an advocate for State Representative Wes Breckenridge.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The restrictions should continue and should be tighter. My fear is, the governor is taking them off too soon. People who work with the public should be required to wear a mask and watch their social distancing closer.

Newton	Retired. :)	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Small businesses will close. People will become careless because our leaders are not displaying social distancing and masks. More will become infected. My idea is that Trump should resign. Stupid Moron!
Newton	Printing	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Open up business!!!!
Newton	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Currently I am pregnant and a RN in an ER. My husband is a paramedic as well. We are risking our lives and our child's life to help others. We enjoy our jobs, that's why we continue to fight for the health of others. However, we've seen little to no compensation for this. My concern is for the safety, healthy, and well-being of frontline staff. The pandemic is both mentally and physically exhausting. It's my concern that after this pandemic, we will lose many healthcare workers due to burn out and/or mental and physical exhaustion. We appreciate the support of our community, but at some point this may not be enough to keep us continuing doing what we love. Our community has done a great job at re-opening slowly even though restrictions are starting to lift. I am hoping we recover from pandemic. However, there is added stress for me as I am also trying to protect my unborn child. I hope that the governor considers giving back to frontline workers in some way.

Newton	Graphics	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Too many are not wearing masks! Too many are holding gatherings at their homes. Too many are not social distancing and staying home!
Newton	Manufacturing	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I just feel we should have had a stricter at home policy, or actually activated a shelter in place policy. I feel there are not enough people taking it seriously, too many people rejecting wearing masks, too many people are still out and about when it's non essential. My husband and I are both extremely healthy but unfortunately our 3 month old son is not, he is high risk and due for open heart surgery in June. We have not left the house except to go straight to his medical appts in Iowa city and then straight home. We know we are doing our part for our son, but feel others do not have the means to take it as seriously as they should.
Nora Springs	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	State to hire people to do contact tracking of coved cases. Continue daily testing of people working in confined spaces, such as factories.
Nora Springs	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Unemployed people are bringing home more money right now than the people who are on the front lines working through this pandemic. The people on the front lines get NOTHING. Nothing to show their appreciation, nothing to show they are important, and no extra compensation for risking their loved every day. Bonuses/extra paid time off/and raises are what's needed for front line workers.

Nora Springs	County Government	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I would like to see the county breakdown by age group again on the coronavirus.iowa.gov website. Although I will continue to be cautious it's nice to know which age levels have cases. There are pros and cons to everything and the Governor is not able to please everyone. People need to use common sense and take the initiative to follow the restrictions. I know people have lost jobs and are on unemployment but why do they get the extra \$600 when our frontline workers, who are most at risk, are not receiving anything extra? I don't have answers to these questions but commend anyone in a leadership capacity. This has been a difficult time and they do not have an easy role!
North English	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We are far too concerned with economical growth versus the health of the state. I will continue to stay home not because I fear the virus but I fear those who are not taking it seriously
North Liberty	Education	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
North Liberty	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Last semester of college, and I am short 6 weeks of clinical rotations. Can't write the boards until that is complete, and who knows when that will be.

North Liberty		My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I understand that many people want to open back up because they want to work and need the money. We also lost our jobs. We also need the money, but I am more worried about the virus lingering for months which will actually make it harder for my husband and I to find new jobs, not easier. I do not understand why the more populated parts of Iowa are opening back up when we haven't even peaked yet. It's idiotic and dangerous.
North Liberty	Child care provider	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	What measurements are being used to lift restrictions? Can we handle a surge in cases based on the easing of these restrictions?
North Liberty	Retired	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need universal health care, we need a better safety net for economic , mentally and physically challenged Iowans. We need to rethink our food supply- locally raised and grown. We need a plan for living with COVID 19 which does not leave health care workers without PPE, a plan for tracking those exposed to the virus. We need the federal government to be held accountable. We need to acknowledge that living and making a living are not opposites but a challenge for all of use to address.

North Liberty	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>Mixed feelings about Governor's response. Some things were done ok -- some not --- should have required "essential" businesses to use masks and gloves (at least when encouraged by CDC), and lead by example with this... Not enough transparency to public, either. Attitude toward meatpacking workers unethical --- no unemployment for people trying to protect their lives?? AND by the way, even though economically devastating to not open up meat packers, eating meat is NOT essential...</p> <p>I do have a concern that, as a state worker, I will eventually be furloughed for some amount of time, and it would be great to have the hierarchy above me at least present the possible "what ifs" and "whens" in various scenarios going forward so I can better plan for the future...Large healthcare institutions seemed pretty well prepared, especially when compared to 'the government'.</p>
North Liberty	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned about my daughter who is a paraeducator and has been laid off. She applied for unemployment about 3 1/2 weeks ago and has not received any money and she has a mortgage and bills to pay.
North Liberty		My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My employer was allowed to cut my pay by 20%, and I can't do anything about it. Even though we have not lost any revenue as a result.

North Liberty	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Governor didn't issue stay at home order, poor to no testing available, wasted funds on bad Corona virus testing out of Utah. Is trying to please Trump and Republican funding. Poor handling of packing plants and other plants. General poor leadership from Governor!!
North Liberty	911 and Law Enforcement	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa won't lift restrictions quickly enough	The state government has called 911 dispatchers "essential workers" and "first responders" during this pandemic and we are. Unfortunately our state leaders fail 911 dispatchers and even though they call us these things, they legally treat us as secretaries or admin employees. The state of Iowa has very little respect for 911 dispatchers. They have stripped our rights to bargain our union contracts. 911 dispatchers need to legally be recognized as "First Responders" and not just called that when it is convenient. We might not have direct physical contact with the public but we are the very first line/contact.
North Liberty	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Delicate balance between economy and public health. If we would have stuck to plan of hardcore lockdown for 4-5 weeks and contained virus while building up testing, we would have had shorter duration of impact on economy. Now, we will continue to slow roll the economy and, likely, have fits / spurts of clamping down and opening back up.

North Liberty	Managing online businesses affiliate marketing promotions.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	There should be a middle-ground, common sense option to reopening (and closures) that is not politicized in any way. I worry about business but I also worry about misinformation based on politicized data. I might get laid off. I can't visit my family. I'm tired of take-out food in styrofoam. Mostly I'm just tired.
North Liberty	legal	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I am concerned that people seem to have shifted from a "flatten the curve" mentality, where our goal was to not overwhelm the hospitals, to a "eliminate the virus" mentality and do not want to return to normal until the virus is gone, which I do not believe to be realistic. Staying inside, not interacting with other humans, damaging our economy and immune systems, not building natural herd immunity are all long term issues being caused by this response. Only 10% of the ventilators in Iowa are being used. The hospitals are not overwhelmed. The restrictions need to ease so we can let this run its course quicker. I am also concerned about the new trend of businesses requiring masks to enter their facility. Dr. Fauci went on national news and said they are ineffective.

North Liberty	I'm a school crossing guard employed by the city, so I'm not doing that job, but I'm also a mother of 4, so I'm busier than normal with the kids home all the time, managing online learning for the K, 2nd and 4th grader, zoom music class for the to	My life has been impacted a lot	I have become unemployed	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We're staying home, definitely missing the social aspects of our lives, but feel it's totally worth it. Concerned that people going out in public now with disregard to social distancing, proper mask wearing etc., is just going to make this whole nightmare last longer. I'm worried about the small local business, like our dance studio for instance, who rely on our in person support (recital tickets, summer camps, classes), they've been great to keep us dancing with zoom through this crazy time, they can't support that forever, but also can't go back to business as usual as most are rightfully not comfortable with being together yet. I'm concerned about how unemployment works if I don't continue to apply all summer since I wouldn't have had hours over the summer anyway, but wonder what happens if school doesn't physically resume in the fall, am I allowed to continue to receive unemployment benefits due to Covid19 after the 12 week summer break? Still so many unknowns.
North Liberty	I work for the court system. But, I did lose my part time job on hospitality. I have lost quite a bit of income.	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	There are so many Iowans that are pitching a fit for about having to wear a mask when they shop, or are near others. It's a bit frightening.

North Liberty	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned that when the public thinks this is "over", there will be multiple surges in numbers again as people rush out to try to return to a sense of normalcy. As a public school teacher, I'm also concerned about the school year starting back up "business as usual". However, there is no way that we'd be able to maintain social distances - it's near impossible to keep 24 kids 6 feet from each other in classrooms. I know that school districts are proposing different ways of handling this, but the thought of having to plan ahead for both in-person teaching AND remote teaching at any given moment is a lot to process.
North Liberty	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned that the state is opening too soon and that there are still a large number of people who, for a variety of reasons, do not follow recommendations regarding face masks and social distancing. I'm concerned that vulnerable populations are going to continue to be disproportionately impacted. At the same time, I also have concerns for the economic viability of small non-profits and small businesses whose existence depends on face to face interactions. I feel like so much of the worry and concern that I experience could be minimized if I had confidence in leadership to the right thing.

North Liberty	Retail or grocery	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned about the future of this pandemic and that will only get worse before it gets better... mostly because most people in society don't seem to be taking the use of social distancing and masks seriously. If they can't even do that, it makes one question if they wash their hands, sneeze into their elbows, and that they seem to generally feel "oh well, it won't happen to me." (But they may very well carry it someone unknowingly OR they may in fact, get it). Also, if they can't follow simple rules like that, opening places where they can gather - use public bathrooms in mass together and the like.... seems non-favorable. I would like to make sure we pay attention to what the data is telling us, what health professionals are telling us, and finally, what scientists are telling us - not people who have TOO MUCH to gain and nothing to really lose by opening back up - for having the disease spread etc. I understand the economy needs help, but I human lives should come first.
North Liberty	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
North Liberty	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I think she should be encouraging social distancing. North Liberty	Banking, specifically a Credit Union	My life has been impacted a little	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned that another wave will come soon and be stronger as people feel more comfortable with some restrictions being lifted. I have seen less mask wearing, more groups of people (lots of cars parked on residential streets is a fair indication), and just more people in general when I go out in public for necessities. I personally feel the economy is hurting and I understand having businesses open to an extent, but there are few recommendations to continue wearing masks and how to safely patron businesses. The burden is being placed on businesses with no responsibility being placed on the public to keep their fellow citizen safe if they choose to go out somewhere. It would be very easy for an unmasked patron to infect a business and their patrons if they are asymptomatic but infected. It's very concerning that during this pandemic many do not understand the need or want to protect others and themselves by taking precautions. It's better to be safe than sorry at this time.

North Liberty	Retired	My life has been impacted a lot		My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>Until we have massive statewide testing, tracking and mitigation established we should NOT open the state. MASKS MUST BE MANDATORY EVERYWHERE.</p> <p>I am 72 years old and am considered to be in the vulnerable population. With the state opening up like the governor has decided my risk for catching Covid-19 has increased tremendously since masks are not mandatory and we have essentially no testing capacity. The Test Iowa program clearly has issues that can be deduced from the inability of the state Hygienic Lab to qualify them. I will not sign up with Test Iowa due to the reports of issues with other states with the company involved due to the quality of the test results.</p> <p>The governor's coronavirus.iowa.gov website is not reporting information in a usable form. Last I saw the site does not show the breakout of cases by day by county so that I can see the daily change and see where hot spots are or where deaths happened.</p> <p>Survey needs more questions that relate to vulnerable populations.</p>
North Liberty	Non profit	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>We need more testing, both diagnostic and antibody. And better, more consistent guidance from the State. Helping those who do not have ready access to masks get them. Help our vulnerable populations.</p>

North Liberty	Retired educator	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>We continue to be socially isolated from the community - and understand why this is necessary. We are physically separate from our kids and grandkids, a great hardship, but necessary for everyone's health and safety. We miss our earlier freedoms and mobility but are willing to forego those niceties for the sake of our peers.</p> <p>But the state and the federal government should be doing:</p> <ol style="list-style-type: none"> 1. Testing over 50% of the population to identify and isolate the virus pockets. The current level of testing is inadequate and of poor quality. 2. Aggressively develop a vaccine. The WHO and other countries should be partners, not adversaries in this development. 3. Identify leverage points in the economy to lessen the upcoming recession. If people are unemployed, and if our state and federal infrastructure is deteriorating and antiquated, a sensible option might be a WPA (Depression era work program) style program. <p>Thank you for your work in the Legislature.</p>

North Liberty	Restaurant or hospitality	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Every time I look at the news, it's all about the new number of cases. And it seems to me that the number increases day by day, if that's the case then why reopen the state? If our infection rates are growing then the states reopening could increase the number of cases drastically.
North Liberty	Biotechnology	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Governor Reynolds has been very reckless in her approach. She should have partnered with other states when given the chance and come up with a comprehensive and aggressive strategy. Data doesn't support opening Iowa back up and she has not provided adequate guidance or support for workers force to return to their jobs. The Test Iowa program has been a disaster. Masks should be required everywhere. I have health issues and I'm horrified by how quickly Iowa is opening back up. It's shortsighted and insufficient. State govt should take a greater role in providing safety and support for workers. If businesses much open, safety rules must be required. Also, more support for educators. Improve broadband in rural and poor areas for more access for students. Rent relief for renters.
North Liberty	Law enforcement	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly	the response was too aggressive in some ways and ignored some issues. It should have been different not more or less aggressive. A number of the restrictions served no medical or logical purpose, while some things should have been addressed and were skipped over.

North Liberty	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need more And more accurate testing!!!! It has been a shocking failure on all levels.
North Liberty	Education	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I understand opening up in phases and earlier to those who do not have many cases in their immediate area, but I am concerned by so many not keeping their space or wearing a mask. But what will happen when people go to other areas and how are we supposed to know if we or someone else is a carrier of the virus when we don't have sufficient testing supplies. I know sooner or later we will, but until that time I hope people take this epidemic more seriously. So many lives have been lost and until you know someone who has passed, people who aren't adhering to the suggested limits will not take this seriously. In some ways I'm concerned that I've been quarantined so long, that I'll be more susceptible to catching the virus with my immune system weakening. I do appreciate having a job that I can work from home. I just hope we do not have another wave of this virus in the fall. That would be the worst case scenario. Thank you.
North Liberty	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Transparency around testing hasn't been what I would have liked to see. Also I am concerned about unemployment in Iowa given what the governor has said about not being able to receive benefits if their business opens, but employees feel it isn't safe.

North Liberty	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need more transparency from Governor Reynolds
North Liberty	Telecommunications	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa		I am concerned we make financial decisions from both the state and federal level too quickly. The \$600 per week extra given to people on unemployment is a real problem because they are making more than when they were working. The discussion of \$12-\$15 per hour for frontline workers is a recipe for disaster and setting a precedence for employers to keep this up going forward. I believe the federal government should give more assistance to the states and let them determine the best course for spending and supporting their state. One size does not fit all during this pandemic. Areas that do not have sufficient broadband is a real problem for distance learning and business trying to social distance their employees by letting them work from home. For the most part I think the governor has done an exceptional job managing the state finances and managing the state through this pandemic. Working through the budget as a bi-partisan legislature will be critical for all Iowans.

North Liberty	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Hiding information from the public doesn't make us safer - it puts all of us at greater risk. Additionally, re-opening too soon will put healthcare providers and others at unnecessary risk and cost lives. Governor Reynolds is putting the financial interests of big business ahead of the lives of human beings and doesn't seem to care how many people die as a result of her recklessness.
North Liberty	Restaurant or hospitality	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa		The lack of credible information early on was an issue that affected my decision making as it pertains to my business. The lack of testing available was atrocious. My 15-year-old son was diagnosed with "presumptive positive COVID" but a test could not be received. I have an immune disease and due to a lack of testing to confirm or deny this, I was forced to leave my home and stay in a hotel for 12 days. This was a financial hardship that may have been avoided with access to testing. I have filled out the survey for test Iowa and have been turned down each time.
North Liberty	A registered child development home	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Even after restrictions are lifted, we as a society continue to practice safety measure to protect our most vulnerable. That we learn from this pandemic, by creating policies that prevent our education system from halting. Having a surplus of necessary supplies and equipment, thermometers, cleaning, etc... and most important procedures to, protect our food source and the employees.

North Liberty	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I am most concerned with the talk about having to continue to isolate healthy people and restrict their work. Above all, I am concerned over the talk of a CoVid 19 vaccine being developed that would somehow solve the problem and that such a vaccine may become mandatory for persons to take it. People should have a choice regarding if they want to take any vaccine or not and parents, legal guardians and persons with Power of Attorney for health decisions of a dependent adult should be able to say no to any vaccine available. My son has been damaged by vaccines and has a medical waiver due to the fact that they cause him to have seizures, much of the damage done by the vaccines occurred before we obtained the waiver. There is a lot of research that indicates that vaccines contribute to many health issues and if one reads the drug inserts on the vaccines it lists the complications and side effects that can and do occur with each vaccine. People should have a choice.
North Liberty	Education	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Because the State and country have not taken proper actions we are going to be dealing with this virus for a long time to come.

North Liberty	I'm 82 and retired. Friends and neighbors have been very helpful. However, opening things up too early as the Governor wants really increases the risk for us older folks.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The long term risk to the elderly. And if any potential vaccination will be allocated to those most at risk. Or will it be just left to the random distribution so typical of the Trump era?
North Liberty	The administrative side of Education. I work in the Registrar's office at the University of Iowa.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Unfortunately the pandemic has become another highly politicized topic which makes working together to do what is best more difficult. Both sides need to work to recognize that keeping the public safe and keeping the economy going are equally important.
Northwood	Health care or human services	My life has been impacted somewhat	I am busier than before	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The opening up seems too rapid and seems to contradict what has been seen in other countries. The data is not correct. The 1 in 40 Iowans tested does not account for people who have been tested multiple times. The number is far fewer Iowans if only accounting for unique residents. The fact that we are putting the economy in front of health and welfare is abhorrent and par for the course for this administration.

Ottumwa	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I think the double standards have been the most frustrating. Small business closed (where there was very little foot traffic), but reducing hours in our town's five open stores (therefore, bottlenecking all consumers to a few stores with shorter open business hours). Salons are far more hygienic and less busy than that. No outdoor playgrounds for kids (who are the lowest risk age group)?!?! Let's just get back to normal here! The media and government-induced panic was far worse than any illness. People not able to have a surgery, get dental care, etc is just as dangerous as COVID. And don't get me started on the economy! As a small business owner, I consider myself lucky that our business is going to survive for awhile longer, but I know people who are not that fortunate.

Oxford	Travel	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My mother suffers from COPD, Asthma and Immune Deficiency so we are very aware of her safety and keeping others at bay as best we can. Its difficult because it doesn't seem like the government is being strict enough on the social ban. People are putting others at risk for selfish reasons and do not care whose loved ones they put in danger. It is very upsetting there needs to be better laws put in place during this time to protect those who are vulnerable to this virus.
Oxford	Education	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	
Oxford	Financial Industry	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Govt is offering guidance regarding restrictions on public activity - there will always be unintended consequences. Some good-faith efforts will be taken advantage of and that is where Govt must have good oversight. Going forward, the State of Iowa will have limited resources to access adequate sources of liquidity so State and Local Govt programs will have to be constantly reviewed or even pulled back until our current economic environment is fully understood. Please remember, tax revenue has a direct link to fiscal policy, you must have one to enable the other.
Oxford	Agriculture	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough

Peosta	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The governor is withholding data (deaths and new cases per day by county for example) so it's impossible to make informed decisions. Testing is inadequate and her briefings so excruciatingly frustrating I have given up watching. Worried about the children who are isolated and in neglectful situations without enough to eat, without care and love. Their isolation just goes on longer because the governor botched it so bad. If stay at home had been done right it would be gone by now. I'm also worried about the Marshallese. We need to be closing not opening when our case counts are the highest ever. I know I'm not in your district but my representative isn't acknowledging my concerns as valid. Thanks
Perry	Retail or grocery	My life has been impacted a little	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned that through all of this the state has become more divided because the Governor could not rally the people of Iowa to come together.
Perry	Retail or grocery	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am concerned that the pandemic has made us more divided because the Governor could not rally the people of Iowa.

Prairie City	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Business closures should have been optional. There is no reason why Wal-Mart is safer than a small business that was forced to close. I have appreciated Iowa's more conservative approach compared to other states, and I am glad that things are slowly opening up now. As a Registered Nurse in a LTC facility on the outbreak list, I have been very frustrated and concerned with our staffing shortages. I feel that more should have been done from the beginning to make sure we had adequate staffing and assistance, especially in light of so many hospital and clinic nurses furloughed or working at testing sites. Unfortunately, our corporate management seems unconcerned and unmotivated to assist with our staffing issues and the residents have suffered. We need more staff than normal, with so many residents sick, yet we have less than ever due to staff getting sick, and less agency staff available.

Readlyn	Health care or human services	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	That we won't open up soon enough. As a nurse we've seen respiratory problems unexplained since November. Staff had unexplained respiratory problems, my family etc since then as well. We mostly believe we were dealing with this way back then. I believe the masks etc are ridiculous and serve no point but a security blanket for the uneducated, fearful individuals. Which then cause arguments and physiological issues if not worn between those who believe it's a mute point and those who think they are mandated. We look ridiculous running around with mask and gloves on. Not to mention I see gloves and mask all over in parking lots. Get over the mask. Your greatest risk is in your home with high viral load to over exposure. Not a trip to Walmart and a casual exposure. My kids can't go to the park and play, the park is the best place to be. I just don't get the rationale behind it.
Red Oak	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	How will this affect the next school year?

Riverside	Transportation	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I firmly believe Iowa's Governor is more concerned with \$\$\$\$ than lives of Iowans. We are not expendable. Concerns? Reynolds' poor management of Iowa's response. Twenty six million for an unproven testing system. (Thanks Ashton.) Using 6 districts to track viral spread until she switched to 77 v. 22 counties without justification. Changing the way the IDPH website displays info, making it difficult to compare changes. Assuring the public that the packing plants were safe because their management said they were. AFTER the shutdowns, the plants showed the measures they were taking to protect the employees. Relaxing restrictions before we meet CDC recommendations to do do. We need transparency. We need leaders to model safe practices. Good luck when you return to Des Moines.
Riverside	In home daycare provider	My life has been impacted a little	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Mask wearing in public places should be mandatory. Riverside	I am retired.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa		Not Enough Testing.....Facemasks should be mandatory and be worn correctly...I fear we have not seen the peak..We are getting a false sense of security....I feel it is driven by politics...
Riverside	Your survey doesn't have a category for retired. I can't correct my answer to work load.	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	The collateral damage from shutting down the economy will have long lasting effects. The model is Sweden. They quarantined sick people. They took wise precautions, did not close schools and allowed herd immunity. They did not destroy their economy. There will be an uptick in Covid-19 cases. And then fear will raise its ugly head. The pandemic of fear will set in and then it starts all over again. Life is a risk. My self-governance was taken from me by this Un-Constitutional grab. We are exposed to novel viruses all of the time. We have had a Constitutional government for 232 years and never once has it been shut down for a pandemic. The media is fear mongering 24/7. I am glad that Kim Reynolds is my governor and not a dictator like Evers from Wisconsin, who has a hot line so people can tattletale. Sheriffs are to protect our Constitutional rights. Lift the restrictions on Hydroxychloroquine; that decision should be between the Dr. and the patient, not a bureaucracy. Thank you.
Riverside	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I am afraid this will create an economic nightmare that will take years to recover from if at all.

Robins	Retail or grocery	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>I'm concerned that we will reopen against medical advice as a political stunt, prolonging the economic impact in the long run. I'm concerned that the Test Iowa program isn't accurate & our data is not safe. I'm worried about viability of arts nonprofits, the lack of digital access for kids & adults, and the absence of the social safety net for vulnerable individuals.</p> <p>I'm hopeful that businesses and schools will reimagine services going forward. There are opportunities for growth for sure.</p>
Robins	Home, community volunteer	My life has been impacted somewhat	I've lost some work	My financial situation is better than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	<p>My concern is that we " as a state and nation " have a clearly-defined objective. At first the goal was clear: flatten the curve to keep the healthcare system from being overwhelmed. In Iowa we did that. But now the goal seems less unified and clear. Some have the goal of remaining distant until a vaccine is developed. Others have the goal of returning to "normal". Yet others are now focused on the economy. Or herd immunity. Or testing. What is our overarching goal? (I admit I have not kept up with recent press conferences to hear the tone for myself. Perhaps the goal is being shared but I am missing it. But people are not united toward one common goal.)</p>

Schleswig	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not enough testing and not enough facts given to the public
Scranton	Retail or grocery	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Sergeant Bluff	Retired, but very active!	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Family members are on the front lines in hospitals with too little PPE. Our small-business-owner son has taken a serious hit to his livelihood. I wear a mask whenever I have to go out, but not everyone else does! It's clear that employees at local packing plants have been sacrificed for profit. Our governor is reopening our state while our county has nearly the highest infection rate in the COUNTRY!! Our president and VP have failed us in so many ways, I can't begin to list them all...how can we expect leadership from ppl not even intelligent (or respectful) enough to wear masks? Their utter lack of concern and respect for others was bad enough before the pandemic, but now it's absolutely reprehensible. I hold them responsible for every single angry protestor scene across the nation. This administration has damaged our country in ways no one could have imagined, a few months ago (which is really saying something, given their track record!) - I seriously wonder if we'll ever recover.

Sioux City	Restaurant or hospitality	My life has been impacted a lot	I have become unemployed	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm concerned that we are opening too quickly. The virus is not under control yet and I have a feeling that Reynolds is going to open Woodbury soon. That means my employer will open up more, which is wonderful, but that means my son has to go back to daycare, I have no idea if the other kids there have been isolating like us or if they've been out and about. So then he is possibly exposed. Same goes for me at work. My parents are in their 70's, we can't chance them getting this
Sioux City	Education	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	We still need to see where this all goes. Time will tell if we've opened too aggressively or not. Not sure how we start a school year with social distancing, but I'm also not sure how we don't start school.
Sioux City	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Sioux City	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Well getting people back to work but also thinking about work conditions during these times. I feel they need more rules or guidelines for healthcare workers, nursing with no real doctor's degree and also more educated topic risk management for crisis response. Weigh out all the options. Not always relying on ever-changing guidelines of the CDC because it's not really ethical decisions for employees that are working.
Sioux City	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The federal government is broke and going broke. We cannot keep spending money we don't have. Iowa should be very careful of largess.

Sioux City	I own a sound and lighting production company for concerts and corporate events.	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I can't answer if the government handled it correctly or not. I think Iowa shut down too early, but who knows. When people go back to work and think things are normal, my industry will still be waiting. Zero work until people and companies feel safe in groups. I applied for the state small business relief grant and was denied. I don't understand how zero work opportunities starting March 7 (earlier than most) is not as bad as a brewery or restaurant that can adjust and do take out. \$750,000 in equipment sitting around, 4 employees laid off, plus no way to pay rent or insurance. PPP doesn't make sense for me. It doesn't cover income for myself with my LLC. I think Siouxland District Health failed early on. Offering nothing but doublespeak. Hiding the lack of testing available. The 2 head people seemed clueless for at least a couple weeks.
Sioux City	Hvac	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Long term economic effects
Sioux City	Education	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am not seeing people wearing masks or distancing. There seems to be so little faith in science and Trump muddies all informational attempts. I am very concerned about a second wave...history...and some people who lack compassion and empathy. November matters more than ever before

Solon	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>We need way more testing. We need tracing. We needed to have closed down weeks sooner and must not delay closing down again. WAIT until new cases and deaths are lower before reopening.</p> <p>We need leadership that mandates the use of masks and encourages the public to follow these mandates.</p> <p>The state needs to provide food assistance to all who need it.</p> <p>The federal government needs to stop giving billions of covid dollars to the largest businesses and corporations while falsely promising to give enough money to small businesses and the middle class to allow them to survive. And, they need to actually provide the assistance as promised. To many people have not received their stimulus checks.</p> <p>Mandates need to be the same for the entire state not each county. It's too confusing and too problematic to have different requirements for different counties. Just because one county doesn't have many cases one day does not mean the virus is not</p>
Solon	Financial Services	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>The antibody test should be available to everyone so they know what kind of potential risk they are at returning to work. I fear people are going to be forced back to work and our numbers are going to increase and this last 60 days were for nothing.</p>

Solon	Retired, but manage my mother's affairs and our own, involved with several businesses	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa		The Governor was slow to protect the elderly and won't allow Test Iowa tests for nursing home staff and residents unless they show symptoms or have been knowingly exposed. By the time a nursing home has an outbreak (3 or more cases) and the State rushes in to allow testing, it is too late. The Iowa Dept. of Health did not recommend that nursing home staff wear masks until April 1!!!! The Dept. leads families to think that nursing home staff testing is done, but this "testing" it taking temperatures and a nursing home staff person can have the virus and no temp. and spreading the virus everywhere. I am disappointed that nursing home workers and residents are not automatically getting Test Iowa Tests until 3 patients or staff have it. Families should be notified if there is 1 case. It is May 13, and the IA Dept. of Health website showing the number of cases and where has not been updated since May 6.
Solon	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	
Solon	Retired	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need a stronger public health structure in Iowa. More free clinics, people trained to do contact tracing so they can be called into action in this or subsequent pandemics.

Solon	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My biggest concern is for my clients - victims of domestic violence. They are struggling to receive unemployment and other benefits they need. They have been forced to choose between food and rent. When the moratorium lifts at the end of this month, they will likely be evicted. This will cause a significant increase in homelessness for victims and others that struggle financially. The long term impacts include the incapacity to get a new apartment due to evictions, longterm debt, extra-large deposits. and more. On top of this we know domestic violence increases during times of natural disaster - our crisis line is already seeing this increase and increased shelter requests.

Springville	Education	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am very concerned that the governor's, "Metrics" continue to change, without clear understanding of what each set of metrics entail, nor how/why the metrics are changed to a different set of metrics. She is asked to explain this over and over in her press conferences, and instead, she says every Iowan needs to be responsible. She is also not responding to areas with increasing numbers of positive cases, and again does not answer direct questions about that. Clearly, enough people are choosing not to be responsible (such as the 1st Ave. cruises in Cedar Rapids each weekend), and she doesn't respond to those events. I am also very worried about how/when school will reopen in the Fall, and am also very concerned that persons with prevailing health issues will have to self-identify those issues with employers, and will risk losing unemployment benefits if they refuse to return to work because of those issues, or due to what they perceive as unsafe mitigation procedures at work.

Sumner	Student/ stay at home mom	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The ag culture of Iowa has gotten out of control. On one hand you have the proud heritage farmers, farms that have been in the family for many decades but in the other, no longer can any person start a new farm as it takes hundreds of thousands if not \$1,000,000. Now, during the pandemic we can see in pig and cow farmers that large scale ag is not the best. If the smaller farms had been able to survive we wouldn't have large cow and pig farms worrying about euthanization of surplus stock. Smaller farms can hold on longer, less wasting of product in the long run. If Iowa could put restrictions on large scale ag maybe the pig farmer would have time to spread their manure in a responsible way rather than pollute ground. Somewhere along the way, farmers got greedy. Wouldn't it be more profitable for Iowa to have 100 farmers per county (just an example) rather than 20?
Sumner	Education	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm worried that restrictions are being lifted too soon & people are not taking Covid-19 seriously. I live in Bremer County & worried about all the Tyson employees. I will not be going shopping in malls or eat in restaurants until much later. My work hours have been reduced to 3 days a week at the college I work at & on unemployment.

Swaledale	Farm... prices are down, parts were left in entryway.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Schools should develop online lessons for elementary through high school. Maybe teachers could take videos as they teach to use online if needed in the future. Have procedures in place for meat packing plants to contain possible illness. Why has our country not been able to keep goods on shelves? I have never toured a toilet paper factory but it seems it would be mostly automated as canning tomatoes or soup. I believe in trade but our country doesn't seem to produce much any more and aren't able to be flexible enough to get or have on hand ppe for medical people or food for our people. Lastly, I have notice big oil wasn't really giving anyone a break either...not giving any breaks for the lower income people to even get to a food pantry if needed... many things like Hulu added programs during this pandemic but big oil just wanted more money. Small Farmers costs remain high but their income has gone down.
Swisher	Sales and marketing, rentals, consulting	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	People practicing public health recommendations when restrictions are lifted.

Swisher	Legal/banking	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need more testing and contact tracing before opening up. Masks should be required in indoor public places such as retail stores and salons.
Tiffin	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Concerned about how school districts will handle classes in the fall without putting our kids at risk but also keeping their education at the forefront and keeping in mind the mental stress this isolation puts on teenagers.
Tiffin	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I truly believe this will go on for quite awhile as it has become a political fiasco. Republicans still believe that it is just the flu and PPE is not needed. The rest of us are following CDC advice and staying home, wearing masks and doing all we can to keep everyone safe. Those two differences and two beliefs will keep this virus alive longer than it should be. I've never been huge on political parties when it comes to choosing a candidate for office. I chose "the person". Well, "the person" we have in office as President, is not the person that supports, listens to or respects the American people. His statements and actions are narcissistic and juvenile and frankly speaking, embarrassing. It scares me how his leadership is epic fail in so many aspects, to where I feel we are vulnerable to other countries who are not our allies. When will this all end? We can only hope it ends sooner than later.

Tiffin	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I work in School Nutrition and our school district does not have a large amount of free/reduced qualified students. Therefore, the current regulations state we are not approved to serve student meals past the date of 6/30/2020. We began serving 400 lunch meals, 400 breakfast meals per day to a total of 11 Sites in our school district. Due to logistics of number of employees, refrigeration space and timing, we have had to cap off our meal count to where we are maxed out serving 1000 breakfast meals and 1000 lunch meals every day! That is 10,000 meals per week we are distributing! I am worried about our children after June 30th, what will happen? How will they get the food they need? We need our Legislators to rally for us and get our regulations changed so we may serve meals to children during this crisis.

Tiffin	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I worry that this pandemic will accelerate the pace of partisanship and the desire by some members of society to place profit over people. There are paths ahead where the economy can be helped while also protecting those who are most vulnerable in society. Government is not the only tool in doing so, but it is a powerful force in serving everyone in society, not just the powerful. It should be a force for blunting the power of the wealthy, influential and above all - the selfish. My concern is that our current state government allows the self interest of the few to outweigh the pain of the many. This pandemic is the latest episode in a series with that theme and is a turning point - undecided which way it will go.

Tiffin	Education	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	This pandemic crisis has divided our country as well as our state and our communities. It is divided between those who believe the virus is a serious pandemic and there are those who believe it is just the flu and no precautions or safety measures needed. And the differences are causing extreme tensions between people. Social media is full of arguments, dirty looks and comments are made to people wearing masks. Some are even using the excuse that wearing a mask is harmful to you, even though medical professionals have been wearing them for decades and not died from doing so. Just sad state of affairs right now.

Tipton	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not enough support for the medical personnel. Horrible treatment of essential workers, and low wage earners. Unconscionable that big businesses are getting help, and regular citizens aren't. The perversion of "personal responsibility" into a judgement assessment on who should get help. Failure to plan for this to be a long-term situation.
Tipton	Retired from VA Med Center Iowa City.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	We need to be very careful reopening so we don't make matters worse. I think we are doing well at opening businesses slowly even though it is putting a lot of people in bad situations. Bars should remain closed, that is one place you will NOT get or keep social distancing. I'm tired of being cooped up inside and need a haircut very bad but we need to be responsible in our actions.
Tipton	Nonprofit contract work	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly

Tipton	I clean houses. This gives me money to purchase my medication and groceries. Without that my social security is not enough. I have had to borrow money. Which, at my age, I wonder if I will be able to pay it back....	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I want to enjoy my life. At 78 I don't have many years left but I sure don't want to spend them inside and away from my friends. If they lift the restrictions too soon, the virus will just keep breeding. I feel the Governor should have been stricter and made wearing the mask a priority. As well as, only have 6 people in a group. This should have been done from the beginning across the country. In my opinion, all of this has not been handled right at all. This would not have happened if there would have been a task force in place. Our leadership does not have a clue as to handle a situation as this. The country needs direction and we do not have it. The people that are working hard to find a vaccine need to concentrate on just that. They do not need to receive criticism from the government....
Tipton	Manufacturing	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Testing is the only way to get a handle on Covid-19 in order to mitigate the spread of the virus.
Tipton		My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Schools, businesses and organizations need to make plans to work remotely now because even if we get through this, another pandemic is sure to happen. The legislature needs to make the same provisions.
Tipton	Retired	My life has been impacted somewhat		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not enough is being done to protect the health of the citizens of Iowa.

Tipton	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I think Gov. Reynolds did better than most governors. I understand 2-4 weeks to quarantine to try to make sure our healthcare system wouldn't be overwhelmed, but after that, it should have been opened back up fully. But, for quite a while, this state/country has known a good amount about this virus and who the vulnerable population is. The government could have thrown money as needed to protect them, but let the other 98+% of the population get back to work and life. I'll steal the term "Governors shouldn't be picking economic winners and losers". The small business owners can be trusted to operate safely according to their business footprint, and "one size fits all" isn't/wasn't the correct method. Stop treating me and my fellow citizens like idiots. I will follow laws, but if you want to take away liberties, then you better start passing laws to do it, not "recommendations"!

Urbandale	Retired	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Restrictions ARE being lifted too soon. More needs to be done to minimize the risks to Iowans, which has to include access to frequent and reliable testing. Opening up without sufficient testing, including testing asymptomatic people, and a clear and sustained reduction in illness and deaths is unwise and puts Iowans in danger. My husband, son and I are all in the vulnerable category. My husband and I are busier than before because we are now providing all care and support for our son in an effort to minimize all of our risk. Without access to frequent and reliable testing my adult son with a disability cannot return to his job or have support staff return to assist him with daily tasks and activities. Direct support staff, whether in a facility or in one's home (home and community-based services) must have access to frequent and reliable testing along with sufficient PPE.

Urbandale	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm so worried about going to get groceries and takeout to support my local businesses because so many people refuse to wear masks and respect distancing. I don't want to infect my family or myself, but I want to support my community. I am happy that my church is still doing online services, but I have noticed that area grocery stores have seen a huge uptick in foot traffic and parking lot traffic and am seeing too many people without masks and too close since May 1st.
Urbandale	I have a small floral business & it has come to a complete stop. I have had the business for 38 years. I also worked 2 mornings a week at Kohls in shipping, but that stopped the middle of March. Although I was told today they're opening this coming Monday	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly	I am 71 tomorrow. I hate that I only see 2&5 year old grandchildren via skype or through a front door, BUT there is no way I want to infect myself or God forbid my grandkids, my son & my daughter in law. I'd never forgive myself if that happened. Although I'm a huge shopper, I grocery shop.curb side or have Sam's do senior shopping for me or store do delivery to my home. What the Republicans are doing is HORRIBLE!! They seem to have no regard for people's lives, especially Seniors. Gov. Reynolds needs to be gone & no longer kissing Trump's rear end & still getting direction from Branstad. She's always been his puppet!

Walford	Admin to Financial Advisor	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa		Closing schools and the varied response by school districts for finishing the year has had the most impact on my life and the lives of my friends and family. It doesn't matter if I should/could go to my job, my kids are at home and not in school. My choice was made by the state. There is VERY little discussion about this critical decision. I feel it has had MORE impact than the virus itself. I could have kept going to my office and been almost completely social distanced/isolated but my children need care, supervision and to continue their education somehow. Another 3-4 months without the possibilities of summer classes, camps, limited or no daycare, reduced access to pools, beaches, parks & travel and no clear plan for how school will be handled in the fall is huge problem to be addressed before we can logically talk about returning to jobs and getting our economy back on track.

Walford	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The state of Iowa is not taking the virus seriously. Restaurants, salons, etc. were opened when cases were still exceptionally high, and death tolls rising. While I want to see the economy recovery, the lives of Iowans matter MORE. There was serious lack of compassion and judgement from our governor. She is more interested in impressing our abysmal president than protecting the health and safety of Iowa. Pathetic. I am also highly disappointed in Iowans who rushed to CROWD restaurants and did not take the recommendations seriously. Walmart, Menards... those places were packed. Our state will severely pay for this poor judgement. I am ashamed to live in Iowa.
Walker	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa will lift restrictions too quickly

Washington	Banking	My life has been impacted a lot	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	We can not live in a bubble for the rest of eternity. There will be many more viruses and we can not shut the economy down with each one. Our children must get an education. Kids are missing interaction with other kids. We need to start thinking of mental health. We should have the right to choose to go in public, open or not open a store.
Washington	consulting	My life has been impacted a little	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The election year will be a difficult one.
Washington	Emergency Management	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa		I'm concerned about maintaining balance. PH and many on the far left are very adamant about things opening up too early, and on the far right, the screaming is about the economy and how will we recover. I think, for the most part, they both need to shut up and be willing to listen to each other instead of maintaining the opinion that they are right and the other side doesn't care about anyone. We need balance. We can not maintain life in our own individual bubbles, but we need to be wary and keep our vulnerable populations protected. It's a hard balance to keep, especially when people who are on the same team won't stop fighting amongst themselves. Those of us in the middle (politically and otherwise) are tired of agreeing and disagreeing with both sides simultaneously.

Washington	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Our state should spend the funds on testing every one for the virus and the test for antibodies should be mass distributed to doctors offices, clinics and hospitals as soon as possible for them to test their populations. This will help us to get a good benchmark for our state. We don't know, what we don't know and that is a severe handicap. Every person of all ages needs the antibodies and virus test done before opening the state up, going blindly will cause more deaths of beloved community members. Thank you!
Washington	County office	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	
Washington	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Rather than try reopening too soon, how about ensuring businesses and or unemployment are fulfilled financially as Congress intended to help people stay home.
Washington	Education	My life has been impacted somewhat	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I think that its to soon to open everything back up at once.
Washington	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa won't lift restrictions quickly enough	I'm 62 ,so close to retirement thoughts! First I was Furloughed, then after 6 wks I was told they were re-structuring and my position was eliminated. I had worked at my local hospital 27 years total. Where do I find employment with benefits at my age during this pandemic when everyone is letting staff go! And Cobra will cost over \$750. Per month. I can't do it!

Washington	Education	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My concerns are transparency when it comes to the "data and metrics" being used to re-open the state. There are inconsistencies with how data is being presented and it is very difficult to understand exactly how decisions are being made. Iowa was divided into regions for a moment, but that went away....Iowa's data was being reported by counties, but that went away... It's incredibly difficult and frustrating to trust leadership when we are not being shown exactly how decisions are being made. How do I know if it's truly "safe"? If the number of cases are truly going down?

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
Waterloo	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	This was irresponsible and unforgivable. She has spoken out of both sides of her mouth. Has "œled" us with sarcasm and disgust. I understand Iowa needs to open up but this is too rapid too much freedom too soon. Not enough knowledge, no downward trend, now a "œsister virus" aggressively attacking our children. She is delusional if she thinks Iowans are social distancing OR wearing a mask! She sees what she wants to and says only what fits in her agenda.
Waterloo	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Profits over people and too early re-opening will have negative consequences; lack of transparency with double speak at the podium and switching the web site to hide the significant spread
Waterloo	My husband is a essential worker. John Deere either doesn't have parts or orders. Big lay offs are coming!	My life has been impacted somewhat		My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am disabled, immuno compromised. it's scary to see people who do not wear PPE or practice social distancing!! My anxiety has been horrible!! The State is not doing enough testing! There are many studies that show large percentages of asymptomatic people in the population. So far Governor Reynolds has shown she's in over her head

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
Waterloo	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Our state, Kim Reynolds specifically, is not taking this health crisis seriously. We shouldn't be opening up in any capacity now, it should be the reverse. Black Hawk county case numbers are still increasing. The state should be imposing mask mandates and stay-at-home orders until the data show that our case numbers in Iowa are decreasing. I'm angry with how this situation is being handled, sad for the lives that have already been lost, and worried for how many lives we are yet to lose.
Waterloo	Farm	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	That this response becomes the new normal anytime a new virus shows up putting small businesses and family farms in danger of closing permanently and leading to even greater government intrusion into our lives.
Waterloo	I am retired.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am elderly so afraid to go out in public. I wear a mask but so many do not. And with Blackhawk county such a hotspot this has been very worried.
Waterloo	Finance/insurance	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The virus has not gone away - as people go back out to the community the virus will strike again. 1. What has the governor done to replenish medical supplies (PPE, ventilators, medications). 2. Why is there not a requirement to wear masks/face coverings? 3. There should be an audit done on the testing company. 4. There should be a complete review of the metrics the governor was using in the early stages of the crisis.

Waterloo	Customer Support Representative for Essential National Company.	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>My biggest concern has been the Governor's unwillingness to make her 'recommendations' more than that. Too many people refuse to follow recommendations that keep them and/or others safer (for whatever reason). At least when they violate, law enforcement can enforce and stop the behavior. It risks too many of us unnecessarily. Examples seen from inside my car, outside my home and from my infrequent trips to get food or necessities, are visible examples. A friend is surrounded with homes that are rented out to students who gather regularly by the dozens, partying as if there is no pandemic.</p> <p>As someone who has asthma, is 62 and has cancer, I want to know I can trust our state will require and enforce rules that place the higher premium on life and not on commerce as we try to get more commerce up and running. Balancing commerce with the belief that there is a percentage of death that is acceptable is not okay.</p>
Waterloo	Retired. Fixed income and getting less from Social Security than I put in	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	County health departments should have been prepared to quarantine the infected people and not the entire county.

Waterloo		My life has been impacted somewhat		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I couldn't answer all questions. We are retired.
Waterloo	Education	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I work at UNI and am extremely concerned that the Administration will push for a "normal" return to campus life in the fall to minimize its financial loss. It will want dorms, sororities and fraternities full of students and the Dome filled to capacity for football games for the sake of revenue, disregarding the very real possibility of endangering everyone's health. I would not be surprised if the UNI Administration discourages faculty and staff from wearing face masks and gloves because these PPE will give students the message that being on campus is not safe. A few years ago I was infected with a virus when a student came into my office and sneezed on me. That infection, while serious, would pale in comparison to a COVID-19 infection from a sneeze. Everyone--faculty, staff AND students--should be required to be vaccinated for the COVID-19 virus when a tested, reliable vaccine is approved.

Waterloo	Education	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>I am a 68 year old high risk geezer. I know what to do and do it the best I can and go to businesses that are following safe practices. I am disappointed in federal and state leadership (not you) in how they seem to cover their tracks instead of thinking forward and giving one size fits all solutions. For example, Scheels is open (because they sell guns?). They sell clothing and other gear just like the specialty stores that are closed. Target and Walmart sell essentials but also sell furniture and other things that the smaller stores that are closed sell. If the businesses that are closed can reopen and follow specific safety guidelines they should be allowed to do so and should be monitored and assisted financially to do so.</p> <p>I can't go to the dentist for routine care but can go to a chiropractor who follo basically no COVID protocols (and calls the whole thing a scam). Again, what are the guidelines and who monitors them and provides financial assistance if needed?</p>

Waterloo	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am a nurse in LTC. The outbreaks in nursing home are becoming out of control. I worry for my health, my CNA's health and the health and death of the elderly. I worry that the E.R. will become overwhelmed and the hospitals will be overwhelmed with the sick now that the Governor opened Iowa. We already don't have enough staff. It will only get worse. When I go out to the store, no one is wearing masks. I feel like if the Governor opened Iowa she should make it mandatory that everyone wears a mask to help prevent people from spreading the virus. Tyson should never have been reopened and the employees should get compensation for working in unsatisfactory work conditions. Tyson should be held accountable for putting people at risk and making them sick..they should be fined!! The government should be held accountable for not providing enough PPE to healthcare workers. Iowa should not be open!!

Waterloo		My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I am a disabled person living in my home. I rely on caregivers to provide my daily needs 2-3 times/day. I cannot "self-quarantine". I am on Medicaid and home-based support services. It's hard to keep caregivers due to low Medicaid wages. But now it is even harder. They either must stay home with their families, or they get sick. (They are not getting tested because they do not meet the current symptom list at TestIowa.com, but are still asked to quarantine 14 days, meaning I would not have care at least that long.) They also leave because they are being recruited by staffing agencies to work in long-term care facilities at higher wages than Medicaid allows. The governor says we must take care of our most vulnerable Iowans in facilities, but never says anything about the thousands of us that live in our homes. We seem to have been forgotten! Neither us, nor our caregivers, are getting the care, wages, or respect that we deserve. Nor, are we getting the PPE and testing that we need.

Waterloo	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I've been VERY disappointed in our governor's handling of the State's response to the coronavirus. I have felt like she has prioritized the economic concerns of the wealthy over the health and well-being of the poor and less empowered. The testing (which is a key component of a safe return to some normalcy of activity) has been handled terribly...unavailable, unreliable and messy! We have been told there are tests for everyone, but the reality is they are inaccessible. Opening up the State while case numbers rise is crazy. I fear a resurgence that will leave many more sick, afraid and and possibly dead, as well as potentially lead to a worse economic outcome.

Waukee	Insurance	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	As a pregnant woman, I am extremely fearful of contracting Covid-19. The looser restrictions are, and the earlier they are lifted, practically guarantees increased spread among our population, lengthening the impact of this virus. I will be self quarantining until case numbers in Iowa, and particularly Polk and Dallas Counties, drop significantly. I worry that if restrictions are lifted too soon (as I feel they are), we will be seeing a worse outbreak in the fall. I urge our government leaders to take firm action to ensure the safety of our most vulnerable populations. The benefits the economy might see are not worth the deaths of fellow Iowans. People before profit!
Waukee	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Poor communication
Waukee	Sales	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My concern is that we open the state to soon and then we have to shut everything back down as the spike happens. Also we worry that a lot of people are not taking the social distancing seriously either because they don't understand the information or because the information we receive from the Governor is confusing.
Waukee	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We should have a phased a approach to reopening and some counties should remain closed ! This open up everything attitude is irresponsible dangerous! We need to be in this together and the Governor is sending the wrong message!

Waverly	Cosmetologist	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa		That families fostering or kinships are not concerns are not being considered because DHS is trained only to put parental rights first. This will lead to a decrease in homes for children most vulnerable. The virus does not care if you are caring for children. Foster families are being asked to do more than ever. Abuse on children should be a concern for the abuser, but unfortunately it isn't. Child abuse is not a public crime. We ask children to forgive their abusers and push for reunification at all cost. Now more than ever, not only children, but their placements are depending on the DHS to protect, advise, comfort, guide and support them. It might be time to make parents accountable for the well being of their children. We can't ask foster homes to completely expose their families to the virus, if we are not making sure bio families are doing their part. These are unprecedented times. Children should be placed in safe, stable and permanent homes because this is their right!

Wellman	Utilities-lp gas	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I don't think the governor is being transparent, and that the testing results are not accurate. Am very concerned about the ongoing spread of the virus. I do not believe that there will be an effective vaccine - there has never been an effective vaccine for any other coronavirus. Also very concerned about the economic impact. If more people took this seriously I would be more comfortable with the phased opening up of businesses. If the government would be more honest and science based, I feel more people would be on the same page - meaning less vitriol and craziness out of the White House.

West Branch	Retail or grocery	My life has been impacted a lot	I am busier than before	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	I think it's ridiculous so many are making way more on unemployment than they made at their job. I think there should have been a different way for calculating so they only make up to regular wages. What's the extra wages for essential earners? Most of us don't even make the \$15 per hour that was given on top of the figured unemployment rate. What's our extra wages for being exposed everyday? I see something is possibly in the works for healthcare workers but what about other essential workers? A lot of nurses and other healthcare workers are laid off or reduced hours and not even dealing with the covid admits but they'll still get the extra stimulus planned just for health workers? Doesn't seem fair to the rest of us that are in retail not knowing what we're coming in contact with and busier than ever.
West Branch	Nonprofit agriculture (Zach, you really should list ag)	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	As the leader of a nonprofit that has lost revenue due to lack of events, I worry about us getting lost in the shuffle (it took a lot of lobbying to get nonprofits included with small business in the last bill) and never being able to reach and increase supporters like we used to.

West Branch	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We should be looking at helping small businesses survive this pandemic through local grants and shop local promotions. EMS really needs assistance during this time to aid with sustainability. It appears that even though call volume is down, the number of patients that are critical have jumped up. Also, EMS agencies have been struggling with low revenue for such a long time, the now increase in demand and preparedness is forcing agencies to either sacrifice safety or to spend on equipment that was not budgeted. Either way, this is a large strain. We need sustainable EMS agencies.
West Branch	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	What will this do to the future of education in Iowa? How do we catch kids up without overwhelming out already shorthanded schools. Teachers are underpaid, undervalued, and truth be told put in no win situations daily as it is.. How can our older loved ones stay safe until a vaccine is found? My husband works in a prison where there is absolutely no support. Currently he is forced to work overtime 3 days a week and they do not honor family. Once I go back to work he is not ALLOWED to pull his weight with the kids bc his job says we need to have a plan. Which means I HAVE to do it all. I can't just send my kids anywhere in the middle of a pandemic. Not to mention, they have him working with covid patients with absolutely NO medical background and VERY limited resources.

West Branch	Retired- funds have been reduced considerably.	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Governor Reynolds seems more interested in political damage control than in safeguarding the health and safety of Iowans. She has released progressively less information about COVID-19 testing, deaths, and cases. Do we all need to become amateur immunologists? Why does she ignore the suggestions of UIHC experts in her statements? Why is she making less info available? Why do we not know how many deaths have occurred in each county- why is this a secret? What metrics and data is she actually using, and why will she not disclose that important information? What is more important- supporting Republican talking points based on minimal or deceptive info, or the health and safety of Iowans? Her actions speak more clearly than her words. Irresponsible.
West Branch	IT	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly

West Branch	Automotive Technician				More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>There are multiple failures on every level of government. Lack of testing, IA should've been on an actual lockdown, regardless if we were doing essentially the same thing. I work in a shop that is closest to the V.A. Hospital & UIHC. I work on cars for workers of both hospitals, & people who have been coming in haven't been taking serious measures in masks & gloves. I was laid off for 3 weeks. I'm going through about 100 pairs of gloves a week. "Lockdown" is a powerful phrase that could've made an impact that would've probably made more ppl be conscious about protecting themselves & others. The pandemic has exposed all the problems of our healthcare system & how we operate economically, & who gets priority. Look at Bernie's campaign & what he's been saying & fighting for, forever, we'd be in a much better position to deal w/ this. Medicare-for-all, living wage, stop offshoring MFG jobs, PTO, hazard pay, etc. Trillions for Big Corps. & crumbs for some of us in 1x payment of \$1200.</p>

West Des Moines	Financial	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Testing should be available to everyone at any time of the day, every single day, if they want it, until a vaccine is available. Mass testing will be the only way to reduce deaths. The government needs to listen to the scientists, not the president, on how to move forward.
West Des Moines	Real estate	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
West Des Moines	SAHM (and Rph), spouse is a trial lawyer, working from home.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We will never confidently get back to anything resembling normalcy until we have significant testing and contact tracing. Our governor doesn't seem to have even the most basic understanding of public health. She was chosen because she is a follower, we need a leader. Never in my most cynical thoughts of early February, did I think that our public health response to this crisis would be so poor. Poor governance is expensive...in terms of loss of life, suffering, trauma of caring for Covid patients, the cost of haphazardly sort-of-shutting down our economy, the squandering of the weeks of isolation that should have been used to assemble a public health response to manage the pandemic. Our kids will lose at least another semester of school. So much pain and suffering could have been prevented if we had a leader who was not afraid of making tough decisions.

West Des Moines	Real Estate	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	<p>Since day ONE literally, the outbreak was an issue in senior care facilities, where we already knew from several areas prior to us showing that this is where it was hitting hardest. WHY on earth wouldn't 100% complete dedication be put into these places to ensure they didn't die in the manner they did! Yes, they were the first to be on lockdown but with the numerous staff members who were still completely free-range, bringing it in at alarming rates, there was still not enough done. You can't just leave it up to the individual companies to do what is responsible. Look at all the infractions most of these places incur in general without a pandemic taking place. My God what kind of degree do you have to have to realize you have to put solid procedures in place and ENFORCE IT. Military was utilized in many other ways, why couldn't they have helped more with the care facilities.</p> <p>Testing is a big fat joke!! Running out of characters...To Be Continued.....</p>

West Des Moines	Real Estate	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Continued from lack of adequate characters on previous survey.... The testing has been a BIG fat joke! From the beginning, the president and our governor told us we would have enough tests that anyone could get tested. For the love...if this is furthest from the truth. And if we have so many beds available, why are people still being turned away who show OBVIOUS symptoms of COVID and have respiratory issues. Treating early on could literally be the difference in someone's life or DEATH. Day by day we listen to the same song and dance. "We are continuing to monitor and review data..." the only thing that's being monitored about it is watching it go up and up and should be up drastically more than it is but of course with the testing being so restricted and CONTROLLED, so are the stats. I know any decisions about this can't be easy, but it is easy to see that there have been and continue to be very poor ones. Still way more to say but out of room yet again....
West Des Moines	Retired	My life has been impacted somewhat		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	too many spikes ahead ..more deaths
West Des Moines	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Perhaps politicians should just implement guidelines made by infectious disease specialists. Governor Reynolds seems to have re-election as her number one concern during this pandemic.

West Des Moines	Construction	There's been no impact on my life	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	If you don't want to go out after 2 months then stay home but let's get opened up again..
West Des Moines	Retired	My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I believe as our case numbers and deaths continue to rise we are getting less information from our governor. The numbers by county are no longer on the website. Iowa seems to be on the national news every night due to our rising numbers and yet the governor is opening even more counties this Friday. Even Mayor of Des Moines is frustrated because he can't get case numbers, etc for Des Moines area only. And I have heard from more than 1 Iowa senior who sincerely feels Governor Reynolds really doesn't seem concerned because it's just old people dying. The other REALLY BIG CONCERN of many people is the rise of grocery store items. The farmers are losing money, so who is reaping the monetary rewards from Grocery Store rising prices? Doesn't take a rocket scientist to figure out it's HyVee and Fareway corporate that are getting away with this highway, price gouging robbery. Why doesn't Fed buy the grain from those farmers and GIVE it to farmers so they can feed not kill livestock?

West Des Moines	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Concerns about being a small business owner who did not receive any assistance. We were able to remain open but the public is less inclined to go out. The amount of gear and anxiety by the public is too high to offset reopening. All that to say, Gov Reynolds is doing a great job with all that is happening across the country.
West Des Moines	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Stay in until a vaccine is found.
West Des Moines	Health care or human services	My life has been impacted a lot	I have become unemployed	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
West Des Moines	Financial services	My life has been impacted a lot	My workload has remained about the same	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	More testing should be done, more financial support for front line workers and non-essential workers and businesses that were laid off or closed.
West Des Moines	Health care or human services	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The Governor started out okay but faltered when she began to feel business pressure to reopen. She has moved too fast and has not been open enough about the data she keeps saying she is using.
West Des Moines	Retail or grocery	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Not enough was done early on - there should've been a state lockdown earlier rather than tiptoeing around the need. Then on the other side of the coin lifting restrictions too soon. As usual with politicians no common sense.

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
West Des Moines		My life has been impacted somewhat	My workload has remained about the same	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
West Des Moines		My life has been impacted a lot		My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm retired, so the impact on my finances has been in my investments. I am extremely disappointed in how the governor has handled the pandemic - not being candid with the truth, and opening up way too quickly.
West Des Moines	Health care or human services	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I would like to see antibody testing for all. This will really help people feel comfortable going in public again, and would encourage workers to use the proper level of protection with their customers. (ie: Someone without antibodies will be more inclined to wear a face mask, etc) Direct Support Professionals should be compensated more for their work or we won't have a workforce to care for Iowans with disabilities.
West Des Moines	Business to business with education agencies.	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Opening up too soon will cause a backlash this Fall. We can absorb this Spring's hit, but another would be devastating.
West Des Moines	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly

West Des Moines	Caregiver	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My biggest concern right now is that the Governor has lifted the restrictions much too soon. I think that a "Stay in Place" order at the beginning of this pandemic would have made all the difference in the world for Iowa. It would not have prevented people from getting infected or dying, but it would have decreased the numbers we have now significantly. If the number of people getting infected and those who are dying as a result keeps climbing daily, I fear that we are headed for another round of this virus soon. The next time it arrives at our doorstep, it will be so much worse than it is now.
West Des Moines	Retail or grocery	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Small businesses need additional grant money. We were forced to close and the grant we applied for was for loss incurred prior to 3/31/2020. At that point we had no idea we would be closed until mid May! Uggggg.... I'm forever grateful for the unemployment being opened up for small business owners however that does nothing for our actual business that is still paying all of our fixed expenses with no revenue coming in.
West Des Moines	Retired	My life has been impacted a lot		My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
West Des Moines	Banking	My life has been impacted a little	I am busier than before	My financial situation is better than before	The response has been too aggressive in Iowa		Open America back up

West Des Moines	Agriculture	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
West Des Moines		My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
West Liberty	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	I am concerned about the pandemic exploding in numbers after opening the state. I am also concerned about the economy and people being able to work and keep their jobs. Not everyone is as fortunate as I am, and I'm not sure how long my job can continue with state appropriations possibly being cut to the UI (where I work). I am also concerned about people who don't feel the need to wear masks to protect others. I'm not sure the pandemic is seen as the threat that it truly is.
West Liberty	Nonprofit	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	The Governor acted too slowly and now even though all numbers are up, we are reopening the state. Essentially meaning WHEN you get sick with this we have hospital beds and ventilators now for you so let's reopen, but the Remdesivir is limited so you probably won't get it. But, oh yeah, mainly older people are dying so let's open the state. Some businesses want to reopen regardless, but workers I know don't feel safe going back!! What can you do??

City	Your job	Impact on life	Impact on workload	Impact on finances	State's response	Concern about restrictions	Comments
West Liberty		My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Definitely that businesses are being allowed to open too fast just that the governor feels she is doing exactly what Trump wants. My biggest concern is that the GOP is not taking Dr Fauci seriously and will fire him and leave nobody that knows science in the admin.
West Liberty	Market research	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It's obvious that many people do not have the capacity to feel empathy for people unlike them.
West Liberty	Education	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	My biggest current concerns are a) an increase in COVID-19 cases due to people going back to "normal" and b) less access to mental healthcare for those affected before/during the pandemic.
West Point		My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I should note I am retired.
West Point	P&C Insurance	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Wild broad spending by our politicians. Money just thrown out there whether someone truly needs it or not and little to no oversight. Also am concerned about politicians taking advantage of situations like this to push their pet programs, much as Nancy Pelosi did and is doing.
West Point	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	State employees who are core staff or not working from should be compensated. I mean people on unemployment get \$600 a week to not work. If not money, extra paid time off or shortened work week because it is stressful!

West Point	Retail or grocery	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Westfield	Clean houses part time.	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	We should have never shut down businesses or quarantined healthy people. Yes, be smart, wash hands, cough inside your shirt or elbow, lock down nursing homes, give good information to elderly and immune compromised. What has been done is a travesty, based off faulty models or Chinese information. Now many governors are power hungry and we will all see lasting effects to all the bad decisions made. Cure was worse than disease.
Westfield	Manufacturing	My life has been impacted somewhat	I am busier than before	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	Legislators, Governor, and supposed medical experts have hurt us with confusion, too many rules, and shutting healthy people up at home and businesses down. This has been unconstitutional....
Westfield	Education	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	It has become apparent that affordable WiFi is a necessity. Especially poor and rural areas.
Williamsburg	Convenience store with take out food.	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	mostly that people are not social distancing as they should. Also, no education as to properly wear/change gloves as to not cause cross contamination.
Williamsburg	Education	My life has been impacted a lot	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Testing for everyone and what the results mean

Williamsburg	County support staff	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	States need to listen to and adhere to science and medicine - not the President who only has his reelection at heart.
Williamsburg	Ministry	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Lifting restrictions doesn't mean that the virus is under control. It means that there is now a hospital bed available for you. Opening schools too soon won't just be impacting the children and their health, but everyone who works for the school and everyone who lives with them as well. Lives are on the line.
Williamsburg	Construction	My life has been impacted somewhat	I've lost some work	My financial situation is worse than before	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	
Williamsburg	Agriculture	My life has been impacted a little	I am busier than before	My financial situation is about the same	The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	
Wilton	Stay at home mom. Even though that doesn't make me technically EMPLOYED, my "job" has changed drastically.	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	I'm super mixed on everything that's been/being done. The biggest affect on me is that my son's surgery scenario is different. I now have to go alone instead of with my husband. Do I understand why? Yes. Am I still upset about it? Also yes. My baby is only one, and going through this alone is terrifying.
Wilton	Transportation	My life has been impacted somewhat	I've lost some work	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	No transparency on the metrics: it would be better if we ALL knew what was being measured.

Wilton	Transportation	My life has been impacted a little	I've lost some work	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	
Wilton	Personal services/household cleaning	My life has been impacted a lot	I have become unemployed	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Should have imposed restrictions sooner, mask wearing, etc sooner.
Wilton	Retired	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	Intense focus on the coronavirus ignores comorbidity. Accordingly, the lethality is badly distorted. As a result unnecessary fear is generated. Thank you for asking.
Wilton	Retired	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	We need test & contact trace. Our small Wilton community had it in the steel mill, phone co., Egg Hatchery and little or no testing done so it hit our nursing home and assisted living so hard. Recently at Casey's. So tired of the secrecy at local, county and state level. Iowa City labs should have been brought in immediately not "know nothing Utah". Worry whether our Musc. jail housing inmates from other counties is staying on top of this.
Winfield	Health care or human services	My life has been impacted a lot	I am busier than before	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Winterset	Coach at daycares	My life has been impacted somewhat	I have become unemployed	My financial situation is better than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	
Winterset	Health care or human services	My life has been impacted a lot	I've lost some work	My financial situation is worse than before	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Inability for our healthcare system to handle ongoing cases and second spike- especially in rural areas that were already medically underserved

Winterset	Health care or human services	My life has been impacted somewhat	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa will lift restrictions too quickly	Concerned about the huge financial impact this has had on the agency I work for due to Day Habilitation be shut down causing loss in revenue but expenses have sky rocketed with over time and cost to provide supplies to staff and person served.
Winterset					The response has been too aggressive in Iowa	That Iowa won't lift restrictions quickly enough	We need to open up as quickly as possible. This was an over-reaction. Iowa probably had no choice politically however I am happy that the governor did what she could to resist the severe lockdowns that other states experienced. I am concerned about the lack of access to health care which has resulted. I am concerned that families cannot feed their families when they WANT to work but cannot. This reaction was fear-based because inaccurate information and we have not adjusted our response enough based on the new data.
Winterset	Construction	My life has been impacted a little	My workload has remained about the same	My financial situation is about the same	The pandemic has been handled well in Iowa	That Iowa won't lift restrictions quickly enough	
Winterset	Construction	My life has been impacted a lot	My workload has remained about the same	My financial situation is about the same	More should have been done in Iowa	That Iowa will lift restrictions too quickly	Very concerned about Governor's lack of response to LTC, packing plants & being reactive, rather than proactive which will cause more illness & deaths will ultimately make our economic recovery slower. We need better access to accurate testing, especially in LTC as well as contact tracing.
